DEWEY & STONE,

1115 and 1117 Farnam Street. OMAHA, NEBRASKA

THE DAILY BEE.

Saturday Morning August 9.

LOCAL BREVITIES.

A party of Chinese emigrants were on board the Union Pacific train yesterday en route from San Francisco to New York.

There will be a regular meeting of the Rebecca degree, Lodge No. 1, in Odd Fellow's hall, at 8 o'clock Saturday evening, August 9, 1884. A full attendance is requested.

The red and green line street cars are now compelled to transfer their passengers at the corner of Fifteenth street and Capital avenue, owing to the taking up of the track on Capital avenue by the graders.

The emigrant business has been pretty dull for a few weeks, but picking up again now. Three cars filled to overflowing with passengers to settle in the west were attached to the noon train yesterday.

The examination of Dr. Henry Durham, charged with manslaughter for administering an overdose of acetate to James Houder, which was set for yesterday, was continued until next Wednesday afternoon.

The Capital Avenue skating rink was reopened Thursday evening. About five hundred were in attendance, and a number indulged in a glide on the rollers. The A. O. H. band was present and furnished the music for the occasion.

Miss Balluch and the Misses Graft entertained a large party of their young friends very agreeably last evening at the residence of Mr. Balluch, Harney street. The grounds were brilliantly illuminated and in all respects the party was attractive.

While operating one of the steam rollers at the City Laundry Thursday, Miss Cleve Dango, an employee, had two fingers of her left hand dislocated and the right hand badly bruised by being caught in the rolls. Dr. Womersley set the broken fingers, and dust the girl home.

A petition was received by Judge Beoko yesterday asking that Mrs. Connor, Miss Coony, the Davies and other characters of that class be driven from the river bottoms. The petition was signed by both residents of the bottoms and table lands.

Judge Wakely, Thursday, granted an injunction upon application of R. H. Shannon and Thomas Nolan, to restrain the city from paying to William Fitch & Co., sewer builders any money due the firm. The two first named gentlemen have also asked that a receiver be appointed for the firm and for an accounting of the firm's funds.

Eighteenth street is being graded and from the old bridge out to the end of the street presents a sorry sight. The fences and side walks are being torn up and the plows and scrapers are getting in their work in great shape. The old bridge over the creek, which had been considered risky for some time past, has been torn down and a new one is being erected in its stead. In consequence of this the cars have not been running to the end of the street for some time to come. At some points on the street the cut will reach eight feet in depth.

The paving on Ninth street from Harney

to Leavenworth streets is completed and attention is now turned to that point between Leavenworth street and the depot. The car track has been paved and no trouble is now experienced on Ninth street.

The captains of the various base ball clubs playing at the Athletic park are requested to meet at the northeast corner of Fourteenth and Douglas streets this evening at 8 o'clock. Thos. A. Golden, secretary.

The work of paving among the many tracks and cross-tracks at the corner of Fifteenth and Farnam streets is progressing finely and the work will be completed in a few days. When the space is all filled in with granite up even with the top of the rails it will not be so bad to drive over as was at first thought.

And now comes what bids fair to be the most exciting game of ball of the entire season. The fire department of Omaha has challenged the reporters and members of the press of this city for a game of ball to be played next Wednesday afternoon. The challenge has been accepted and now all that remains is to vanquish the foe.

The boilers for the new court house will be set outside of the main building in a small one which is now being erected for that purpose. The building will be built under ground on the southwest corner of the courthouse lot, and will be 52 feet long, 22 feet wide and 16 feet deep. The roof of the house will be flush with the ground and provided with sky-lights.

This morning Mr. Guthrie's council will argue a motion for a writ of habeas corpus to take Mr. Guthrie from jail, before Judge Wakely. Mrs. Guthrie who has been very ill for several days with pneumonia, is reported worse to-day and for that reason, if for no other, many people express themselves as hoping that Mr. Guthrie may be released.

Dr. H. L. Ramourte, who is well known in this city to horsemen, is about to open on Harney street a hospital for sick and lame animals, where they will be treated on scientific principles. The doctor was formerly horse surgeon of Columbia Veterinary college, of which he is a graduate. This new institution for Omaha will supply a long felt want.

The colored Blaine and Logan Club met yesterday night at its hall in Lytle's block. Owing to the fact of the primaries being held last night, it was decided to adjourn early. Before adjournment, however, the club decided to accept the invitation of the colored republicans of the Bluffs to take part in a grand Blaine and Logan demonstration at that place on Tuesday night.

Mr. Lewis Hays, the photographer, is one of the happiest and proudest men in Nebraska. He has been a married man just one year yesterday and at 5 o'clock in the a. m. his wife made him a wedding present in the shape of a bright and laughing little baby boy.

In addition to the arrival Mrs. Hays' mother and sister, from Detroit, Michigan, and Mr. Hays' brother, from the same place have come to celebrate the first anniversary of their marriage.

It was learned last evening from Conductor D. E. Brown, of the U. P., that a gentleman by the name of Moran, accompanied by his wife and child, on the way to Rock Island

had the misfortune to lose his wife near Plum Creek. She retired in good health in the evening, awoke ill the next morning and shortly after died. The conductor took up a contribution on the train collecting \$25 to aid the distressed husband who evidently was in much need of money under the circumstances.

Thursday afternoon Mrs. A. S. Quinton, general secretary of the Women's National Indian association, addressed the ladies of Omaha in the First Presbyterian church. After a very eloquent address by this talented lady, a branch society of the association was formed in this city, and the following ladies were chosen as officers: Mrs. James E. Woolworth, president; Mrs. James E. Woolworth, treasurer; Mrs. Locke, first vice president; Mrs. Sherill, second vice president.

Workmen are now engaged in fitting up the state fair grounds and placing them in readiness for the meeting of the State Fair association, September 5, 8, 9, 10, 11, and 12. During the heavy wind-storms of the forepart of the summer many of the smaller buildings were blown down and they are now being rebuilt. Much new work, building stalls, etc., is also being done, and when all is completed the grounds will be in better condition than for a number of years before. A great deal of attention will be paid to the track, as it is expected that some very good horses will be present to take part in the races.

The first party of the season was given Thursday evening at the residence of Mr. and Mrs. Geo. W. Doane, on Chicago street. About fifty couples of the elite of the city were in attendance. The large parlors were brilliantly lighted and decorated with flowers. The carpets were covered with canvases and the Musical Union orchestra furnished the music, while flying feet kept time. Upon the lawn a large platform was erected and the smooth surface was constantly filled with merry waltzers. It was a very fashionable affair and a fitting opening of what promises to be a most brilliant season in the society world.

At the opera house last night Wood's Dime Museum gave a show to a fair sized audience. The entertainment is one of rare merit, and is worthy of first-class patronage. The rope walking of Prince Dumpey was wonderful and elicited hearty applause. Carter, the juggler and balancer, astonished all by his almost miraculous feat of balancing Big Giovanni, with his muscular glasses and performing canary birds, adds greatly to the performance. His performance upon the glasses is very fine, and his flock of birds worthy of a great deal of praise. In fact the whole entertainment is a model one, and is only marred by one feature and that is by the horrible accompaniment upon the piano by W. Enders. His accompaniments are simply terrible and tend to ruin what would otherwise be a very good act. His time is no time, and instead of following the soloist, he insists on leading, and that too by a full half measure.

The U. P. band gave a delightful open air concert at Jefferson Square Thursday evening after supper the people began to gather and by the time the first selection was given the square was filled with anxious listeners, while on all sides on the outside the faces, the streets were lined with teams. The concert was all that was promised, and each number as it was given was heartily received. Every body unites in saying "do so some more."

Bliggs & Connor, Dentists, opp. P. O.

REPUBLICAN PRIMARIES.

An Unusual Lack of Interest Shown by the Party Yesterday.

The republican primaries, to elect delegates to the county convention which meets next Monday afternoon in the city hall building, were held in the various wards and precincts yesterday evening. In the city there were contests in two wards only, the Third and Sixth. In the first mentioned ward the hoodlums and transient citizens, headed by the frisky Smith, Sahler and Wright, succeeded in carrying the primaries without resorting to the disreputable act of stealing the tickets or kicking over the ballot box. The close proximity of Schmidt's saloon to the polling place had a talismanic influence toward inducing the trinity's satellites to vote for the ticket nominated in a caucus where eight republicans only were present. In the Sixth an opposition ticket to the regularly nominated one headed by Furry was in the field, the election resulting in a part of both being successful.

The following is the result:
First Ward—E. M. Stenberg, John G. Taylor, Josiah Kent, R. McDonald, William Doll, S. Jorgensen, J. W. Marace.
Second ward—J. S. Hascall, Morris Morrison, Mike Laby, T. W. Blackburn, S. J. Larson, John Realy and Louis Berka.
Third ward—John H. Sahler, Price Sanders, Walter A. Moyer, W. F. Schmidt, F. D. Kent, Robert Sexauer, Robert Green.
Fourth ward—Olas. H. Dewey, John Peterson, W. F. Beshel, R. O'S Bourke, N. A. Kuhn, Ed. Gorman and E. Haney.
Sixth ward—T. J. Stanley, Louis Kammer, A. H. Sander, D. W. Lane, N. J. Phillips, Benjamin Fulton and J. W. Nichols.

Nebraska's Corn Crop.
A Chicago paper of recent date from reliable reports from nearly all points in this state estimates that Nebraska's corn crop for this year will exceed 120,000,000 bushels, an amount incomprehensible to the human mind. Allowing 500 bushels, the ordinary quantity for a car, it will take 240,000 cars to move Nebraska's crop from her borders. Thirty feet is the usual length of a freight car, 176 of which would make a train one mile long. Divide 240,000, the number of cars necessary, by 176, the number in a mile and the quotient will be 1363, or the length in miles of this corn transporting train and a distance equal to that from Council Bluffs, Iowa, to New York City and extending sixty-three miles beyond.

AVOICION.
On Saturday, Aug 9, 10 a. m., at 620 S 10th at The Entire Stock of Pawn Broker's Goods, consisting of Watches, Jewelry, Clothing, etc.
at 7-91 W. B. Dango, Auctioneer.

Police Court.

In police court yesterday there were a goodly number of evil doers.
Joseph Leminar for being drunk and disorderly was fined \$5 and costs.
James Scott was charged with disturbing the peace. Jim thought he had not disturbed the peace of this city, and his case was continued.
Charles Fisher refused to plead guilty to a charge for disturbing the peace, and his case was continued.
Nettie Howard and Flora Benson, two of the demimonde, were charged with disturbance of the peace. They claimed it was their landlady and a drunken man who made the noise, and they were held until the matter could be investigated.
James Lynch and Ted Huth were arrested about five o'clock for fighting. Jim got \$5 and costs, while Ted carried off the banner, getting \$10 and costs.
Thus ended the morning lesson.

Blaine and Logan Rally.
A grand rally will be held in Council Bluffs, Iowa, by the colored Blaine and Logan club of that city, on Tuesday evening, August 12th, 1884. The colored voters of Omaha are all invited to attend. The following are the speakers from Omaha: Rev. Bird Mitchell, Dr. W. H. C. Stevenson, A. H. Willis.

A GOLD WATCH FOR TWENTY-FIVE CENTS.
Mess. Kaufman Bros., of 207 S. 15th street, will give to each and every purchaser of 25 cents worth of cigars a numbered ticket which will be good for one chance in the drawing of a \$40 gold watch. These drawings will take place on the last day of each month until further notice.
