young men of our best society are enticed down there. This is a special policeman. The idea of authorizing special policemen for a disorderly house seems very reasonable.

There should be the same penalties imposed upon fraud and bribery at primary elections as there is at general elections. I don't believe that saloon keepers except those that enjoy these special privileges.

I was all run down, and Hood's Sarsaparilla proved just the medicine I needed. I write hundreds of people. Take it now.

BEER GARDENS. which in Omaha are more like beer gardens than in any other city. The beer gardens of Omaha are more to be compared to the beer gardens of Germany or England than to the Buckingham theatre.

THE BEST CITIZENS. should be induced to serve in the council. Most of our troubles arise from the fact that the best citizens refuse to serve or to help in any way.

A POLICE COMMISSION. to consist of five of our best citizens appointed by the governor. This commission should have sole power to appoint police officers and I would introduce civil service reform.

THE BUCKINGHAM. which is advertised as a novelty in Omaha. The place has been renovated, but it is the same old den in which crooks and pickpockets congregate.

SAFETY OF THEIR FAMILIES. The idea of authorizing special policemen for a disorderly house seems very reasonable. There is a special policeman.

MUNICIPAL REFORM.

Regulation, Restriction and Prohibition. Edward Rosewater's Address Before the Law and Order League.

The postponed meeting of the Citizens Law and Order League was held last night in the Y. M. C. A. rooms. The meeting was called to order by President Leisenring and the minutes of the previous meeting were read by the secretary and approved.

MUNICIPAL REFORM. Now, in Omaha we have for years striven to bring about a reform in our municipal government, but so far our reforms have been meagre and not satisfactory.

REGULATING LIQUORS. and the other law for regulating and restraining the dealers, by imposing a high license, and providing restrictions upon the liquor traffic.

ABSOLUTE PROHIBITION AS A FAILURE. and I am one of those, believe that the main object of the high license law, at least for this city, was to close up the dives and dens and confine the traffic to a class of dens which would conform to the spirit of the law.

NO LICENSE. shall be granted to any person who keeps a disorderly house or who has been convicted of keeping a disorderly house. My opinion is that view would be sustained by the best legal authority.

CESSPOOLS OF VICE. They harbor not only the crooks and thugs that prey upon society night and day but draw into their drag net our young men, who are hurried upon the path that leads to the penitentiary and often to the gallows.

other liquors over the bar. I made inquiry and found that 150 saloons are doing business openly in Leavenworth in spite of constitutional prohibition.

THE LAMENATE LICENSE. of ten dollars per month, made by the city through an ordinance. Now, Leavenworth has only a population of 25,000 and maintains 150 saloons.

ON THE CONTINENT. of Europe or the British Isles where the sale of liquor is not regulated and restricted by a police commission.

OUR PRESENT LAW. You issue a license to a party, complaint is made and sustained that he is keeping a disorderly house and violating the law.

OUR MUNICIPAL OFFICERS. The other day I was in the police court as the principal witness in a case of incendiarism.

THE OFFICERS ARE LAX. for the reason that they believe they are backed up by a large majority of the people of Omaha, and that their conduct is approved by a majority of the voters.

CLOSE THE GAMBLING HOUSES. Within less than a week scores of businesses men called on the mayor, protesting against the closing of these places, saying it was a great damage to the city in general and their business interests in particular.

WHERE IT RIGHTLY BELONGS. We have a cleaning up over two or three years and imagine the new broom will sweep clean but just as soon as it has swept one round it is laid away.
