JUDGE ADVOCATE GENERAL SWAIN, rather than stand a court martial trial, will probably resign, but it is not very likely that his resignation will be accepted.

MINISTER LOWELL, the cable informs us, has so far recovered from the gout that he can walk up and down stairs.

The house of representatives adjourned without the drunken frolic, which usually disgraces the last night of a session.

Over 10,000 bills and resolutions introduced during the last session of congress only 170 became laws.

The controversy aroused by Herbert Spencer's recent article on "Religious Retrospect and Prospect" is to receive an important addition in a rejoinder from Mr. Spencer.

That Dodge City Spanish bull fight having proved such a brilliant and exciting success, the next thing that we shall hear of will be a cow-boy bull-fighting combination.

A report has started that Governor Sherman, of Iowa, stands ready to call out the militia to close the saloons in Dubuque, if the demand is made by the sheriff or mayor.

The cholera has jumped from France to Germany, it having made its appearance at Constance, in the duchy of Baden.

One guess at the first ballot in the Chicago democratic convention is as follows: Cleveland, 434; Thurman, 138; Bayard, 90; McDonald, 60; Butler, 34; Carlisle, 20; Waller, 14; scattering 11.

Tickets were hawked about at \$12 for the day or \$25 for the convention, while thousands of indignant democrats stood out in the streets as mad as hatters over their failure to get in.

It is a cold day when the party of economy and reform does not turn an honest penny.

Now Councilmen Furry and Kaufman have incurred the displeasure of the Herald because they insist that the actual circulation of the official city paper shall be known.

THE INTELLIGENT CONTRABAND who was expected to arrive in Chicago during the national democratic convention has not yet put in an appearance.

THE regular British troops of to-day are evidently not composed of the stuff that soldiers are generally supposed to be made of.

It now transpires that congress after all failed to pass a sufficient appropriation to pay for the substitutes for letter carriers during the vacation of two weeks granted them.

THE zeal of John B. Furry for giving printing contracts to the highest bidder was almost equal to what it used to be when he was in the mail service.

Well, if everybody does read the Herald, the editor should not feel indignant upon being asked to tell under oath just how many people subscribe for the Herald in the city of Omaha.

THE BEE, as usual, leads its contemporaries in publishing the news. It published the fullest associated press report, together with special, of the national republican convention, and it is now doing the same thing in regard to the democratic convention.

AFTER several weeks of litigation it is announced that the secured creditors of Grant & Ward will realize from the assets about one cent on the dollar.

LELAND STANFORD, C. P. Huntington, Charles Crocker, Timothy Hopkins, and W. V. Huntington have been re-elected directors of the Central Pacific railroad.

TALMAGE says: "Shall we have the Tombs for a man who steals an overcoat and all Canada for a man to range in if he robs the people of three millions?"

Now Councilmen Furry and Kaufman have incurred the displeasure of the Herald because they insist that the actual circulation of the official city paper shall be known.

MARSHAL CUMMINGS, of Omaha, has served notice upon the gamblers to take their usual vacation. Those who are not wanted to testify in the Chase case will probably go to Spirit Lake or Lake Minnetonka for a month or two.

THE republican committee of the third congressional district has called the convention for the 20th of this month to nominate a successor to Valentine, and it will be music in the third district from now on.

THE intelligent contraband who was expected to arrive in Chicago during the national democratic convention has not yet put in an appearance.

of Nebraska, the Thurman enthusiasts in the national democratic convention drapery their hats in red bandana handkerchiefs.

EVERY time you ask for a sworn statement of the circulation of the Omaha Herald the editor feels insulted.

GENERAL HAZEN will sail for Europe on August 1st. What will the weather do without "Old Probabilities"?

Old Mother Hubbard was the temporary chairman of the democratic convention.

QUESTIONS for President Adams. Chicago Tribune. In these days of betrayal of trusts, of rings, of abuse of franchises, of speculation and peculating managers, it is a matter of no little moment to public interests at large as well as to the private interests most especially concerned in Union Pacific to have a man of the high character, ability and practical experience in railroad work.

THE road has gone into the hands of a reformer, who is by birth, education, and preference a man who loves the right and the right dars pursue, the public will look with a new hope for the exhibition on a grand scale of private virtues in public affairs.

ONE of the first things that people will want to know of Mr. Adams will be whether under his management the Union Pacific will continue its anti-social course of refusing to pay taxes on its lands it holds in a grant from the United States, in the states. They have avoided doing so hitherto by the miserable subterfuge of not paying the costs of the land surveys and claiming that as the paper evidence of title was in consequence thereof withheld they were not the owners of the land.

THE double characters draw salaries from the railroad and from the common councils, the boards of education, the counties, the state itself, and are also on the pay-roll of the corporation. There is, we are told, a political club which spends most of its time traveling over the state singing at political meetings which is supported entirely out of the treasury of the railroad.

THE civil service of the state of Nebraska is filled with the agents and emissaries of the Union Pacific railroad. The double characters draw salaries from the railroad and from the common councils, the boards of education, the counties, the state itself, and are also on the pay-roll of the corporation.
