THE REPUBLICAN VALLEY.

A Blast at Editor Medill of the Chicago Tribune. To the Editor of THE BEE. The residents of the Republican Valley west of Red Cloud were somewhat amused in reading an article in The Chicago Tribune...

He gives a glowing account of the state from the Missouri river to Red Cloud; then, he says, the drought district begins to make its appearance. From the tone of this one would judge this correspondent had been returning from the democratic convention...

There has scarcely been a week passed since last March but what it has rained in the valley, and no part of the west can show better crops than the Republican valley. At this place one firm has sold one car load of self-binders, and another about that, and was not able to fill their orders...

Every town between Red Cloud and McCook is booming. There has been no drought at this place since the spring of '84. A new bank building, town hall and a four story mill, costing about \$15,000, a two story mill and blacksmith shop and fine dwelling houses costing as high as \$2,000 are being erected. The hay crop in the valley will be the largest ever known. Emigration is pouring into the valley and that right in the harvest season.

AMMONIA IN THE URINE. Ammonia is obtained in large quantities by the putrefaction of the urine of animals. Every householder can test his urine containing this disgusting drug by placing a can of the "Royal" or "Andrews' Pearl" top down on a hot stove until heated, then remove the cover and smell.

A Meeting Which Had an Unusual Audience. "Do you the preacher?" asked a young woman wearing a changeable silk dress and jauntily smoking a cigar.

THE DEAD LINE. Many old soldiers remember "the dead line" at Andersonville. It was a mighty dangerous neighborhood. Druggists, billiard men, and liver and kidney diseases are full of perils for the sick, but Burdock Blood Purifiers are a certain remedy. Sold everywhere.

THE KING SNAKE. The king snake, says Dr. Lewis, of North Carolina, is the master of snakes as its name applies. When full grown it is about an inch and a half thick and six or seven feet long, its color is jet black, with regular cross-bars of white from head to tail.

LETTER FROM SENATOR JACOBS. SENATE CHAMBER, ALBANY, N. Y., March 31st, 1882. For a long time it has been my habit to use Brandreth's Pills. In fact, I have seldom had occasion to use any other medicine, and it affords me great pleasure to say that for Biliousness, Dyspepsia, and the other ills of the system, to which men in public life are more apt than others to be subject, they are an invaluable remedy.

Just Like Some Railroads. A religious denomination in a town in Indiana, which felt that it must have a church, called in the services of a business man to tell them how it could be brought about.

Michigan Car-Works Shut Down. The Detroit Free Press says: Business in nearly all lines of manufacture is far down in the doldrums--there is no doubt of that; but experienced and far-seeing men are very confident that the most of the storm has passed, and that with the frosts we shall see a renewal of activity.

Spanish Affairs. MADRID, July 28.--Minister Foster had an important interview Saturday with Senator Castelo, Spanish premier. It is a difficult task for the Spanish government to reconcile the conflicting commercial interests of the peninsula of Cuba.

available end. As a consequence we were prepared for a dull time. "What is the prospect for the future?" "Bright. Our car wheel factory will run right along. So, too, the forge, the steel works and car-spring works. We are looking for a good year in 1885."

HENRY VILLARD TO-DAY. Broken But Not Poor. He is in Germany Seeking an Asylum Where He May Educate his Children--His Late Wealth the Result of Slow Accretion.

Remains in the Postoffice Monday, July 28th, 1884. GENTLEMEN'S LIST. The Joke Turned on Mr. Horr. From the San Francisco Alta, July 17. Congressman Horr said on the stump the other day. "Now I like the democratic party for what it has not been able to do. I like the republican party for what it has been able to do."

When Doctors Disagree it will be time enough to doubt the reliability of Kidney-Work. Doctors all agree that it is a most valuable medicine in all disorders of the Liver, Kidneys and Bowels, and frequently prescribe it. Dr. P. C. Ballou of Monkon, says: "The past year I have used it more than ever, and with the best results. It is the most successful remedy I have ever used."
