FINANCE AND COMMERCE.

FINANCIAL.

NEW YORK, December 17.—Money—Easy at 1@1½ per cent.

Prime paper—4½@6c.

Sterling Bills—Steady at 4 81; demand 4 84½.

Governments—Easier.

Railways—Irregular.

Stocks—After a firm opening and an advance of ⅛@1¼c, became weak and depressed. Lackawana was a special card, breaking from 97c at close of yesterday to 92½c. Over 121,000 shares changed hands on the way down. The immediate cause of the break was the announcement that the white pool had liquidated some days ago at an average of 1 02½@1 02¾. The bears made frequent raids on the Western Union and broke the price from 60⅝c to 57½c. The market closed weak at or near the lowest price of the day. The business of the day was active and large blocks of some leading shares were thrown on the market. New current was bearish. It was reported that the trans-continental association could not agree and that the Morgan line had cut rates in the south. Pacific Mail was exceptionally strong, rising 1¼c to 56c on the official statement of the company's indebtedness to the Panama railroad of $30,000 would be paid. Parties controlling the indebtedness have signified their intention of accepting the offer of the steamship company. Compared with last night the closing prices are ½ to 3⅜c lower.

OMAHA MARKETS.

OFFICE OF THE OMAHA BEE,
Wednesday evening, December 17.

The cold spell has brought with it a demand for poultry. To-day has been a busy one among the commission men and all the turkeys, with the exception of a few late receipts, have been gobbled up and disposed up. Prices have been 15@15½c for prime stock. We advise shippers to send in their turkeys now without any delay, as the market is probably as good as it will be during the season For a few days past dressed chickens have been scarce and have been sold as high as 11c per pound. To-night a number of chickens were received, and prices are liable to decline considerably. In other produce the market is about the same as at last writing. The oyster trade is improving with the cold weather. Collections are about the same as at the 1st of the month, not having improved to any great extent.

The following prices are charged retailers by jobbers, wholesalers and commission merchants with the exception of grain, which is quoted at the prices furnished by the elevators and other local buyers:

Some summer-packed stock is received occasionally which only brings from 7 to 8 cents. Wrap the rolls in thin clean muslin and avoid mixing different qualities in one package as much as possible. Creamery 22@25; fair to good, 12@15, choice dairy, 16@18; inferior grades, 8@10.

Eggs—The cold weather of the last few days has given eggs a little boom. Prices are now firmer at 23@24c.

Poultry—Is greatly improved and the old prices re-established and expected to remain firm from now until the holidays, providing the weather does not go back on us again. As it is an old experience that the last day or two preceeding the holidays generally bring a glut of poultry and often reduced prices instead of advanced, we would advise shippers not to hold off any longer than necessary but to ship right along while prices are fair. In order to obtain top prices for dressed poultry in this market, the same should be dry picked, entrails removed and head and feet cut off. Live poultry very dull and not advisable to ship. Chickens, dressed, good to choice, per lb, 9@10c; chickens, dressed, fair to good, 6@7c; poor, 4@5c; turkeys, dressed per lb, choice, 12@13c; turkeys, dressed, fair to good, 10@11c; poor, 8@9c; geese, dressed, per lb, choice, 11c; fair to good, 9@10c; poor, 7@8c; ducks, dressed, per lb, choice, 12c; fair to good, 10@11c.
