POLITICAL INDEPENDENCE. Trickery in Convention and Treachery in Congress Must Be Rebuked. A Vigorous Address by Senator Van Wyck at the Fairmont District Fair.

Laird's Record in Congress a Succession of Betrayals of the People. The Cry of Party Made to Cover a Multitude of Sins—Masters Become Slaves to Their Servants.

Special to THE BEE. FAIRMONT, Neb., October 9.—Quite a large gathering of people from Fillmore, Clay and Saline counties have been in attendance at the district fair, held in this city.

Parties are only strong when they represent principles which the masses profess. And the glamour of regular nominations should only assist candidates who will execute what the people demand.

Painted pictures of the deeds of Monroe, Jefferson, and Jackson will not furnish votes for the democratic party. The glories of the late war, the establishment of the principle of universal brotherhood, and universal suffrage, will not alone provide subsistence for a healthy or long life for the republican party.

So plainly fraudulent have been the action of the state board, that their action at Fairmont cannot justify the act and friendly court condemns by granting a perpetual injunction. But in many counties the board succeeded in its frauds.

SOVEREIGNTY OF THE PEOPLE. that they are masters and those whom they elect servants. All this is told in dulcet strains until the ballot box is closed, when occasionally the scene changes.

THE ACTION OF HIS REPRESENTATIVE. The action of his representative is the less excusable for it was after the regular resolution adopted at the republican caucus in May, when you pledged yourselves and the party, to strong anti-monopoly doctrines.

domain. These are some of the living issues. They will never be successfully met by generously electing men to congress who have and will misrepresent them. The foundation and creation of the republican party was ANTI-MONOPOLY.

First, a stern protest against monopolists in human flesh and labor, and a bloody conflict to prevent their rending the union of states. Let us see to it that the final result shall be more than a change of masters from the lords of the south to corporations and combined capital of the north.

Do not be driven by party cry, by partisan dictation, to vote against your own conscience, your own judgment, to forge the chains to bind you to theories and practices that will sacrifice your interests. When you know that wrong is being done and injustice sought to be established by your votes, then assert your manhood.

REGULATING RAILROADS. In states adjoining—Iowa, Kansas and Missouri—the legislatures fix passenger rates at three cents a mile. You demand the same in Nebraska. That cannot be done.

PHILADELPHIA, October 5.—Peter Bear, who resides at Boone's Mountain, about four miles from Dubois, Clearfield county, was awakened shortly after daylight on Sunday morning by a noise in his barn.

Next he stated he wanted the bill for the relief of the Denver and St. Joe railroad, which he knew such a thing was impossible at the time for the relief bill was not yet reported from the house committee, and this report was made only a few days before the final adjournment of congress.

TURN THE VAGRANTS OUT. The work intimated is said to be the lodging-houses of many vagrant diseases. These can be turned out by strengthening the stomach, and the digestive organs in partnership.

OMAHA! A GROWING CITY. The remarkable growth of Omaha during the last few years is a matter of great astonishment to those who pay an occasional visit to this growing city.

Since the Wall Street panic last May, with the subsequent cry of hard times, there has been less demand from speculators, but a fair demand from investors seeking homes.

The next few years promises greater developments in Omaha than the past five years, which have been as good as we could reasonably desire.

We have for sale the finest residence property in the north and western parts of the city. North we have fine lots at reasonable prices on Sherman avenue, 17th, 18th, 19th and 20th streets.

We also have some fine business lots and some elegant inside residences for sale. Parties wishing to invest will find some good bargains by calling on us.

Bedford, Souer & Davis, REAL ESTATE BROKERS. 213 South 14th St. Between Farnham and Douglas.

P. S.—We ask those who have property for sale at a bargain to give us a call.—We want only bargains. We will positively not handle property at more than its real value.
