THE DAILY BEE.

Thursdasy Morning, July 24

LOCAL BREVITIES.

—Yesterday afternoon four yoong menwere arested by the polise for being suspicious persons.

Dodge. It brought everything up standing but nothing was broken and the truck was soon under way again.

—The B. & M. band from Plattsmouth serenaded the B. & M. headquarters in this city this afternoon, and played several fine selections.

—The sun of yesterday brought the juice out of the firemen and many of them wished they could stand in the shade and see the procession pass instead of furnishing fun for the million.

—While going to the fire last night, Jim O'Brien, driver of the hook and ladder truck, made a mis-play and ran into the open car tracks on Thirteenth street at the intersection

—Yesterday evening the visiting firemen had an opportunity of seeing how the Omaha fire department go to a fire. Some of their eyes stuck out in great shape as the hose carts flew down Douglas street like a shot from a gun.

—Drexel & Maul yesterday received a telegram announcing the death of Washington Humphrey's, well known in this city, in St. Louis, and also saying that the remains would arrive in this city for interment this afternoon.

—In police court yesterday morning two disturbers of the peace were fined $5 each and costs. One man charged with vagrancy pleaded not guilty and his case was continued. Two small boys, arrested for vagrancy, were released and told to sin no more.

—Until August 1st we will offer a large lot of FURNITURE at greatly reduced prices to close out patterns. Will include in this sale many desirable goods in every department of our business. 50 styles chamber sets, 25 styles of parlor sets. A large number of easy chairs, patent rockers, odd pieces, &c., &c. CHARLES SHIVERICK, 1206, 1208 & 1210, Farnam st.

—Yesterday eyening an alarm of fire was turned in from box 54, corner of Eleventh and Capital avenues. The department responded promptly and soon extinguished the flames which were in a little one-story frame building owned by Rich Kimball. The fire was caused by a gasoline stove and the building was damaged to the extent of $50.

—Several of the business men of the city have suggested that the stores be closed this afternoon for a three-fold reason. On account of the firemen's tournament, the circus and the base-ball. This would give the employes of the stores an opportunity to visit whichever place they desired. The scheme proposed is to close at 1 o'clock in the afternoon and not open until to-morrow morning.

—The management of the U. P. ball club have posted a notice in one portion of the grand stand stating that the section indicated is reserved exclusively for ladies with and without escorts. No attention is paid to this and all classes of men are allowed to crowd into that section, and there they sit, chew tobacco and squirt the juice upon the floor for ladies dresses to mop up, smoke vile cigars and cigarettes, and puff the smoke in the ladies faces. This is not all. Yesterday afternoon half drunken men occupied seats in the section and jabbered away, to the disgust of all. One of the management of the club was spoken to but made no effort to abate the nuisance. Now if the section is not reserved for ladies it would be well to take down the sign.

The Omaha Cricket and Athletic Club.

A meeting was held at the Millard Hotel Tuedayevening for the purpose of electing a president and officers for the Omaha Cricket and Athletic association, and other matters. Mr. Meldrum in the chair.

It was proposed by Mr. Tobin that Councilman Ed Leeder be elected president. Carried.

Captain Treloar proposed that Mr. Bergesch be elected vice president. Carried.

It was proposed by Mr. Treitarhke that Captain Treloar be elected secretary and manager. Carried.

It was proposed by CaptainTreloar that Mr. Trietschke be elected treasurer. Carried.

Mr. Tobin proposed that the following members be appointed a committee to take the general management of the association: Messrs. S. A. Woods, William Bracey, Wm. Martinovitch, I. Thompson and J. G. Hitchcock. Carried.

Dr. Lanyon proposed that the above association be formed into a joint stock company and that the committee draw up the regulations respecting said company. Carried.

BOARD OF EDUCATION.

At Midnight Session of that Body Last Night.

The Board After Hearing a Report of a Special Committee Refuses to Accept the Long and Leavenworth School Buildings.

A special meeting of the board of education was held last evening. Members present, Points, Conoyer, Gibbon, Specht, Livesey and Copeland. Mr. Long came in later.

In the absence of the president, Vice-President Points called the meeting to order. The first business was in regard to the acceptance of the new school buildings.

Mr. Gibbon, chairman of the committee appointed to examine the new buildings, reported that in some things the contracts had not been complied with.

THE REPORT.

Omaha, July 23, 1884.

Mr. President.—Your special building committee, to whom was referred the matter of investigating the conditions of the new buildings, before their final acceptance by the board of education, employed Mr. J. Douglas, an expert and builder, whose report is attached hereto.

After a careful examination of the said expert's report, your committee came to the conclusion that it will be for the best interests of the board that the buildings be not not accepted until the work is done according to plans and specifications, and as agreed to by a written contract, signed by F. S. Potvin and the president of the board. Annexed hereto you will also find a report signed by J. G. Salisbury, who was requested by Mr. Potvin to investigate the conditions of the buildings at the same time Mr. Douglas made the investigation in behalf of the special building committee. You will find that Mr. Salisbury, in his report, corroborates nearly every item mentioned as defective in Mr. Douglass' report.

W. A. L. GIBBON,
HENRY LIVSEY,
CHARLES CONOYER.

MR. DOUGLAS' REPORT.

Board of Education—Gentlemen: Having examined both school buildings built duridg the summer of 1883, from plans and specifications made by Messrs. Dufrene & Mendelshonn, architects, I submit the folllowing report that they do not comply with the said plans and specifications.

The plans call for pressed brick chimneys, and at the least calculation they are about 12,000 brick, making allowance for the block brick, the difference would for both buildings be $108.

The plans call for three laps of slating while it shows but two laps, making a shortage of thirty-one laps all round, or nearly one-seventh of the whole amount.

In the north and south buildings the deck joists are not of the required strength. The rafters should be 2x8, whereupon they are but 2x6. Rafters which should have been 2x10, some of them are 2x8 and the difference in lumber would be about $10 for both schools. Under the present condition it is liable to fall in the event of a heavy snow. The roofs leak in both buildings and will require flashing to keep out snow in the front gable at sides. Difference to stairway in south building, $15.

The difference in the glass called for in the plans and specifications and that put in is $7.80 less than it should be.

Difference in second coat in janttor's room in both schools is $22.

Difference in putting in joists in floors in basement halls as per specifications in both schools, $160.

The plastering on the cellar ceilings is no good. It has been frozen and is damaged in north school, $30.

My view of the outside brick work is to let it go.

In 45 of the cellar windows there has been no rollers put in as plans and specifications call for, and single glass at $1.50 each, allowed for bolts and locks as put in by contrators the damage would be $50.

The front door-jambs in both school buildings are poor jobs. In regard to the size of the chimneys, would refer it to the board. J. DOUGLASS.

Mr. Salisbury, Mr. Potvin's foreman, made a statement that he had looked over the buildings and found that the King & Deleware school building is $139 50 short of what the plans and specifications call for and the Leavenworth school building is short $68 50.

Mr. Potvin was present and offered to give a bond of $10,000 to insure the roof. The board could not see that a bond of $10,000 would atone for the loss of life in case the roof should fall.

In regard to the chimneys Mr. Gibbon stated that last winter the gentleman who put in the heating apparatus called upon him and stated that Mr. Dufrene had had solicited him to accept the chimneys, but that he would not accept them, and if the board did not have the chimneys properly built that his company would certainly withdraw their bond. Mr. Gibbon favored having the chimneys properly built if the board had to stand the expenses.

Mr. Dufrene arose and stated that he had not solicited anybody to accept the chimneys as it was nothing to him as it had been taken out of his hands.

It was moved thatt he report be adopted. Question called for the members voting aye and nay. Gibbon, Conoyer and Long voted aye and Points, Copeland, Spreht and Livesey voted nay. Motion lost.

Moved by Copeland, that the secretary and president be authorized to draw a warrant for $2 (00 in favor of Mr. Potvin, leaving $1,(00 still due him. Specht seconded the motion. Question called for. Specht and Copeland voted aye, and Points, Long, Gibbon, Livesey and Connoyer voted nay. Motion lost.

Mr. Gibbon moved that Mr. Potvin be formerly informed of the action of the board this evening, and as soon as he has completed the work according to the plans and specifications, report to the board and receive his money. Conoyer seconded the motion. Question called for. Three voted in the affirmative and three in the negative, and the chair declared the motion lost.

Mr. Copeland offered the following resolution, seconded by Specht:

Resolved, That the building committee employ a competent expert to determine what is needed to make the Long and Leavenworth building safe and that when Mr. Potvin carries out the recommendations of the expert a final statement be made.

Mr. Long moved to ammend the motion and substitute "our architects" in the place of the "expert." Amendment accepted and seconded.

Another amendment was made to substitute the word complete instead of the word safe.

Mr. Long moved that the order of Mr. H. P. Lehman be aacepted and the president and secretary draw Mr. Lehmann an order for $402.60, to be charged to Mr. Potvin's account. Motion lost.

Moved and seconded that the plans for the Hartman school be accepted. Carried.

Moved that the secretary be authorized to advertise in the daily paper for proposals to build the Hartman school building according to plans and specifications. Carried.

Board adjourned.

IRISH-AMERICAN.

Another Blaine and Logan Club Formed in This City Last Evening by Enthusiastic Irish-Americans.

Yesterday evening a number of Irish-Americans assembled in the board of trade rooms for the purpose of forming an Irish-American Blaine and Logan club. The meeting was called to order by R. O'S. Burk, after which John Grooves was elected chairman, and Gen. George M. O'Brien, secretary.

The chairman stated that the meeting was called for the purpose of organizing an Irish-American Blaine and Logan club in Douglas county; that, at a previous meeting of Irish-American citizens, a committee of nine was appointed who were instructed to interview their countrymen with a view to the organization of such a club and if in their judgment it seemed advisable to so organize, to call a meeting for that purpose.

In pursuance of such instructions the committee called this meeting, and the chairman was expected to make a report on the situation.

Col. R. O'S. Burk, chairman of the committee, stated that he was instructed by the committee to report that a great number of the Irish-American citizens of Omaha, without regard to previous party politics, urged that an Irish-American Blaine and Logan club be organized without delay, and that, in view of such wish, the committee recommended that this meeting proceed to organize such a club, and to the end that a speedy organization be effected they respectfully submit a preamble and constitution for the consideration of the meeting. The report of the committee was adopted and committee discharged.

The constitution adopted is withheld till another issue. The following officers were elected:

President, Col. Richard O'S. Burke: vice-president, First district, Charles Hanley; Second district, Gen. G. M. O'Brien; Third district, William H. Mulshay; Fourth district; P.F. Murphy; Fifth district, William White; Sixth district, John Groves; Seventh district, John O'Keeffe; Eighth district, Pat McCardle; Ninth district, Michael Cody; secretary, John Quinn; treasurer, John B. Furay.

On motion the meeting adjourned to meet at the call of the president.

THE HOOSIERS DOWNED.

The Union Pacifics do up the Evansvilles by a Score of 6 to 5.

A crowd of about 800 people gathered at the base ball park yesterday afternoon to witness the second game of ball between the Evansville club and the Union Pacifics. It was an exciting game and considerable money changed hands on the result.

The Union Pacifics presented Rockwell and Bandle for their battery and the Evansvilles had Crowel in the box with Decker behind the bat.

In the first four innings neither clubs made a score. In the last half of the fifth, Walsh, of the home team, crossed the home plate amid tremendous cheering. In the sixth inning the Evansvilles piled up five scores, which was all they made during the game. The game remained this way until the eighth inning, when the Union Pacifics made three runs, leaving the game five to four, in favor of the Evansvilles.

When the Union Pacifics went to bat in the last inning the excitement was intense. By a field throw from first base two men crossed home, beating the visiting club by a score of 6 to 5. As the boys made their last run the crowd rose in their seats and yelled with all their might.

It was a hotly contested game at every point and was won on a bad error.

Following is the score:

UNION PACIFICS.

Players	R	BH	PO	A	E
McKelvy, 2d b	0	1	4	1	0

BEST BAKING POWDER.

INTERESTING TESTS MADE BY THE COVERNMENT CHEMIST.

Dr. Edward G. Love, the present Analytical Chemist for the Government has recently made some interesting experiments as to the comparative value of baking powders. Dr. Love's tests were made to determine what brands are the most economical to use, and as their capacity lies in their leavening powder, tests were directed solely to ascertain the available gas of each powder. Do. Love's report gives the following:

Name of the Baking Powders:	Strength: Cubic Inches Gas per each ounce of Powder.
"Royal" (absolutely pure)	127.4
"Patapsco" (alum powder)	125.2*
"Rumford's" (phosphate) fresh	122.5*
"Rumford's (phosphate) old	32.7*
"Hanford's None Such," fresh	121.6
"Hanford's None Such," old	84 35
"Redhead's"	117.0
"Charm" (alum powder)	116.9*
"Amazon" (alum powder)	111.9*
"Cleveland's (short weight ¾ oz.)	110.8
"Sea Foam"	107.9
"Czar"	106 8
"Dr. Price's"	102.6
"Snow Flake" (Groff's, St. Paul)	101.88
"Lewis's" Condensed	98.2
"Congress" yeast	97.5
"Pearl"	93:2
"C. E. Andrews & Co s" (contains alum)	78.17*
"Hecker's"	92.5
"Gillet's"	84.2
"Bulk"	80.5

*In his report, the Government Chemist says:

"I regard all alum powders as very unwholesome. Phosphate and Tartaric Acid powders liberate their gas too freely in process of baking, or under varying climatic changes suffer deterioration."

Dr. H. A. Mott, the former Government Chemist, after a careful and elaborate examination of the various Baking Powders of commerce, reported to the Government in favor of the Royal brand.

Guilty of Manslaughter.

The jury in the case of Edmund Henry, charged with murder in the first degree, for the killing of Piggott at the stock-yards last May, were out about half an hour, when they brought in a verdict of manslaughter. Henry listened to the verdict nervously, while a smile, child-like and bland, broke over the face of his counsel, Mr. N. J. Burnham. Mr. Burnham expressed himself as very well satisfied with the verdict and will make no effort for a new trial.

ROYAL

BAKING POWDER
Absolutely Pure.
This powder never varies. A marvel of purenes, trength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO.

Ladies should reflect before using any preparation that is applied to so delicate surface as the skin. *Any* cosmetic will at first impart a beautifying effect and not apparently injure the skin, but in a very short time little blotches and discolorations appear on the face which conclusively show the poisonous drugs in that composition. It can be safely said the more than *two thirds* of the face powder contain these injurious ingredients. Pozzoni's medicated complexion power is not only absolutely free from all deleterious matter, but its *principal* ingredient is an active curative for all diseases of the skin. It has stood the test of years. Sold by all druggists. me-eody1
