Sterling Bills—Quiet; 4 82½; demand, 4 85½.

Governments—Firm.

Stocks, while strong in tone during the early part of the day with moderate advance in the quotations in the entire list, presented no specially new features, except that such slight reactions as occurred invariably brought in buying orders which promptly restored quotations. During the afternoon, however, this quiet gave place to an active and buoyant market. The bears became alarmed and made efforts to cover, but were afforded little opportunity as prices advanced rapidly. St. Paul and Missouri Pacific were features throughout, both stocks being favorably affected by reports of increased earnings, and as interest in them is especially large, they were uppermost in the advance. In the case of the Missouri Pacific, the fact that a large amount of sellers op ions were about maturing, stimulated the rise in stock which is scarce. Union Pacific, N. W., W. U., N. P., Pacific Mail and Vanderbilts all attracted attention, and advanced sharply. Improvement ranged from ½ to 3¾ per cent. In the final sales reaction was ½ to ½ per cent from highest point.
