

THE DAILY BEE. COUNCIL BLUFFS.

Friday Morning October 24.

SUBSCRIPTION RATES. By Carrier - 30 cents per week. By Mail - \$1.00 per year.

OFFICE: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See J. Reiter's new fall stock of cloths Gorham, the photographer at 31 Main, is now ready for business.

This is ladies afternoon at the skating rink, all the fair ones being admitted free.

The Y. M. C. A. is to hold a mock congress in Beno's hall next Tuesday evening.

The ladies of St. Paul's Episcopal church are to give a social in Beno's hall next Monday evening.

The Detective Association has connected its office, in the Masonic building, with the outside world by telephone.

A goodly sized delegation of democratic torch bearers, together with the Bavarian band, left last evening for Red Oak, to join in a burrah there.

Married—On October 21st, by the Rev. H. P. McMenomy, Peter Hoffman, of Carroll county, to Rosa E. Nolan, of Calhoun county.

Jim Snodderly, who was recently stabbed in a row at Metcalfe's saloon, is getting along nicely, and Dr. Bellinger who attends him, is quite confident of his recovery.

Adam Ritter will next week commence tearing down his old building on Main street just north of the Creton house, and will replace it with a new brick store.

Cocke & Morgan come out with a new new advertisement this morning which is well worth reading and well worth acting upon. They have the goods and the prices to suit all.

Some "fire-proof" paint which was being put on to a building, caught fire in the alley in the rear of Phillips' boot and shoe store, and blazed up lively for a few minutes, but did no damage.

C. B. Wait has commenced the erection of a large brick residence on the corner of Smith street and Sixth avenue. The plans were drawn by Mr. Maxon, and the residence will cost about \$6,000.

J. C. Eeke, a bicyclist, is stopping at the Pacific house, and is in training at the driving park, making ready for a race in Omaha, mile heats best three in five for five hundred dollars a side, the forfeit already up being \$100 a side.

Some doubt is expressed by some about the insanity of Morgan O'Brien, they claiming that it is on account of some family trouble that he left home, but the intimates of the family deny this in toto.

Cocke & Morgan and other merchants have been complaining because the big stand temporarily erected at the corner of Broadway and Bancroft streets, for last Saturday's political demonstration, has been allowed to remain there so long. It was accordingly taken down yesterday.

L. C. Taylor, who was charged with stealing some clothing from the Colorado house, was brought before Justice Schurz yesterday and took a change of venue to Justice Abbott. The charge of grand larceny was dismissed, and one of petty larceny filed instead, on which he was found guilty and sent to jail for ten days.

The ladies of the Harmony Mission society are making extensive preparations for an oyster supper to be given Thursday and Friday evenings of this week, at the residence of Mr. Fair, 227 Harmony street. The will be 25 cents admittance at the door for each person, which will include refreshments, either at the supper table or the oyster table, the proceeds to be used for furnishing the mission chapel, which is nearly completed. All will be made welcome.

Morgan O'Brien, who was brought back Wednesday to his home, from which he disappeared about ten days before, is threatened with a run of fever, and his mind does not seem to get any clearer. He says that he heard the men who were searching for him, shouting in the woods, and thinking they were after him to murder him, he ran out into the road, and started for home. His hands and feet were swollen badly, and he was covered with vermin. Of the \$21 which he had when he left home he had still \$11 in his pocket when he returned.

The Scott street bridge promises to be the most firmly built of any in the city. Piles are being driven to a depth of twenty-five feet, so that the tops are even with the bed of the creek, and then three feet of cement, and then iron tubes, three feet in diameter, are anchored on these, and filled with cement, thus making four forty-foot pillars, as solid as rock. With such a foundation the superstructure cannot but stand, no matter how badly the creek behaves itself, or how much of the banks is carried away. County Supervisor A. C. Graham is personally watching every detail of the work, and seems determined to have a bridge which will last for many years.

Pergu placed in nomination Okaloosa; Bro. Temple placed in nomination Dubuque; G. Rept. Whipple placed in nomination Burlington; Rept. Hagy placed in nomination Sioux City; Rept. Longerville and Rept. Hamilton placed in nomination Davenport. There being no further nominations, the lodge proceeded to ballot, with the following result: Independence 14, Okaloosa 19, Dubuque 25, Burlington 13, Sioux City 3, Des Moines 2, Ft. Dodge 1.

There being no choice, another ballot was had with the following result: Dubuque 50, Okaloosa 33. Dubuque having a majority of the votes, was declared the next place of holding the grand lodge.

Closing Out. To close the business I offer my stock of miscellaneous books, picture, fancy goods, notions, fire screens, casels, willow and cane high chairs and children's rockers, at prices never known before in the west. H. E. Seaman, paper, books and stationery, 504 Broadway, Council Bluffs.

CRUMBLING COURT HOUSE.

The Old Building Settling an Inch a Week and the Walls Getting Worse and Worse.

Yesterday the carpenters were called into the court house to cut off the doors so that they could be opened and shut, the settling of the building necessitating this. The old building has settled about an inch the past week, and during the two weeks past has settled nearly three inches. The iron doors, leading to the jail, were found to be useless yesterday, as they would not swing on their hinges. One of them will stay closed probably forever, as the beam above the door has settled so that the iron door has been forced into it fully a half inch, and the upright bar of iron is bent, while the hinges are sprung so badly as to be of no account. A piece was chiselled off the other side yesterday, so as to allow of its being used. The cracks at the rear of the hallway on the first floor, have grown so that a person can easily thrust his hand into them, and the rear wall is bulged out fully an inch more than ever before. It looks very much as if the front and rear walls were liable to fall outward at any time. The floor above rests on the middle and side walls, so that there is little danger of that giving away even with a crowd on it, for it would stand without either front or rear wall—at least it is so declared, but still it is a risky experiment, and even if the floor did not give way, the fall of a portion of the rear wall, or front wall, would cause a dangerous panic, if it happened while a crowd was assembled there. It needs but a glance at the building to convince even the casual observer that it is crumbling away very rapidly, and the city authorities should have it condemned. Its appearance is more alarming than was that of the Methodist church which the board of health so promptly condemned. While the question of building a new court house was before the people the talk about the cracks and crumbling was considered as mere campaign stuff to induce tax-payers to vote for the appropriation, but any citizen can satisfy himself now, without the use of eyeglasses. The rear wall is bulged out so badly that anyone passing along the street can hardly fail to notice it, while by inspecting the interior of the building one can see for himself that it is fast going to ruin.

CHANCE FOR THE BLUFFS.

A Heavy Stone House Talking of Starting a Foundry Here.

Council Bluffs needs badly some more jobbing houses and some more manufacturing, and whenever an opportunity arises of securing any such enterprises prompt attention should be given and prompt, enterprising action taken. Duff, Trowbridge & Co., who have a large stone foundry in Quincy, Ill., are now thinking favorably of establishing themselves at some point on the Missouri river and are looking favorably upon Council Bluffs and Sioux City, with chances in favor of this city. If there can be \$70,000 of capital secured here the firm propose putting into the business an additional \$100,000 cash, and will give employment to from 200 to 400 men the year round. The firm was formerly Bonnard, Duff & Co., and has the reputation of being a solid, enterprising house. Sioux City is using its best endeavors to secure the location of the works there, but it is thought that Council Bluffs can secure the enterprise if it will band its energies to the task, and show liberality and encouragement.

A CARD.

Permit me to thank the mayor, the police, and the citizens generally for the kindness shown me in the raising for me of \$100.00 cash to buy me a team in place of my team lost in the fire on Main street. I also ever remember the givers with gratitude and will buy a team with the cash and use it with care. J. W. Lee.
