

DRIVEN TO FRENZY.

The Royal Baking Powder Company are driven to frenzy in their efforts to extricate themselves from the charge made by the chemists of the nation against the fitness, the safety, and the clearness of the POWERTFUL DRUG, AMMONIA in their powder.

Ridicule and abuse, bombastic statements, extravagant assertions, crying dirt and lime will not answer. Though they paint it an inch thick, to this complexion it will come at last, "If an evil drug" is the secret of the preparation so pointed.

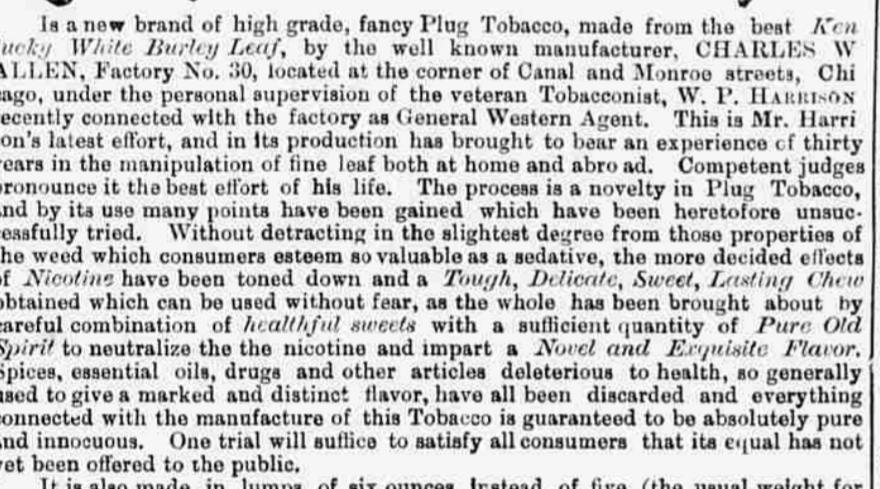

DR. PRICE'S CREAM BAKING POWDER.

PROTECTION

Every housewife can try the "Royal" or any brand of Baking Powder, by placing the can, top down, on a hot stove till heated. Remove the cover, and if there she will smell AMMONIA - HARTSHORN. After which she can change it for Price's, that has NOTHING IN IT.

Is a new brand of high grade, fancy Plug Tobacco, made from the best Kentucky White Leaf, by the well known manufacturer, CHARLES W. ALLEN, Factory No. 30, located at the corner of Canal and Monroe streets, Chicago, under the personal supervision of the veteran Tobacconist, W. P. HARRISON recently connected with the factory as General Western Agent. This is Mr. Harrison's latest effort, and in its production has brought an experience of thirty years in the manipulation of fine leaf both at home and abroad.

"OLD JAW,"

Manufactured by SAME PROCESS, the only difference being that by the use of less expensive material the last named tobacco is placed at a price within the reach of all, and is especially designed to be the comfort and solace of the masses.

All Dealers should have these Tobaccos, but if they fail to keep them in stock by reason of the stand we have taken against premiums and other illegitimate advertising, let the consumer demand them. Our appeal is to them, and by their judgment we are willing to abide. The whole premium system is a fraud upon the general consumer, and it is time for the general public to realize the fact and insist that all goods shall stand upon their merits.

"LAME" SMITH KILLED. Johnny Key Said to be the Man Who Shot Him. The principal topic of conversation in sporting circles last evening, was the rumor that Johnny Key had shot and killed "Lame" Smith at Ogallala on Sunday night. Investigation proved that a man named Henry had received a telegram from a friend in that place stating what has been related above. Key for some time had been dealing in Ogallala and it was presumed Smith had quarreled with Key about the game and the latter killed him in self defense as he was considered among the sports to be "dead hard" man. Later in the night a telegram was received stating that Lank Reese had murdered an unknown man. This undoubtedly meant a brother of Johnny Key who is in that place engaged in the same business. The circumstances related in connection with the affair are very meager but more are expected to-day. Johnny Key, it will be remembered, is the man charged with the murder of James Nugent last March, and is now under indictment for murder in this city among the sporting men here who are much inclined to believe the report.
