THE DAILY BEE.

Friday Morning, June 20.

LOCAL BREVITIES.

-The bicyclist left yesterday on his wa to Constantinople, Turkey. He was passed over the bridge by Mr. George Dickinson. -At Creighton College the annual examinations are in progress. The commencement exercises will occur next Wedesday evening.

-D. W. Saxe has a minature belt railroad in his store window, upon which a little engine and cars are run. It attracted a large growd last night.

-General Gibbon, U. S. A. and a party friends left yesterday for Dubuque to atthe encampment of militis at that place. They occupied the directors car of the Chicago

Milwaukee & St. Paul company.

-Wednesday the shafting in the Northwestern electric company's plant pave way and it was impossible for that company to furnish light. The Sperry company was without accident and furnished light as usual.

-There is a complaint that the post in the center of the large gate at Hansom Park, and to which the gates are fastened, is so high that carriages with low axels catch upon it and are marred thereby. It should be remedied.

-The workmen have begun to lay the base for the asphalt paving on Dodge street. The paving on Twelfth street was finished yesterday. This finishes the paving of all the cross streets except Eleventh street which will be finished this week.

-The jury in the case of Bertelson vs. the Danish Pioneer, for libel to calling him an ex-Mermon preacher: returned a verdict of five cents in favor of the plaintiff. Mr. Bertelson is the janitor of the South Omaha school. What he will do with that five cents is a financial problem which is keeping him awake at pichts

-It was reported yesterday that a prostitute on Ninth street had poisoned herself Wednesday night and died. Upon investigation it was found that she was dead, but it was dead drunk. She undertook to drink a glass of whisky 'or every glass of beer which her fellow drank, and failed to come to time after the ninth glass.

-Contractor Coats, who is about completing the Donglas county court house, will leave in a day or two for Texas to bid upon the new capitol of the Lone Star state. The structure is to cost \$5,000,000. The plans have been drawn by Mr. E. E. Myers, the architect who designed our new court house. Mr. Coots feels quite confident of securing the contract.

-The case of John J. Schneider, whose suf erings in the city jail was mentioned in THE BEE, was made the basis of unnecessary and uncalled for sneers at the management of St. Joseph's hospital in Sweezy's handbill. In order to give vent to its spite against everything Catholic, falsehood was substituted for truth and well-known facts purposely distortted. The handbill stated that the hospital was only opened to the rich and sneeringly referred to Schneider who was refused admittance because he was poor. The facts are that Schneider was admitted to the hospital May 1 and discharged May 5. He was again admitted May 25 and discharged June 2. His disease resembling asthma or short breath. That he was not discharged on account of his poverty is sufficiently proven by the fact that there are at present 23 non-paying patients in the hospital out of a total of 48.

so frightfully beaten by a couple of ruffians Tuesday evening, was resting well yesterday at last accounts, and the prospects now are that he will be around in a few days, with no serious results from the assault. Dr. Stone, who is attending him, says that while the scalp wounds are severe and numerous, luckily no abrasion of the scull was made. Mr. O'Regan is of opinion that the attack was undoubtedly the result of his stand taken relative to the recent strike on THE BEE. In fact he has been forewarned that something of the kind would be attempted. He feels certain that one of his assailants at least was hired to do the dirty work, and that possibly neither of them was a printer. They were both stout, healthy fellows, and either could doubtle have pummeled him without, coward like resorting to the use of the iron bar with which they did the slugging.

Skin Cancer.

Mr. W. H. Gilbert, of Albany, Ga., under date of May 8, 1884, says: Mr. Brooks near here has an eating cancer on his face which had nearly killed him—every one thought he would be dead in a short time as nothing would be dead in a short time as nothing seemed to stop the ravages of the cancer. He commenced taking Switt's Specific two months ago, and it has had a wenderful effect on him. He was yesteriay so far recovered as to be out at his work, and seems in a fair way to get entirely well, Treatise on blood and skin diseases mailed

Mistaken in the Marshal,

William B. Tullar, the efficient city marshal of St. Joe, has been in Omaha for several days past. He wears his official uniform on the streets, and upon his vest he has pinned a costly gold badge given him by the members of his force a short time ago. His size and rotund form compares favorably with that of Omaha's new marshal. He has been accosted upon the streets several times by strangers who desire to congratulate him upon his good luck and wish him success supposing him to be the new city marshal. They are most unwilling to believe him, but finally succumb when he shows his

papers.
Mr. Tullar has innocently led many pe ple to believe that the new marshal did not tell the truth when he said he knew nothing of his appointment until a few minutes before it had taken place.

The High School,

The movements of the Omaha high school are watched with great interest by the citizens of this city and the state at large. It may be a matter of gratification to the patrons and friends of the school to know that nine pupils graduate from the Cmaha High school this year.

The commencement exercises will be held at Boyd's opera house on Wednesday evening next, June 25th. The foling programme has been prepared for

that occasion:

"The Indebtedness of Modern Civilization

The Closing Exercises of St. Bar nabas School for the Year Past.

Interesting Programme Presented by the Children.

THE CITY SCHOOLS.

Mr. James' Views Upon Various **Echool Questions of Impor**tance to Omaha,

Owing to the fact that Creighton colege holds its commencement on Wednesday evening next, Superintendent James, acting under the advice of Mr. Lewls, of the high school, and Mr. Connoyer, secretary of the board of education thought it best to change the time for holding that of the central school to Thursday evening next. It was learned from Mr. Boyd that the opera house could be secured for that evening, and the high school commencement will now take place upon Thursday evening instead of W. T. McAdam, U. S. A.; J. R. Bryan and

Wednesday, as first agreed upon.

Active preparations are now being made for this annual event. The work of examination in the High school was begun Wednesday and will probably be River, W. T., after a weeks sojourn at the finished by Tuesday. The examination Paxton. They express thomselves much in the other schools will begin on Monday pleased with the growth of Omaha and their morning and it is intended to complete visit to old friends ished Friday.

Superintendent James seems to feel

and the corps of teachers has been im

roved. The increase in attendance the last year has not been as great in per cent as that of the year just previous. The average daily attendance for the year end ing June of 1883 was 26 per cent higher than that of 1882. The increase for 1884 over 1883 is 10 per cent only. The dif-ference cannot be exactly accounted for by Mr. James, who thinks it may arrive from several different causes.

The seating capacity of the schools is now almost entirely taken up, and Mr. James thinks some difficultles may arise if no school houses are built this summer shildren and parents, yesterday afternoon, but if the school board could soon obtain ateu. He thinks, however, that the site adorned or decorated in the least, evi-dently intending to show to visitors the as the school will be out too far to serve the purpose intended.

STATE FIREMEN.

The Arrangements Completed for the Tournament in July.

Wednesday evening the fireman held a neeting in the police court room and completed arrangements for the state tournament to be held in this city July 22d, 23d, 24th and 25th. The musical Union rchestra and band have both been enaged for the entire week and will furish some excellent music, as the manager, Mr. Julius Meyer, is making extra reparations for the event.

An offer of \$1,000 for the booth priviledges upon the ground was received and ccepted.

It was decided to charge all wagons and carriages carrying passengers to the grounds the sum of one dollar per day admission. This is the rule adopted at the Iowa state tournament at Des Moines last week and it worked very satisfacorily. The admission fee for spectators has been placed at twenty-five cents, The subscription committee reported that

The indictment continues that Abram Bernstein to give him one hundred dollars and a carpet valued at twenty-five dollars, he agreed to introduce and vote for a resolution directing the city marshal to immediately remove all honses of prostitution from the south of Dodge and the north side of Douglas street, between Tenth and Twelfth streets.
