

THE DAILY BEE. COUNCIL BLUFFS.

Saturday Morning, June 28.

SUBSCRIPTION RATES. By Carrier - 20 cents per week. By Mail - \$10.00 per year.

OFFICE: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See J. Reiter's spring goods. The track yesterday was in fine condition. Main street was being cleaned yesterday.

See Brackett, 224 and 226 Broadway, for fire works. Did you go the races? Will be the question asked to-day.

Work on the over-flow sewer on North Main street, progresses smoothly. Walnut is considering the advisability of being connected with the hell(ophone).

The streets yesterday afternoon up to six o'clock were more quiet than on a Sunday.

The N. W. and Q. roads are the only roads out of the city for the east this evening.

Ike Smith, of Omaha, had a spill at the driving park, a wheel of his buggy being taken off in a collision.

It is reported that the gang in No. 4's house has not sounded in a week. How would No. 4 be notified of a fire?

Yesterday was a great day in the history of this city, not a national holiday or Sunday either--Pat Lacy's place was closed.

Some sneak thief has entered the room of W. Hunt, over McAdams' saloon, and got away with a suit of clothes and a watch.

A meeting of the Alumni Association of the high school, is called for this evening in the Bloomer school building. A full attendance is desired.

At the driving park yesterday Mr. Bell, of Denver, sold "Bad Doble" at auction. Mr. Holly, of Denver, being the purchaser, the price being \$850.

The sad news reached here yesterday from Iowa City of the death there of the mother of Mrs. Schoentgen, Mrs. Alice Platner and Mr. Jo Kentz and Will Kentz.

Yesterday--Gent from Missouri Valley: "What will your saloon men do after the Fourth?" This man says: "What's yours?" G. F. M. V., "We only have two, and they'll close."

The Bee always did "size up" the Globe as being several days behind time, but yesterday the supposition proved true, when the local column of the Globe showed by its heading to be "Monday News."

At a meeting of the temperance people at the Y. M. C. A. rooms, the only business transacted was the appointment of a committee to report a constitution and bye-laws to the next meeting, which will be held at the same place Monday evening, at 8 p. m.

There will be a meeting of the Lincoln Post G. A. R. this evening, to complete arrangements for going to Glenwood on the Fourth. Special railway rates of one fare for the round trip have been secured, and it is desired to learn how many is going. The veterans, their wives, families and friends are invited to participate.

Mattie Harle, the promising little pacing mare of Col. Dally's, proves not to have been injured by the storm through which she passed at the driving park. She received only a few scratches, and the report that she was seriously injured proves to be without any foundation in fact.

A bible study for young men will be held in the rooms of the Y. M. C. A. this evening at 8 o'clock. All young men are invited. They will find this the most profitable place to spend an hour of social study. The gospel services will be held on Sunday afternoon at 4 o'clock. Both ladies and gentlemen are most cordially invited to be present.

In the parlors of the Kiel hotel at noon yesterday, Mr. Johansen H. Rhode, a prosperous young farmer of Mills county living near Mineola, was united in marriage to Miss Augusta Grath, of the same place. The nuptial knot was neatly and expeditiously tied by Mayor Vaughan in his usual eloquent style. A number of invited guests witnessed the ceremony.

Prof. J. J. Slattery yesterday started for St. Louis, where he will spend a portion of his vacation. Under his charge St. Joseph's academy has progressed finely during the past four years, and during the past term there has been 100 scholars in daily attendance. He has been engaged for another year, as has also his assistant Miss Maggie Coyne. Much of the success of the institution is due to Prof. Slattery and his assistant.

Yesterday morning, after arranging his toilet, Dr. W. H. Parsons, of Glenwood, who is stopping at Bechtel's, started for the dining room to breakfast. After reading the morning Bee the doctor concluded to take a look at his watch and to his surprise learned it was not in his pocket. After a short deliberation he remembered that he had left it in his room and proceeded there but could find no trace of the missing watch and chain. Dr. Parsons places considerable value on the lost articles and he is of the opinion that some one entered the room shortly after he left, quietly taking out with them the missing articles.

ALDERMANIC ANTICS. The Doings of the City Council Yesterday.

Points About Paving.

A meeting of the council was held yesterday morning, at which the Mayor and Alderman Geise, Keating, James, Mynter and Siedentopf were present.

The city attorney reported in favor of the city engineer's report in regard to the estimates of paving Main street between Fifth avenue and Tenth avenue.

The city attorney concurred in the engineer's opinion that the paving at Main and Pearl streets was the same as intersection and must be paid for by the city in accordance with the estimate made.

The city attorney reported that J. A. Churchill's property at the juncture of Main and Pearl streets was liable for the paving done about it, but the proportion must be adjusted by the city.

These reports were concurred in and the clerk instructed to notify Mr. Churchill or his agent.

The estimates were then approved. The amount due Regan Bros. for paving intersections up to date was \$13,920, and a warrant was ordered drawn for that amount.

There is expected to be cash in the intersection fund very soon. If it was there now it would save the city five per cent of the amount, quite a snug little sum, the contract providing a discount of five per cent. for cash.

Alderman Siedentopf made a kick about the delay in getting out the bonds, as it was time they were in the market.

Alderman Siedentopf and Alderman James were instructed to prepare at once a circular setting forth the nature of the bonds.

Bids were then opened for the relaying of the sidewalk on Lower Broadway, between Seventh and Eighth streets. Referred to the committee on streets and alleys.

A. L. Clough was given the contract for laying a six foot sidewalk on Fourth avenue between Eighth and Ninth streets at sixty-five cents.

Alderman Siedentopf brought up the matter of a fountain at the corner of Broadway and First avenue. In behalf of citizens he requested that as good a fountain be put in there as at the corner of Bryant and Broadway, as it was a prominent place, and the first ward had been snubbed all the way around.

The committee on streets and alleys, with Alderman Siedentopf added, were empowered to act in the matter as seemed best.

Alderman Mynter said that there was a demand for a better fountain at the intersection of Main and Pearl streets, and a little park made there.

The question of the removal of the scales at the intersection of Main and Pearl streets was brought up. At a previous meeting the petition of citizens asking for the removal was granted, but no order issued.

Ald. Siedentopf moved that the city marshal notify the owners to remove the scales within five days. The motion was carried. Ald. Geise and Ald. Mynter voted "no." Then Ald. James changed his vote to "no." Then all flopped about and voted "aye," and it was declared unanimously carried.

Mayor Vaughan called attention to the license licensing all sorts of snap-games on the streets. He had stopped such games, and had been told that he had done wrong about it. He wanted the council to give his opinion.

Alderman James brought up what he deemed was the most important matter to be considered at this time, the opening of the creek so as to give some show for the \$40,000 sewerage that was being done.

The sewerage committee and city engineer were instructed to proceed with securing a right of way for the creek, and report at the council at an early date as possible.

Inquiry was made by Alderman Siedentopf, as to the survey of the creek lately made by Mr. J. H. Armstrong. The city engineer reported that the work although done by Mr. Armstrong was done under his direction, and that he had the report in his office. He had delayed the presenting of the report until he could hear from Engineer Williams, of Chicago.

The clerk had taken in \$350 for such licenses on circus day, but the fellows had taken in three times that amount from the citizens. Ald. James said he never had been robbed in that way. Ald. Siedentopf thought that if men were fools they ought to pay for it. The matter was then dropped.

The mayor also called attention to the dangerous condition of the streets in the Fourth ward, and the liability of law suits and damages.

On motion it was decided that Alderman James, Keating and McMahon examine all streets south of Fifth avenue and west of Main street, and Alderman Siedentopf, Geise and Mynter examine the other streets, and report at the next meeting.

Adjournment was taken until next Monday evening.

CAPTURE OF A CROOK.

Beewick Has a Lively Chase After Him First.

Sheriff P. W. Chantland, of Fort Dodge, was here the other day hunting for a man named Herbert Crandall, who was passing under the name of Lan Morgan. The fellow was wanted for breaking jail, where he was being held on a charge of burglary to await trial.

While here the sheriff got O. E. Beewick the ex-police officer to help him hunt the fellow. It was learned that Crandall was at work for a farmer near Oakland, and when Beewick reached the farm the fellow sprung onto a mule and away he went, Beewick after him. He finally got off the mule and took to the fields and brush. After a four mile chase the fellow, hot and thirsty, stopped at a spring and so filled up with water that he could not run fast enough to get away and was captured. The sheriff started back with his prisoner from here yesterday morning.

Republican Congressional Convention.

The republicans of the ninth congressional district will meet in delegate convention at 11 o'clock a. m., August 13, 1884, at Atlantic, Ia., for the purpose of placing in nomination a candidate for congress for said district.

The basis of representation will be one delegate from each county, and one dele-

gate for every two hundred votes, or fraction thereof, exceeding one hundred votes cast for Duren R. Sherman for governor at the election in 1883.

On this basis the counties will be entitled to the following number of delegates, to-wit:

- Audubon county..... 11
Cass county..... 11
Crawford county..... 11
Franklin county..... 11
Harrison county..... 11
Longworth county..... 11
Mills county..... 11
Pottawattamie county..... 11
Shelby county..... 11

By order of the committee, A. D. KING, Chairman, MERO. WEBSTER, Secretary.

WRECKED WALLS.

Broadway Methodist Church Walls Pronounced Unsafe.

No More Meetings to be Held There.

Other Orders of the Board of Health.

The aldermen met at as a board of health yesterday.

Mr. Mynter called attention to the unsafe condition of Broadway Methodist church, which had been injured by the storm. Mr. Maxon, the architect had examined the building, and found that the rear end was crooked from top to bottom, and out of plumb.

The bearings of the floor were so settled that the floor was liable to give away. In fact the building was so racked that while he did not deem it liable to tumble down at once, yet it was not safe, especially for a large audience, and heavy thunder, or one of the storms might cause the wall to fall.

Alderman Siedentopf moved that the church be declared unsafe, and that the trustees be notified to place it in a safe condition within fifteen days. Carried.

The trustees were also ordered to hold no further meetings in the church until it was declared safe.

N. M. Pusoy was notified to fill the alley in the rear of his residence, also the rest of the alley was declared a nuisance, and ordered cleaned up.

The board then adjourned until Monday night.

There were many citizens who took a look at the church yesterday, and there seemed to be but one opinion in regard to it, and that was that it looked shaky indeed.

The society has been planning for sometime to build a new church and it is probable that the present condition of the old structure will cause the new enterprise to be pushed now to a speedy completion.
