A Subsequent Rhyme, A woman stood at a garden gate. Sing hey for the distant spreading sail! Sing hey for the dag that hurried by With a kettle tied to his tail!

Her neighbor's dog was an eeru our, Ah, me' and the kettle was new and bright; And the woman laughed in a rippling key, Sing hey, twas a mirthful sight!

Now, why such haste, good neighbor?" she cried;
"Why after the cur of the ochre tint?"
But the good man ran, and the language used Was entirely unfit for print.

and a youth stood by as the good dame laughed,
And the twain together made mirth the "Oh, isn't it funny?" she said, sne said. He answered: "Well, I should smile."

Then the stripling wandered a space apart, And drooped his eye ere he turned and (The dog and his burden were leagues away. "The kettle is your'n" he said.

(The poetry after Browning; the kettle after the dog; the weman after the boy.)—[The Rambler,

THE MYSTERY OF THE MINE.

The "Fraternity" Mine was situated on a treeless upland, near a little draw that ran down from the Caballo Mountwo prepossessing men who came "out from the East," as the phrase ran. Meagre the fact that the prevailing mining fever made a granite ledge seen scarcely an irrational site for prospect holes, the proprietors were ridiculed no little for their choice of location during their occasional the mine certainly could not yield them the necessaries of life. "She wouldn't peddle it to the new telegraph company for post holes." The parties were reti-

ousness of the camp.
At last there was the inevitable gratified flutter of fulfilled prediction among the prophets, when "Crib" Lowis came to make his abode in town, with the announcement of his partner's departure for their former home.

"Lon was not fitted for rough life like that," he said, in casual explanation. might have stayed with it for awhile. defense. But Lord! how he did hate this part of In another the world! All you fellows know how often he used to swear he was going to break off and go 'back to God's country.'

ed most unfavorably. He coarsened and roughened day by day, and settled through lower social strata, until the most depraved and vicious of the camp were his chosen associates in the wild debauches of which, without labor, he al. Walter, thrilling.

vays had ample funds. It was at this time that my father, nounced the arrival on the evening train, of a fellow-Californian and old-time ally transpire. whom I was a favorite, suggested that I draw. should make the fourth in the carriage. We made a late start, and driving easily the thirty odd miles, we reached the mine a little before night. It was how the cloud is moving.'

not too late to view the place-certainly as little as well might be like any pre-

fashioned farmyard. "And this is the mine that has cost terous sum on the strength of your ver-dict!" I cried, picking up a bit of the glistening white rock, almost white as marble, that salted the earth. "I wonder, Mr. Walter, that you dare assume such responsibility. This is certainly unlike any ore-bearing rock that I have seen, yet I flatter myself that I have

grown quite a connoisseur."
"That is the phenomenal peculiarity remains that the lead is almost virgin siltraced it far into the extension, by a well men worked almost as if by intuition? Only the baldest luck or actual clairvoyance can explain their strike. It was only actual satisfaction of my own senses that reassured me of the value of the mine, for Lewis' cagerness to sell was suspicious, as was his extreme anxiety to

"Something crooked," commented my ather, who is of an analytical turn, and iot over-full of faith in his kind. Mr. Walter laughed, "Straight enough

terializing soon. "But I am not to blame," said Alfred tains. It had been taken up in the first norther; and, now I think of it, this is Walter spoke. the first night I have been on this "This is more ground. On each of our three visits There is purpose in it. The manifestaaccross the divide to Salvador, and we mine!

slept there."
"Oh, no doubt Lewis has even more than the average eastern man's esteem for his own scalp, and a mile above here there used to be a favorite Indian trail. It is used yet at times-you may have revisits, for supplies or other marked that we kept no camp-fire, Keep business, to the neighboring mountain town. It was assumed that they had independent sources of income, since that we kept no camp-hre. Keep breath.

"Let us get out the shovels, unless you awaken Ysador and her warth at the same time. The child is we must open a tomb." fond of her name. Good night."

My last waking consciousness was one the necessaries of life. "She wouldn't of amusement at my father's cavalier buy her own fuse, let alone blasting dealing with Mr. Walter, and a mild powder," said one mining sharp, soi wonder at the patience with which that disant. "Such tenderfeet couldn't locate gentleman sustained patent reflections a graveyard for me. They'd better cut against his courage. Then an indefinite their shaft into three-foot sections and period of deep, dreamless sleep, before I awakened, starting, shuddering with the horror of-what was it? The lugubrious, long-drawn howl of a pack of wolves, cent and self-contained about their busidrawn hither by the scent of our food ness, and bore well the attempted faceti-But, in this section even the skulking coyote was rare in the extreme. Was it, then, the despairing cry of a wayfarer, belated, who had fallen upon some unknown peril, or had a band of marauding Apaches slipped down upon us to make an unaccustomed night attack?

"Ysador!" my father softly called, as cocked my ready revolver-for on the Now, if we had made a big stake, he frontier a woman learns the duty of self-

In another moment we were grouped beneath the carriage, preparing as we could for what might come. The long rifles rested across the wheel spokes, I miss him, of course; we've been to-gether from the time we could run No sight, no further sound. The night was opaquely dark. "The horses!" I Howard's absence was regretted less whispered, with a sudden recollection, than might have been had not Lewis so and in another moment young Hande freely alluded to his partner's sense of superiority to the section. There was no doubt that Lewis, left to himself, chang-

among us again, calm and wary.
"Oub and Baby are there," he said, "but trembling to their hoofs. They scent mischief." "Look at the mine!" cried Alfred

From the mouth of the shaft streamed upward-what? Aluminous mist, a coming home to our late dinner, an palely phosphorescent cloud, electric growing vague and dim, but unmistak able. It increased in volume and it neighbor of our family. Mr. Walter deepened in density, hanging an amormade one or two expeditions into the outlying region and then quietly stated lief against the gloom. Then began a to us the conclusion of negotiations by distinct movement among its particles, which the "Fraternity" became the property of a wealthy California mining company, as whose agent our friend had come hither. The terms of the sale were impossible to describe the peculiar apso considerable as to give the transaction | pearance of atomic scintillation in a mass an importance beyond any other that of purely nebulous matter that, in bulk, had taken place in the district for a gave no suggestion of molecular constitu-Walter, apprehending a rush of claim. densified about its centre. It was just so roused us from slember; the same alarm No need to question longer what had brain oppressed, the same depleted heart "A band of Apaches may have looked channels, the same wavering, failing

The spell was broken. How long we had been watching we could never know; weeks ago. Walter, you grow more but we must have slept until the night was far advanced and dawn had not yet come. The scenes we had just witnessed would have occupied hours in their actual occurrence; whereas they had been comp Walter, simply, and without temper, pressed into a brief period of time by "that I am over-susceptible to certain some subtle process analogous to the psychic influences, any more than a man swift operation of dreams. Shocked and s culpable who gets bronchitis in a Texas stunned, we had not moved when Alfred

"This is more than mere hallucination here, Lawis found something to take us tion is beginning again. Look at the

> Beyond a doubt there was some re petitive power here - some purpose of regularity in recurrence; for we watched the phenomenon until it had reached the stage of location. Then Alfred Walter stood up with a deep-drawn breath.

The three men lost no time; strong and active all, it was only a brief while till they had dug away the earth from the mortal remains of Lon Howard, done to death by the traitorous hand of the mar he had loved and trusted like a brother The terrible task accomplished, young Hande rode over the bridge to Salvador, and brought back a crowd of men and a buckboard to convey poor Howard's body

Our own party returned intect. We left our melancholy convoy a league outside the town, and hastened forward to prepare for its reception. As we drove through the main street of the camp, still early in the day, clusters of men were talking here and there with the absorbed. impressive air that generally tells of the tragic happening. From one of those groups a man we knew, an invetorate gossip, drew, apart and hailed us. "Hallo! 're back already? Heard the

news?" "We've heard no news from town What is it?"

"Crib Lewis was buckin' faro all day yesterday, He blew in \$7,000—the boys thought all he had—but they found checks for a little fortune in his room this morning. Say, he's sold his mine The old 'Fraternity's' richer than the Comstock, they say, and the dammed fool blew his brains out last night? G up to Doc. Hassler's and see him. I'd pay to look at a fool like that!"

Dr. Hassler was the coroner. His office was the objective point with the ill-tidings we carried. And so once more they rested, side by side, the partners in the "Fraternity."

Y. H. Addis, in the Argonaut.

COUNCIL BLUFFS

ADDITIONAL LOCAL NEWS.

Chance for Charity. A case of destitution is reported at No 1106 Seventh street, where Mrs. Flaherty and her five children are living, or more properly, existing. The oldest child is only eight years of age and the youngest a babe of ten months. The two youngtwelve-month past. Therefore, Mr. tion. Gradually the mysterious substance er children are dangerously sick, and the mother is obliged to go out to work to earn something to keep herself and children from starving. She is said to be a hardworking woman, but with a family of this size and with two of them so ill it is indeed a case where help from the outside is needed, and some of those whose hearts are warm should carry re lief to her.
