The potato race at the roller skating rink to-night will prove an exciting and amusing contest.

P. Kuhn, who was complained of for assaulting a tailor named Nelson, was yesterday discharged.

The county board is to meet next Monday, and will then probably arrange for leasing rooms for the county officers, and prepare to vacate the court house.

George Campbell, who was arrested for driving one of Mace Wise's horses at a reckless gallop along Broadway, was yesterday fined enough to make a \$10 bill look sick.

Regular meeting of Fidelity Council, No. 156, R. A., this (Friday) evening. Business of importance to all members will be presented, and a full attendance is desired.

The musical treat of the season at the Congregational church, Friday evening, December 5, by the Svendsen concert company. Tickets, fifty cents, at Homer's china store, 23 Main street.

Three of the four men arrested for the alleged robbery of McIntosh at Parks' mills have been discharged, and the fourth one, Swalgart, had his bonds fixed yesterday at \$500 to await the action of the grand jury.

Wednesday there was an observance of a special feast at the Catholic church, it being the day of its patron Saint, St. Francis. Solemn high mass was celebrated, Rev. J. J. Morris, of Missouri Valley, saying the mass, Rev. Father Halsey, being deacon, and Rev. Father McMenomy sub-deacon.

The ladies of the Harmony mission have done well in securing the Potter sisters for an entertainment here Thursday evening of next week in Masonic hall. The Potter sisters have the reputation of being at the head of all readers and impersonators in the country, and they should draw a large audience here.

C. G. Pike died rather unexpectedly yesterday morning at his residence, at No. 301 North Seventh street. He was aged forty-two years. The remains will be taken to Creston Saturday, that being his old home. He was a member of the G. A. R., having served in the 24th Michigan infantry, and the veterans will escort his remains to the place of burial.

The fire department is making great preparations for the ball to be given in Masonic hall, January 17. The sale of tickets has already commenced and the boys will have no difficulty in disposing of a large number. The fire lads are not very liberally paid, considering the hazardous character of their work and the responsibility resting upon them by day and by night, and the public should give them a benefit.

Officer Hurley had a sharp chase Wednesday night down the Rock Island road, after a man who answered the description of the fellow who tried to pass a raised check on Mr. Mosler. After finding the man he was after, it appeared that it was not the forger at all, but "the fellow who looked like him" - somewhat. Hurley worked well, but it was a fruitless chase.

There has been a good deal of talk about the paving being a good advertisement for Council Bluffs, but the dirt which is allowed to accumulate on the paving seems to be destroying whatever benefit might thus arise. For instance, among some of the country exchanges the following item is going the rounds: "The mud has accumulated to such a depth on Council Bluffs' newly paved streets that the recent improvement is not visible to."

ROBBED OF HIS ROLL.

Too Much Whiskey and Too Little Sense the Cause of the Loss.

A Bold Steal.

James Callan, an Irishman, who belongs at Mondamin, and who has only been in this country a year, complained at police headquarters yesterday that he had been robbed. It appears that he left Mondamin Wednesday for Missouri Valley, and there fell in company of a stranger, who was dressed like a farm hand, and who seemed a congenial companion. They drank together quite freely, and then on the evening train came to this city, and continued their carousal. At a late hour, the two went to the Coy house and were given a room. Callan was very drunk, and after his comrade had helped him into bed, he told Callan that he was going down stairs, and that he would take Callan's money and put it in the safe in the office, as somebody might break into the room and steal it. Callan lay there in a stupid condition and saw the fellow take the money, about \$112, and start out, but did not realize that he was getting the money locked the door as he went out, and took the key with him, fearing probably that Callan might rouse up and attempt to follow him. Coming down into the office, the fellow spoke to the night-clerk, told him that he was going out a few minutes, that his chum had gone to bed and that he would be right back to go to bed also. He, of course, did not come back, and when Callan woke up yesterday morning he then realized that he had been robbed. Officer Hurley went with him yesterday to Missouri Valley, there being some indications that the fellow had gone in that direction.

THE SEWER BONDS.

Another Committee will be Needed to Go East to Sell Them.

The sewer bonds, amounting to \$35,000 have been issued some time, but so far as learned, no effort is being made to sell them. There has been a great delay in getting the bonds in shape to put on the market, it being a long time before they were executed, and now they are lying in the city treasurer's hands with no effort being made to put them on the market. The work is about done, and yet is not paid for, and still this lethargy is maintained on the part of the city officials. So far as is known, no effort has been made to get the banks to sell them or brokers to handle them beyond, perhaps, some informal conversation, street talk, or a little advertisement inserted in some obscure paper.

An official attempt ought to have been made some time ago to get some banks or brokers to sell them instead of letting the matter drift along. The result will be in the case of the paving bonds, that the emergency will get pressing, and there will be an urgent demand for money, a committee will need to be sent in hot haste the expense will be as great or greater than to pay a commission for selling the bonds, and the final outcome will be no more satisfactory. The inactivity of those who have the matter in hand, looks very much as if they preferred to let the thing go until a committee of their own number could have a pretext for taking another eastern trip.

Window shades at cost to close them out. P. C. Miller 13 Pearl street.

THE DISTRICT JUDGESHIP.

Looftbourow's Friends Hunting 'up Errors to Count Aylesworth Out.

THE BEE a few days ago gave the news that errors in the returns were being claimed by Judge Looftbourow's friends, and that they had discovered enough to count him in instead of Judge Aylesworth. Some laughed at the idea, and termed it a mere sensation, but it appears that THE BEE was correct, and that such a search was being actually made at the time. The following is given as a portion of a letter received by Judge Aylesworth from a gentleman in Jefferson, Iowa:

"The board of supervisors of the county met to-day and after receiving new or amended returns from the election board of Grant township and Scranton township the board have made a new or amended return on district judge. They give Looftbourow 8 more votes in Grant and take the said 8 votes from Aylesworth. They also took 3 votes from Aylesworth in Scranton township and gave 2 of them to Looftbourow. This is a change of 21 votes in Looftbourow's favor."

It is claimed that there are other errors also in Judge Looftbourow's favor. In the returns the only peculiarity discovered in the returns is that of the Second ward, as noted the other day, where the tally sheet shows three less votes for Aylesworth than the certificate shows. It seems evident that Looftbourow's friends are determined not to leave a nook or corner unsearched, but will hunt up every error in his favor. Judge Aylesworth says there are some errors in his favor, and is confident he is elected.

FREE FOR ALL DASH. Three Teams Indulge in a Runaway on Broadway at one Time.

Yesterday forenoon about 9 o'clock there was a lively runaway item, three teams joining in making the commotion. Bell & Hall's delivery team was the starter. They started on their dash from the upper end of Broadway and as they reached the front of S. Goldstein's second hand store between Scott and Sixth street, they made a dash against the wagon of L. A. Casper, whose team was standing there. The runaways crowded between Casper's team and the front of the store, smashing a set of platform scales, and starting Casper's team into a run. Both teams dashed on to the corner of Seventh street, and there stood one of D. H. McDonald and Co.'s teams. The wagon was struck and overturned, the contents, consisting of meat, was scattered about while that team started off also on a run, dragging the running gear so far as Seventh street bridge, where they got clear of it. In the meantime the two other teams run down Broadway, scattering things generally, but luckily injuring no one.

Restoring Rates.

The local agents of the roads here were yesterday notified that rates had been restored, the fare between here and Chicago being \$14, and between Kansas City and Chicago \$12.50. The telegraphic report published in the morning papers that rates had been restored to \$12.50 between Chicago and all Missouri river points, caused some annoyance to agents here yesterday, who had some difficulty in explaining to patrons the difference between Council Bluffs and Kansas City.
