

THE DAILY BEE. Wednesday Morning August 6

LOCAL BREVITIES.

Sheriff Miller with sufficient number of deputies will take the prisoners, twelve in all to Nebraska next Friday. The street car company was breaking in a broncho pony on one of the cars yesterday. Henry Doyle, for disturbance of the peace was yesterday fined \$5 and costs. He paid it and went his way with a sorrowful look. Mary McPherson was fined \$5, and costs in the police court yesterday for leaving a neighbor and using language toward her unbecomingly a lady. Superintendent Smith, of the Kansas Pacific division, went west on the B. & M., yesterday, to Denver. He will return by the Kansas Pacific to Kansas City. The asphalt pavement is being torn up for the purpose of admitting of putting in a sewer pipe from the government building. It has just been found out since the pavement was just down that such a thing was needed. More care should be taken by the teamsters hauling granite in allowing the chunks of stone to fall on the streets, as several baggy wheels have been broken and the vehicles nearly upset by coming in contact with these obstructions lying out in the driveway. Rev. G. W. Swidge, pastor of the First M. E. church of this city, will start east on a month's vacation some time this week. Part of the time will be spent at the national Sunday-school assembly at Lake Chautauque, New York, and the national camp-meeting at Martha's Vineyard, off the coast of Massachusetts. Last week ex-Policeman Walker was chopping kindling wood at his residence on North Fourteenth street, when his ax caught on a clothes-line and flew back, striking him over the left eye, cutting a painful gash. A physician was called and it was found necessary to take several stitches in order to close the wound. After careful consideration Judge Henke decided to accept the proposition of the Wittig's and Murphy to leave town and they were given until six o'clock last evening to shake the dirt of Omaha from their feet and wander forth upon the face of the earth, outside. "Good riddance to bad rubbish" applies very well in this case.

PERSONAL.

State Treasurer Sturtevant is at the Paxton. J. R. King, of Hastings, is at the Metropolitan. J. A. Grom, of Wymore, is at the Metropolitan. John Gardner, of Springfield, is at the Metropolitan. O. H. Dutton, of Missouri Valley, is at the Metropolitan. Miss A. Allen, of Aurora, is the guest of the Metropolitan. Mrs. A. E. Keith left for Kearney, Neb., yesterday noon. S. M. Bushnell, of Plattsburgh, was at the Millard yesterday. H. R. Gowdrey, of Columbus, is quartered at the Metropolitan. B. S. Smoot, of Republican City, is stopping at the Metropolitan. J. J. Butler and wife, of Beatrice, are stopping at the Metropolitan. Will J. Jay, of the Lincoln State Journal, is registered at the Metropolitan. Mrs. L. H. Kory and two lady friends left on the noon train to-day for Denver. Hon. R. W. Montgomery, receiver of the land office at Bloomington, this state, was in the city yesterday. George Dickinson returned from Grand Island yesterday. George says he inspected the corn crop and found it a big one and growing nicely. U. S. Attorney Lamberton and U. S. Marshal Bletwower went yesterday to North Platte, where it is reported \$3300 is missing from the postoffice. Hos. Nils Anderson, of Fillmore county, prominently mentioned for the position of state land commissioner, was in the city looking after his fences. John Barnes, of whose company No. 2, who was run over at the fire Sunday morning, had sufficiently recovered yesterday to be out, although feeling very sore and unable for duty. William H. Coffin, Mark J. Ivoa and E. C. Audras, U. S. A.; T. H. Leavitt and L. C. Burr, Lincoln; J. L. Haley, Red Cloud; F. Whitmore, Valley; W. L. Whedon and wife, York; V. G. Lantry, Blair, were at the Paxton yesterday. G. F. Fox, Norfolk; T. L. Crandall, Bancroft; J. B. Barnes, Ponca; W. H. Shinnon, Schuyler; F. G. Dimock, Dixon; E. E. Leonard, David City; N. D. Baker, and A. P. Chapman, Lincoln were guests of the Millard yesterday. Messrs. Wm. P. McDewitt and E. P. Murphy left yesterday for a tour of recreation in the west. Mr. McDewitt's objective point is Colorado, where he will wander through the gorges and over the picturesque fields of that beautiful state. Mr. Murphy will view the Rockies, cast a glance over the plains of Utah and give some thought to the all absorbing question of Mormonism. F. W. Young, known at the Union Stock yards in Chicago as Brigham Young, has been in the city for several days. Mr. Young has been connected with Armour & Co. in the Garden city as head engineer for the last fifteen years and has come to Omaha for the purpose of permanently locating here in the same capacity at the Union stock yards near this city. Mr. Young is a relative of C. W. Edgerison, of this city. Postoffice Changes Postoffice changes in Nebraska during the week ending Aug. 2, 1884, furnished by Wm. Creating paving districts Nos. 32, 33 and 34. District 32 includes Farnam street between Eighth and Ninth; 33, Douglas between Eighth and Ninth, and 34, Jackson between Ninth and Tenth. The property owners are also notified by the ordinance to select the paving material within 30 days after its passage. Passed. About thirty ordinances levying special taxes to pay the cost of paving streets and alleys in certain paving districts, and to pay the cost of curbing, cutting and gutting were read three times and passed. A special ordinance appropriating money out of certain sewer funds to pay for work done for the city. Passed. The viaduct ordinance was read the third time and recommitted. The council adjourned to meet this morning at 9 o'clock, at which time it convenes as a board of equalization.

A CHILD FOUND.

A Little Boy Found at the Corner of Twenty-third and Douglas. Yesterday a little boy, about two years of age, was found at the corner of Twenty-third and Douglas streets. He was crying piteously and wanted his mamma. He could not give his name and was taken to the house of Mr. Petty, corner of Douglas and Twenty-third, where his parents can find him. He was dressed in a plain dress, red stockings and a white straw hat.

More of the Mother Hubbard.

A few days ago I noticed that an order had been issued by the city marshal prohibiting the wearing of a ladies' garment known as the "Mother Hubbard wrapper." The grounds upon which the order was made were that the dress is "improper" and that it "leads to an indecent exposure of the person." A most remarkable order and conclusion! I question the power or legal authority of the marshal to make such an order. I believe he has not the power to control or regulate the dress of either ladies or gentlemen. The dress referred to can not in any sense be deemed "improper." No dress can be considered improper while it fulfills its object of covering nakedness. There are no precedents that the "Mother Hubbard" does not cover the person. If it does, how can it for a moment be considered as leading to an "indecent exposure of the person?" Other dresses are worn which should have been included in such an order, had the marshal power to do so. We notice dresses worn with thin lace sleeves and waist, exposing the arms and bust to a considerable extent. Does this not expose the person? The "Mother Hubbard" does not do this, but is a garment which can be worn at home or on the street by all modest ladies who desire comfort during warm weather. The gentleman advocating the order must be exceedingly sensitive about the moral welfare of the community. The promotion of such a high standard of morals was his object, he should have commenced by issuing an order clearing the city of the numerous gambling dens, dives and houses of ill-repute of which the city is so well provided with, and should have followed it up by giving the police instructions to arrest and suppress this evil, with the same promptness as in the "Mother Hubbard" case. The fact of these resorts cannot be claimed to be unknown to the officials, as low characters of every description can be seen on the streets at all hours of the day and night. Is it not more important to suppress these vices than to cause the arrest of innocent and modest ladies who for comfort sake should wear a decent "Mother Hubbard" on the street? The marshal and police have more important duty to attend to in this matter, to the fare of the city than that. Let them attend to that first which is most important. The order is the height of injustice! No justice would think of convicting a lady arrested under such an order. It should at once be revoked and expunged from the records. "ORDER."

Sixth Ward Republicans. The Republicans of the Sixth ward are requested to meet at Engine house No. 1, on Wednesday evening for the purpose of organizing a Blaine and Logan club. J. R. RATHBUN, Com. J. E. WILBIE. Army Orders. Recruit John Buckley, enlisted at Ft. Omaha, Neb., is assigned to the Fourth infantry. Private John J. Whitehead, re-enlisted at Fort Omaha, Neb., is assigned to light battery D, Fifth artillery. Recruits George Etman and William Waddell, enlisted at Fort Douglas, Utah, are assigned to company H, Sixth infantry. On the recommendation of his troop and post commander, the unexpired portion of the sentence of the general court martial in the case of Private Fred W. Faulkner, troop L, Fifth cavalry, published in general court martial orders No. 15, current series from these headquarters, is remitted. On the recommendation of his troop and post commander, so much of the unexpired portion of the sentence of general court martial in the case of Private William Watson, troop I, Fifth cavalry, as relates to confinement--see published in general court martial orders No. 25, current series from these headquarters--is remitted. First Lieutenant Dan. C. Kingman, corps of engineers, chief engineer officer of the department, will proceed to such

points in the Santee-St. Louis Indian reservation, in Dakota, as may be necessary and comply with the orders of the major general commanding the division of the Missouri, already furnished him; having completed this duty he will return to his proper headquarters. The travel directed is necessary for the public service. The following is published for the information and guidance of this command: "I have the honor to say that, in my judgment, officers who are to be mounted should own their own horses, and you are hereby directed to cause, throughout your division, the most rigid enforcement of the regulations in this respect. A reasonable time (say three months) may be given for the enforcement of this order, but at the end of that period you will direct reports to be made to these headquarters of every officer who is continuing his violation, and bring to punishment all offenders. As it is now provided that the service of captains with light batteries shall be for a period of three years, it is deemed advisable to cover their mounts by the same paragraph (2815 A. R.) that provides for subalterns serving with light batteries, and you will be governed in your action in their cases by that paragraph. * * * and inform you that compliance with the provisions of this letter will be required throughout the army. F. H. SHERIDAN, Lieutenant General."

ARRIVAL OF REV. POTTER.

The Newly-Elected Bishop to Spend Sunday in Omaha. Letters and a telegram have been received in this city from New York stating that Rev. Eliphaz Potter, D. D., who recently was elected to the bishopric of Nebraska, will be in Omaha next Sabbath. It is thought that he will preach from the pulpit of his church in this city on that day. It is understood, however, that his presence here is not to be taken as an omen of his reconsideration of his declination to fill the proffered place. Rev. Potter has had, it is said, a strong desire for some time to see the west and his stay here will simply be a stop-over on his journey westward. The Reverend will travel along the whole line of the Union Pacific. At times he will leave the road and travel across the country visiting places of interest. The friends and members of the church have now a fixed belief that he will not accept the proffered place, and the council will thus be forced to convene for a third time for the purpose of electing a bishop.

NEBRASKA STATE GAZETTEER & BUSINESS DIRECTORY to be issued in July, 1884 price \$4.50. J. M. WOLFE, publisher, 120, S. 14th St. Omaha.

Carroll is a Clipper. Carroll, who for a time played ball with the Union Pacific team, in this city, is proving to be a Mascotte with the St. Paul club. Of his playing the St. Paul Pioneer Press says the following: "It was a regular case of anating victory from defeat, and the visitors who would almost have staked their existence on their winning, were correspondingly down in the mouth. Since Carroll became a member of the home team, and the club has won nine out of the twelve games played. He is a fine felder, and heavy batter, and besides a quiet, unassuming young man. He plays to win every time, and is generally successful in inducing the others to emulate his example. Many of those who were present at the game yesterday gave up all hope of seeing the home team win, and left before the conclusion of the contest. Those who remained, however, were treated to a fine sport as could be desired. And it was little Carroll who saved the day."

All republicans of the third ward are invited to a meeting on Thursday evening, Aug. 7th, at 8 o'clock, at the northeast corner of 12th and Schuyler. By order of W. F. SCHMIDT, Chairman Third Ward.

BROOKLYN'S GREAT CHEMIST. N. B. FALCONER,

Grand Sale of Sheetings.

This is to certify that I have made a careful analysis of DR. PRICE'S CREAM BAKING POWDER and also of the Royal Baking Powder. "I find that DR. PRICE'S POWDER is made of pure materials and mixed in the best chemical proportions for the object to be obtained." "It contains no Carbonate of Ammonia, but one-half as much starch as the Royal Baking Powder, evolves more carbonic acid gas, both by analysis and by a practice test in the preparation and baking of biscuits, makes a lighter, better flavored, and, in my opinion, more wholesome article of food." "I regard PRICE'S BAKING POWDER as superior to the Royal Baking Powder for the following reasons:" 1. It contains no Ammonia, a substance which is not advisable in articles of food and unnecessary, if it is not positively injurious. 2. It contains less starch, and therefore, weight for weight, contains more of the active ingredients and is a purer article. 3. It evolves more carbonic acid gas and therefore more efficient, as shown by analysis and by experiment with a weighed quantity of biscuit dough. 4. The ingredients are mixed in better proportions, so that there is less free alkaline carbonate remaining in the dough to impair digestion by neutralizing the gastric juice. 5. It gives a lighter and better flavored dough, owing to the facts stated in Nos. 3 and 4 above. "I know of no respect in which DR. PRICE'S CREAM BAKING POWDER is inferior to the Royal Baking Powder." I am very respectfully yours, ELIAS H. BARTLEY, B. S., M. D., Chemist to the Department of Health, City of Brooklyn. Lecturer on Physiological and Practical Chemistry in the Long Island College May 29, 1884. Hospital, Medical College.
