THE DAILY BEE.

Saturday Morning. July 26

LOCAL BREVITIES.

-The council adjourned last evening with out doing any business, as no quorum was

-In police court yesterday therewere five disturbers of the peace, four of them were The Thurstons Barred from the Con fined \$5 each and sent up. The fifth was discharged, being sick.

-There will be a regular meeting of Ruth Rebekah Degree, Lodge No. 1, in Odd Fellow's hall, at 8 p. m., Saturday evening, July 26th, 1884. A full attendance is requested.

-Married, at Niagara, Ontario, July 23d by the venerable Archdeacon McMurray Alfredo Montmorency, of Omaha, Neb., to Matilda, eldest daughter of the Rev. A. N

-Judge McCulloch has issued marriag icenses to the following parties: Mr. Grant Brown and Miss C. M. Herrick, Mr. A. M. Peterson and Miss E. M. Syerson, Mr. P. A Soxman and Miss Elizabeth Beckman.

-Thursday the man running the "mir maid" swindle slugged the driver of the Bos ton Laundry wagon. The driver was going to have him arrested but finally concluded to take \$5 in payment for the grief he had undergone.

-A double wedding took place at Judge McCulloch's court yesterday morning, the happy couples being Mr. Lee Baily, of Omaha, and Miss Lula Harris, of Luncoln, and Mr. W. H. Gibson and Miss Mattie Moines and Bruegger of Chicago. The Long, both of Omaha.

-At the corner of Sixteenth and Izard streets is a pool of stagment water which is covered with a coating of green slime and sends forth a sickening smell. Near the oil mill is a similar pond. These things should be attended to at once ere they breed disease and death in that locality.

-Rev. B. Mitchell, was telegraphed for from Nebraska City, to attend the funeral of Mrs, Lucy Price, one of the first colored settlers of that city, and the first person that joined the A. M. E. church in that place. The church was organized in her house. The elder will return to-day.

-On Thursday evening a gentleman, ac companied by his wife and child, drove into a had hole on Twenty-third street between Douglas and Farham streets. All were severely shaken up and the little child suffered the fracture of an arm. No signal of danger was up and it is fortunate that the party escaped more serious injury.

Thursday night when the wagons were being hauled from the show grounds to the depot. after the show, one of the largest and heaviest ones got into a hole at the corner of Fifteenth and Farnam steets, and then stuck. To add to the trouble the wagon was broken and it was over an hour before it could be moved, During that time the atmosphere in that immediate vicinity turned quite blue.

-THE BER office was the recipient last evening of a pleasing and euphonious serenade and from the Seward cornet band. Under the leadership of J. C. Thomas, this organization has approached a high state of proficiency, and with the handsome and majestic drum major, Sam Marshall, twirling his baton at their head in parade, they are perfectly invincible "when dot band begins to blay."

-On the green car line on Eighteenth street, between Paul and Sherman streets, is a big ladder championship race. In this conhole, caused by the recent heavy rains. No tost the Dierks made the first run coverintern or signal of any kind tells to the driver or pedestrian that the pitfall exists, Thursday foot ladder which was mounted by one evening a gentleman drove his horse and buggy into the hole while trying to escape a mudhole on the opposite side of the street. His buggy was badly wrecked, and his horse lamed, but the driver escaped without injury.

-A man living out beyond the barracks drove a glandered horse into this city He was arrested by Captain O'Donohoe and taken to police court. Judge Bene ke gave him orders to unhitch the horse from. the wagon, immediately take him from the city and then come back for his wagon. The fellow said he was a poor man and had just bought the horse and had not yet got him paid for. He insisted that a veterinary surgeon told him that the horse had the distemper and not the glanders. Admitting that this is the case, it is certainly very risky business to drive a norse suffering with distemper through streets filled with valuable animals.

Death of Mrs Maria Shears.

Last week Samuel Shears, of the Millard, and his wife started on a visit through the east and expected to spend some time with Mr. Shears' mother at Rochester, N. Y. When nearing his journey's end he received a telegram an- accordingly be done today. nouncing her death, the particulars of which are told in the following clipping from the Rochester Union:

last evening at her residence, 5 King street, sged 91 years and 3 months. This lady was born in Sheffield, Mass., where she married Henry Shears in 1810. In 1818 they came to Genesee county and settled in the town of Mendon, where they resided until 1831 when they went to Chili. In 1836 they removed to this city. Henry Shears was for a number of fered to make his entry and was told by years proprietor of the National Hotel in this city. Previous to 1846 he removed to Watertown, Wis., where he died in control, and that his team could not 1846. Deceased resided with her daughter, Mrs. John T. Lacy, and has been very feeble for a number of years. Her daughter, Mrs Sarah Shears, died in October last. Mrs. Lacy has been very ill for the past few weeks from paralysis. One son, George P. Shears, resides in Pepin, Wis., and another son, Samuel Shears, is proprietor of the Millard House, in Omaha, Neb. John Lacy, of the Western Union Telegraph office, is a great-grandson of deceased

Sarpy County Fair.

Mr. Wm. Sanders, secretary of the Sarpy County Agricultural society was in the city yesterday talking up the next meeting of the society, which occurs and that he had no reason to change his October 1st, 21, 3d, and 4th. The mind. The board unanimously voted to society is in a very flourishing condition and the prospects for a big time at the next meeting are very bright. The society has just purchased ten acres of Fitzgerald took their position at the furadditional land which will be added to the already commodious grounds of the

THE FOES OF FIRE.

Yesterday's Tournament Successful in Every Particular.

The Races All Disposed of but the Free-for-All to be Run To-Day.

, test for the State Championship but Run Nevertheless.

In point of fair weather, yesterday was all that could be desired for the tournament. The sun shone brightly all day, and before noon the track which had been harrowed was in excellent condition for racing. That part of Thursday's programme which had not been carried out on that day was taken up yesterday forenoon and completed.

THE FORENOON BACES. At the time appointed for the contests to begin, Ex-Chief Templeton, of the Bluffs, who had been appointed one of the judges for the tournament

being absent, E. Roberts, Chicago, appointed WAS his stead, with Mr. Burner in that capacity. The time-keepers were Messrs. Cree of Iowa City, Johnson of Des starters were Messrs, Chandler of Chica-

go and Drady of Des Moines. The first race of the day was the hose race, or the one for teams that had never beaten that time in covering 300 yards. In this race, which was called promptly at 10 o'clock, there were five entries, whose names and order of running were as follows:

1 Deluge of Omaha. 2 Fitzgerald of Lincoln.

3 Cleland's of Fremont. 4 Nebraska City Hose Co. No. 1. 5 Pacifics of Grand Island.

The Deluge company covered the disance in 50 seconds, the Fitzgeralds in 50, the Clelands in 48 2-5, the Nebraska City in 51, and the Pacifics in 48 1-5. For some reason the numbers in attendance at the grounds has been very small, and barring the visiting firemen present the crowd would not number 500 persons

upon the ground yesterday. THE AFTERNOON CONTESTS.

The first race on the programme was that of the hook and ladder state championship. This contest requires 300 guards to be covered by the teams pulling a hose cart and raising a ladder to be mounted the distance of twenty feet by ene of the company. In this contest there were only two entries—the Dierks. of Seward, and the Frontiers, of Fremont. The Fremonts drew No. "1" within fifty-seven two-fifths seconds after they had been given the word one of the company was at the top of a twenty foot ladder in front of the judge's stand. The Seward

boys boys beat this time one and twofifths seconds, winning the first prize. Next in order came the free-for-all hook and ladder race in which there were two entries only as in the hook and rds and raising a twenty of the company, in 554 seconds.

time of Frontiers was 581, the boys from Seward walking off with the free-for-all prize, The ladger contest followed next. In this there were also two entries, James L. Reinard, of Fremont, and W. H. Hildebrandt, of Seward. The race requires the contestants to run the distance of fifty feet and scale a twenty foot ladder. Reinard's time was 6 2-5; and

that of Hildebrandt 8 2-5. Next came the 100 yards race chiefs, ex-chiefs and assistants. Chief Lyman, of Lincoln, Butler, of Omaha, Cleland, of Fremont, Nabel, of Grand Island, Menche, of Lincoln, and Bower of Nebraska City, walked up to Secretary Pentzel, and placed their names upon the book of entries. These men all crossed the scratch in great shape, but Chief Templeton, of the Bluffs, who was laboring under the disability of being a resident of the prohibition state, and Dierks of Seward, who refused to enter the race started with them, the Seward chief making the finish first, with the Bluffs ex-chief as a good second. The judges were unable to determine who was entitled to the first prize, and ordered the race to be repeated, which will

THE STATE CHAMPIONSHIP.

In this 300 yard race there were 5 entries, the names of the contestants and "Maria, relict of Henry Shears, died their positions drawn by lot being as fol-

lows 1. Fitzgeralds of Lincoln.

3. Pacifics, Grand Island.

2. Nebraska City hose company No. 1. 4. Clelands, Fremont. 5. Deluge, Omaha.

When this race was announced, Jerome

Pentzel manager of the Thurstons, Chief Cleland that his team was refused admission into the race by the board of contest. He proceeded to explain to Mr. Cleland that a great Cleland that a great injustice had been done, and induced him to call the board together. Mr. Pentzel then stated his case to the board, and showed that only one or two of the teams had complied with the rule regarding certificates. He continued that the proper way to proceed would be to allow his team to enter and make the protest after the race had been run. The members of the board seemed

to have pre-determined the case, and re. fused to reconsider their action. Chief, Butler, who had descended from the judges stand when the meeting was held will be asked to give his vote on the proposition, and replied that they knew his vote on the measure at the time it was ruled out, bar out the John M. Thurstons. Mr. Pentzel then informed Mr. Cleland that his teams would run nevertheless.

The track was then cleared, and the ther end of the stretch. At the word the boys got a good start and came down to the finish in fine shape. This team has the finest suit of any teams that have appeared in the tournament, their pants being of Lincoln green, tight at the knees, white shirts, and black caps. They presented a fine appearance corner of Seventh and Pierce streets, as they came down the stretch, and Saturday evening, July 26th. Speakers when they crossed the finish every one of the evening, Gen. John C. Cowin, in the team was pulling in his harness. Hon. John M. Thurston, John Rush and Time 47 1-5.

The Nebraska City's time was 50 sec-onds, Pacific's, 48 4-5; Clelands, 47 4 5:

ning the race. Next came what every one wished to see the John M. Thurstons cover the 300 yards. Mr. Thurston announced that as the team had been barred from the state chamteam pionship it would nevertheless give the people an exhibition of its speed. The judges and time-keepers of the other races offered to act in their capacities for the John M. Thurstons, and the team went down to the further end for the

Deluge, 51 2-5, the Fitzgeralds win-

word. After two attempts to get off they came tearing down the track like mad, urged on by Duffy, their leader. The hore rolled out allright, but a slow coupling was made by Webb and Steele, who lost a couple of seconds compared with their couplings made on Wednesday. Time 44-2 5. This concluded the programme for the day and in a few moments everyone was on his way THE EVENING PERFORMANCES.

By request of numerous citizens and visiting thremen the Pompier exhibition given at Eleventh and Donglas on Wednesday evening was repeated. The same team headed by Charles Fisher, exhibited to a crowd of 3,000 people their life saving powers. Many of their feats were loudly applauded by the assembled people, especially that of one fireman helping to the ground two of his firemen brothers from a third story.

At the conclusion of this exhibition

the firemen all repaired to engine house No. 3 to prepare for the torch-light pa rade. Over 200 torchlights, covered with the dust of four years, were brought out and burnished and filled with oil. procession, as it formed, marched down Sixteenth street to Douglas. It was headed by the John M. Thurstons followed by the Musical Union band. Next came the Durants, a fine looking body of thirty-two men, each carrying a flambeau, and headed by Peter Dowdall, cap tain, and Tom Cliff 1st assistant. Next in the procession was the Deluge hose company, followed by the Merchant's hose company of Lincoln, the Seward team, twenty-eight men, bringing up the rear. The procession moved down Douglas to Tenth, down Tenth to Farnam and up Farnam to engine house No. 3, where it broke ranks. As the parade passed down street the the band discoursed music, which, with the gleaming torchlights and the bright

THE BALL AT CROUNSE'S. The most pleasurable event of the week to the firemen was their ball given at Crounse's hall last evening. This large and commodious hall was gayly festooned for the occasion; the lights and chandaliers were hung with evergreens, and the room was most brilliantly lighted. The ball was attended by nearly 250 couples, who enjoyed themselves in dancing until nearly morning. Much praise is due the committee for the able manner in which the whole affair was managed. The Omaha firemen used all means in their power to make the evening a pleasant one to their visiting brethren and fully

uniforms, reminded one of the national

campaign of four years agc.

succeeded. THIS AFTERNOON'S PROGRAMME. This afternoon the free for all race which was down on the programme for yesterday, will be run off. In this, the same teams which competed in the state championship, will enter and the Bluff City team of Council Bluffs.

The coupling contest between Brett and Devore, the champion couplers of the world, of Decatur, Illinois, and Webb and Steele, of this city, will take place. The tournament will be ended by the chiefs', ex-chiefs' and assistants'

Irish-American Club

Following is the constitution adopted by the Irish-American club at sheir meeting Tuesday evening:

PREAMRUR.

We, Irish-American citizens of Douglas ounty Nebraska, in order to form a more pose of supporting the nomination of James G. Blaine for president, and John A. Logan for vice-president of the United States, without regard to past political afflictions, do or tions:

The name of this club shall be the Irish-American Blame and Logan club of Omaha, ARRICLE II. This club shall be composed of citizens

ARTICLE I.

Irish birth and lineage who areldgal voters of Douglas county, Nebraska, and who may desire to unite with us in advancing the cause for which this organization is formed, as set forth in the foregsing preamble.

The officers of this club shall be a president and nine vice presidents, a secretary and a treasurer, who shall hold their respective of-fices for, and during the present political cam-paign; and shall be required to perform such services as are in accordance with each of their respective positions.

ARTICLE IV. Nine members shall constitute a quorum for the transaction of business and the rule

of order of the house of representatives of the United States are hereby adopted for the government and guidance of the deliberations

Douglas county is hereby divided into nine listricts, as follows, viz:

Words in the city of Omaha, Nos. 1 to shall be known as districts Nos. 1 to 6 re-spectively. All the precincts outside of the city of Omaha of which the first commissioner istrict is composed, shall constitute district No. 7. All the precincts outside the city of Omaha, of which the second commissioner district is composed shall constitute district No. 8. All the precinits outside the city of Omaha, of which the third commissioner district is composed, shall constitute district

ARTICLE VI.

There shall be a vice president elected from each of raid districts, who shall be the chair-man of local branches of this club to be organized under and as district branches thereof, in each of said districts respectively, when deemed advisable. And the said vice presi-dents, together with the president of the club shall constitute the executive committe of this organization.

ARTICLE VIL. The club may adopt such rules and make such orders at its regular meetings as may be deemed necessary and not inconsistent with the constitution.

The president of the club shall be the chairan of the executive committee.

ARTICLE IX. All who are eligible to membership shall be

dmitted as such upon signing the constitu tion.
The foregoing constitution was then signed by a large number of Irish Americans present, many of whom have hitherto acted with other parties than the republican.

Republican County Committee, Tht Douglas county central committee neets this afternoon at 2 o'clock in the quired I can bring a great many persons city hall to institute steps toward the to prove it. I could say much more but calling of primarles and the county convention to select delegates to the coming

congressional convention. MARRIED.

SOXMAN-BACKMAN-July 24, 1884, at

THE THURSTON'S.

A General Kick Because the Thurston Team|were Not Allowed to Compete for the State Championship,

There is a general kick among the fire boys in this city because of the action of the board of control in barring the Thurston hose team from participating in the race for the state championship. The ground on which they wre barred is that they are

It is generally understood that whenever a man or a team runs in a race for money they are then professionals. this be the case then the boys claim that all teams running in the race for the state championship wre ineligible, as all are professionals, as all have run for that nuptial masses in the atternoon

The Thurston boys are very indignant at Chief Butler for the stand which he took in the matter as he voted to bar them. They now have possession of the state championship cart, having won it at Lincoln at the last tournament and it is difficult to say how any other team can win it from them if they are not allowed to compete.

The firemen also find a great deal of at the convention in Fremont, when he refused to have a horse hose race under any circumstances and then Thursday night, when the streets were crowded with people, pulled box 42 in order to allow Mr. 42 in order to allow Mr. Benner to give an exhibition of the working of the standpipe on the Millard hotel. They say there would have been no danger in a horse hose race, while every time the fire department is called out the lives and limbs, not only of firemen, but of the citizens also are endangered, and much more so when the streets are crowded as they were Thursday night. Why alt of this is done thing which no one can find out.'

Stubborn Tracks.

For three or four days past workmen have been engaged trying to put together the double curve tracks of the street car company at the corner of Fifteenth and Farnam streets, but all their efforts have been in vain and they are now as far from solving the puzzle as when they first started.

When completed (if it ever is) it will be the most complicated piece of track work in this city. It was designed and built in Chicago and the builder has been sent for to put the pieces together.

Yesterday the street car company procured the services of Commissioner O'Keeffe, who is an old an expert track layer, to help them out of their difficulty, but he could not solve the problem and the builder will have an opportunity to show off and put the irons where they belong.

When completed it will make eight different and distinct tracks centering upon that corner. There is but one corner in the city of Chicago where so many street car tracks center. The double wait for each other.

The Plattsmouth Kickers.

To the Editor of THE BEE.

In reply to your extract from the Plattsmouth Journal accusing me of unfair dealing with the Plattsmouth nine, I very reluctantly, yet in self defence make the following statement; which every one who was present, or had any interest in the games know to be true:

Mr. Patterson, junr, captain of the

Plattsmouth nine, came to me on the 12th of July to enter his nine for the state amateur championship. I told him that we were only playing amatures and not paying for playing in this contest. He replied money was not the object, he wanted to play, I offered to give him half the net receipts from each game to assist in paying their expenses, and if they were only half as good a nine (as they claim to be ready to meet the U. P. nine) they would draw a fair gate receipts the second day. I furthermore went to the trouble to explain what net receipts constituted stating it was half the receipts. After the expenses were paid I only charged \$8 for 10,000 bills when the bill is \$10, 86 for distributing these bills when the price was \$6.80, I paid the gate keeper and money taker and other help out of my own pocket and simply confined the expenses to the advertising in order that they should have a little something to draw to help pay their hotel bills. I treated them like gentlemen, while they looked upon every one with mistrust, arguing every point that was decided against them with both umpire and players. Their conduct was so disgraceful that the Athletics refused to play against them on the second day, and I had much trouble with the assistance of Mr. Canfield to get a scratch nine to meet them and play the third game. 1 was arranging to play them against the torments and other clubs but the pitcher and catcher of the torments plainly told me that they would not play against such kickers if a match was arranged. The Atheletics will never play them again for the same reason. And in conclusion, Mr. Elitor, I must say that in all my twenty-two years experience in the ball field in Eorope, Australia, and America I have never come across a better lot of kickers in uniform. They were beaten fairly by two weak nines and it was all they could do to beat the scrub nine the third game. More than two thirds of visitors left the park disgusted with their

continuous objections to the umpire's decisions. To finish up their very ungentlemanly conduct they took away the new ball I loaned them to play with. And when I asked them for the ball one tried to make out that the other one had it and finally took it away and still have it. I can not allow the Plattsmouth nine to play again in the park unless they make a full apology for their conduct here last week. The above statement is true and if re-

refrain from so doing out of respect for the people they represent. A SPENCER TRELOAR, Secretary and Manager.

Catholic Marriages in Nebraska.

Archbishop Elder, of Cincinnati, has

notified the congregation worshiping in St, Peter's cathedral that marriages will be solemnized only in the morning. The rule has been adopted, the archbishop olic for marriages to occur during the morning hours, and that the custom of afternoon and evening weddings is one which fashion has dictated, and it divests the ceremony of much of its sacredness. As a consequence the vows are often lightly taken, and divorces have multiprofessional runners and hence are in- plied. This rule has also been promul gated by Bishop O'Connor, of the vicari ate of Nebraska, but in a somewhat different wording, the matter insisted on being that all marriages of Catholics take place at a nuptial mass, the ceremony being part of the mass, and the couple partaking of communion. As priest, groom and bride must necessarily under the cir

would become very popular. A Deserved Appointment,

A telegram has been received in thi city announcing the fact that Miss Mary Allan, of this city, has been designated for appointment in the office of Treasurer Wyman, in Washington, and summoning her to that city as soon as possible, While the many friends of this deserving fault with the chief for the stand he took young lady will sincerely regret her departure from this city they will rejoice in her good fortune, more so because of the fact that it is merited and does not come through favoritism.

During the recent visit of civil service Commissioner Gregory, Miss Allan underwent examination in the studies pres cribed by the commissioner. That the standing of the lady was satisfactory is well attested by her early preferment.

Not Halverson's Body.

A letter, relative to the body found Plattsmouth early this month, from the coroner of Cass county was received yesterday by a gentleman in this city who has taken much pains to investigate the mysterious disappearance of Halverson. The writer states the body when found had in a light pair of pants and dark vest. The dead man's face was covered with sandy whiskers, and no bullet holes were on his body, nor were there any marks of violence upon it. This in no particular corresponds with the description of Halverson, and leaves the matter
