

THE DAILY BEE

Saturday Morning September 13.

LOCAL BREVITIES.

—The society of spiritualists meet at St. George's hall, corner Fourteenth and Farnam streets, on Sunday afternoon at 2:30. Mrs. S. E. Bishop, inspirational speaker. All are invited.

—Thursday was a bad day for hack horses. Four of them were killed by over-work during the day and evening. Last evening about 6 o'clock a horse dropped dead at the corner of Sixteenth and Dodge streets and two died just north of the fair grounds.

—There will be a regular meeting of the Bohemian Degree, Lodge No. 1, in Old Felt's hall, at 8 p. m., Saturday evening September 13th, 1884. A full attendance is requested.

—Mr. and Miss Britt and Mr. Vaughan, of Wood River, are in the city on a visit to Mr. Theo. Casey and family. Last evening the A. O. H. band serenaded the visitors. The boys were asked in and a most pleasant evening was spent, and the hospitality of Mr. Casey is loudly spoken of by those who were fortunate enough to be in attendance.

—"Sveenk Fredrik Alla Skandianaver Valkmann" is the words of the banner on the large tent near Webster and Twentieth streets, where Elder J. P. Rosqvist, late of Sweden, is giving each evening some very interesting discourses on "Bible Prophecies," to the Scandinavian people of this city. The tent is well lighted and comfortably seated and all perfectly free. Every one that understands the Swedish tongue should avail themselves of this opportunity.

—The attention of the city authorities is called to the fact that only an occasional street name can be found on the lamp posts. This renders it very difficult for strangers to find their way, and it is very annoying to them to be obliged to stop to ask questions. One man was sent out of his way some six blocks to-day by a person of whom he enquired the way to Cass street, the expense of the destroyed name being very great, and it should be a source of great accommodation to strangers.

A Drunken Man Robbed.
Thursday evening Wilson Easterday, of Manly, Nebraska, entered the St. Charles hotel in company with a man who gave his name as Harry Smith. Easterday had a watch valued at \$25, \$3 in money and a railroad ticket. He wanted to put up his watch for his board but Smith insisted upon his keeping it, saying that he would pay the bill himself. The two men went to bed together and sometime during the night Smith got up and took his departure, taking with him Easterday's watch, money and ticket. Yesterday Easterday stated that he did not know the man Smith, but had met him while upon a spree.

THE CENTRAL COMMITTEE.

A Session Held Last Evening Adopting Plans for the Fall Campaign.

The republican state central committee to perfect plans for carrying on the fall campaign, met in the parlors of the Millard hotel last evening.

The roll was called, members Peopson, of Richardson; by Stevenson, proxy; Mercer, of Omaha; Eakin, of Pawnee; Bushnell, of Cass; Hascall and Boehel, of Douglas; Clark, by J. T. Clark, of Sarpy; Hilton, of Washington; Richards, of Dodge; McNish, of Cuming; by Valentine; Hanson, of Dixon; Acee, of Valley; Lapache of Colfax; Gilchrist of Saunders; Caldwell and Hall of Lancaster; Beizer by Carns of Seward; Jensen of Fillmore; Johnson of Saline; Eagle of Clay; Eitzen of Hall; Wilson of Sherman; Morse of Merrick; Wagon of Adams; Rhea of Phelps; Wallace of Hitchcock; McColl of Dawson; and Scott by Brown, proxy of York, answering to the call of their names.

On motion of Bushnell, of Cass, the chairman appointed a committee of seven to act in conjunction with the state central committee and chairman of the state central committee as an executive committee. The seven appointed were Bushnell, Carns, Caldwell, Clark, Johnson, McColl and Lapache.

The charges of corruption against Governor Dawes in connection with the leasing of the school lands in this state were taken up and discussed by the committee. A resolution was introduced by Valentine and carried, to the effect that the statement published in the Lincoln Journal of Thursday morning, giving an exhibit of the school lands leased and sold since 1877, the same being a copy of the records of the leasing of public lands and buildings, be distributed and circulated throughout the entire state, as a defense to the charges brought against him.

Several other matters of minor importance were discussed but no definite action was taken upon them.

There were present besides the members of the committee, Hon. G. W. E. Dorsey of Fremont, Hon. A. J. Weaver of Falls City, Hon. James Laird of Hastings, Senator Charles J. Manderson, Secretary of State Rugen, Governor Dawes, Glen Kendall, commissioner of public lands and buildings and all the republican state candidates.

Views upon the political situation in the state were exchanged, the members reporting the prospects most encouraging.

A STABBING AFFRAY.

Two Boys Quarrel Over a Cart and One is Stabbed By the Other.

The Carter Only Twelve Years of Age.—The Recovery of the Wounded Boy Considered Doubtful.

Yesterday morning at 9:30 two boys indulged in a quarrel on Fourteenth street, in front of Rees' printing office, which resulted in one of them being severely stabbed by the other.

Fred Kohlmeier, a lad 12 years of age, is in the employ of the Post-Dispatch company and has been in the habit of taking Rees' cart to take the weekly mail to the post-office. He has at times had the cart when Fred Pjerron, a lad in the employ of Mr. Rees, would have occasion to use it and hot words have passed between them on this account.

Yesterday young Kohlmeier and Charlie Banks took the cart and took the mail to the office. On their return they stopped in Simpson's alley to eat a half a watermelon which had been given them. Kohlmeier had his knife out cutting the melon when Mr. Rees came along and told him that he had better take the cart back as Fred might want to use it. Now Kohlmeier says that he got up and took the cart back and just as he set it down upon the sidewalk Pjerron came across the road and said, "if you don't let that cart alone I'll smash you." Kohlmeier replied that he would take the cart whenever Mr. Rees said he might. One word brought on another when Pjerron saw the knife in Kohlmeier's hand and asked him if he took that out to stab him with. Kohlmeier replied that he had not but that he had been eating a watermelon.

Kohlmeier says that he then started to walk off and Pjerron advanced and kicked him. He made a grab for Pjerron's foot and in so doing stuck the knife which he held in his hand into Pjerron's side.

After having cut Pjerron, Kohlmeier ran around through the alley and into the Post-Dispatch office. He hid the knife, which was afterwards found by Officer Sigwart. It was a large-sized jackknife and the large blade was about three inches in length and was covered with blood.

Kohlmeier was arrested by Sigwart and placed in jail, where he was crying bitterly when seen by a Bee reporter, and insisted that he did not intend to stab the boy, and it was all an accident.

Young Pjerron was stabbed in the left side, just below the heart and the knife penetrated his lung. Dr. Neville was called and stated that the boy was bleeding internally and that the wound was a very dangerous one and might result in death.

The injured boy resides with his parents on the corner of Tenth and Walnut streets, whither he was taken.

Young Kohlmeier is a son of the shoemaker, Kohlmeier, on Dodge street. He will be held to await the result of Pjerron's injury.

SHOT IN THE HIP.

Two Friends Engage in a Quarrel and One of Them is Shot.

Between 12 and 1 o'clock yesterday morning the sharp report of a revolver rang out in the vicinity of Twelfth and Davenport streets. Policemen hastened to the spot and found, lying upon the sidewalk, a man who had been shot in the hip by a pistol ball. His assailant was nowhere to be seen and he refused to say who he was or what was the cause of the shooting.

He was taken to St. Joseph's hospital where he said his name was William Teitsort, but farther than this nothing could be learned. The name of his assailant he stoutly declined to give but said that they were good friends. That they had come to the city together and had gotten full. They got into a dispute which finally resulted in a fight, during the progress of which the shot was fired. He did not want the shooter arrested and the police have made no effort to find him.

The wound is not a dangerous one and Teitsort will soon be allowed again.

A Dubuque Wedding.

The following from the Dubuque Herald will be of interest to Omaha people: "Last evening occurred another of Dubuque's happy nuptial events in the union of Mr. Caleb H. B. Carter and Miss Minnie Maclay.

The ceremony took place at the home of the bride's parents, on Locust street, and was an unpretentious yet extremely happy wedding, only the relatives and a few warm, personal friends of the contracting parties being present. The bride is the lovely daughter of our respected townsman, Mr. John Maclay.

She is a young lady of rare intelligence, and in the social circle her many accomplishments serve to draw her near and dear to a legion of friends.

Caleb H. B. Carter was born and reared in Dubuque. He is at present interested in the Omaha, Dubuque and St. Paul road, manufacturing companies and is well known as one of the rising young business men of the northwest. The happy couple took the late train for Chicago and after a honeymoon trip in the east will return to Omaha to make that city their future home. Among the guests present was General Mead, president of the Omaha shot company.

VENGEANCE AT LAST.

The Union Pacifics Beat the St. Pauls by a Score of 4 to 3.

It is held in common belief among the people of Omaha that of the few clubs throughout the country, of higher reputation than the Union Pacifics, there is not one with which they are not at times exchange complimentary defeats. In fulfillment of this local gospel, the U. P.'s, after three successive thrashings at the hands of the St. Pauls, turned the tables yesterday, and although by the closest possible margin, downed the doughy visitors.

The game was exciting from beginning to end, and the large crowd in attendance entered heartily into the earnest spirit of the contest. The score by innings indicates to what narrow limits the waverling judgment of visitors was confined. O'Brien the visitor's pitcher seemed in the 6th inning to have settled the result by batting a splendid fly over the right center fence but in the eighth, he surrendered the St. Paul's chances by giving Sueded his base on a balk. Thus Salubury on first, was forced to second and McKelvey and Vinner following with a single and double respectively, the three winning runs were brought in.

Rockwell umpired a fair and impartial game. Not one of his decisions can be questioned.

The following is the score:

BY INNINGS.
St. Pauls..... 1 2 3 4 5 6 7 8 9..... 3
U. P.s..... 0 0 1 0 0 2 0 0 3..... 4

Game again to-day beginning at four o'clock. The management have decided to play a game on Sunday at St. Mary's avenue park, when it is safe to predict the grounds will be scarcely able to contain the multitude that will attend.
