The Time of Paving Bonds Desired Extended - Other Changes Wished for,

The meeting of the citizens of Omaha, suggested by the board of trade and called by its secretary, Mr. Thomas Gibson, was held in the rooms of that body order by Mr. Evans, one of the vicepresidents of the board and presided over

by that gentleman. About seventy-five citizens were present, including Messrs. Winspear, Troup, boys in their employ, on Saturday at the Mulvihill, Riley, Brunner and Turtle. members-elect to the legislature, and councilmen Behm, Ford, Reafield,

Thrane, Furay and Hascall. The object of the meeting was first stated by Mr. Gibson. The chairman then asked the pleasure of the meeting. The secrebe a meeting of Camp No. 21, Gen. G. G tary first read a resolution suggesting that Sixteenth street, from Faruam or Douglas to a proposed viaduct over the railway track, be made a thoroughfare for easy travel, and that the council appoint a committee of three of its menibers and three citizens to take the neces sary teps that the proposed viaduct may be constructed at the earliest possible

noment. Mr. P. E. Her then moved that the resolution be recommended to the city following bills were allowed council for its adoption by that body, stating that when Mr. Hammond, the H G Clark & Co., coffee for city poor. \$ 14 00 was here, his greatest objection was to their distance from Omaha. The speaker W J Broatch, oak. 122 60 and words would was read on the speaker with the speake "aid he would waive all damages that might result from the carrying out of City W W Co. water for iail and this resolution.

Mr. Creighton said he was opposed to the measure, as it meant the bonding of the city to an extent of \$200,000 or more. If act passed authorizing the issuance of bonds for one viaduct at least four would be authorized, one for Tenth, Eleventh, Thirteenth and Sixteenth each.

Mr. Hitchcock said the revenues of the coming year were mortgaged for expenditures of this year, and before such a resolution was adopted a calculation of costs should be made.

Mr. Hascall said a city could not be built without expenditures. The grading and curbing and guttering of the hind. # The City Tofested With Thieves,

A Bold Robbery Committed in the Heart of the City.

The arrest of Johnnie McClellan and his crowd seems to have been the signal for turning loose the worst elements in our society, and life and property are held in as light esteem as in any frontier city If the town harbored only thieves and burglars it would not be so serious a matter, but so desperate are the criminals who have taken refuge here that deeds of violence have become of almost daily An instance in proof of this assertion

called to attend a patient in a cellar on 13th and Jones streets. The place is inhabited almost exclusively by Italians, and when the doctor arrived there he found himself in a bad crowd. The man he went to see was lying in a pool of blood and the doctor had difficulty in dressing his wounds. He was obliged to go home for his surgical instruments and on returning found the 1 t2 to the sick man and tried to drag him into a row. Dr. Hoflman drew his revolver and threatened to shoot down the first person who interfered with him in 14 90 his business and thus was able to get through without trouble.

At the present rate it will not be long until a vigilance committee will be required to straighten matters up, and that measure will be resorted to soon if crime is not curbed down. As it is now no one is safe from the villains who infest the city and find refuge among those who should be the first to "fire" them.
