WASHINGTON NEWS.

MINISTER MORTON'S CANDIDACY.

Special telegram to THE BEE.

WASHINGTON, January 2.—Word reached here within a day or two from Minister Morton that he has decided to allow his name to stand among the list of the New York senatorial candidates, unless it becomes apparent that his withdrawal would render certain the election of Arthur when he will at once take this step.

It is known that Morton has been advised by his friends that his withdrawal at this stage would not give President Arthur sufficient strength to insure his election, and therefore he must stay in the field. His friends and supporters here are apprehensive of his determination to have a strong construction placed upon it by some of the president's friends, and he is regarded as an open refusal to support him. This they say, would place Morton in a false position, as his loyalty to Arthur cannot be called in question, and that he is ready to throw his influence in favor of the president the moment it can be shown that by so doing the country would be benefited.

A New York republican, who has been in cable communication with Morton, assured the correspondent to-day that the latter was very anxious that the president should understand clearly his position, and be assured that he would continue no movement on the part of his friends having a tendency to bring his name into antagonism with Senator Miller, who is returned from New York Wednesday night, is still very non-committal regarding his intentions, and talks with less freedom than he did before he held the conference with his friends early in the week in New York. His friends say that he is disposed to take no active part yet, but to await further developments. That he is much more inclined to support Arthur than any of the candidates is a fact well known but his own mind will not go into the matter unless to protect his own seat two years hence. The whiskey interest is not altogether pleased with the reception accorded Attorney General Brewster's opinion that the time for paying the tax now due on whiskey in bond can be extended by simply filing a declaration of an intention to export it accompanied by a bond, and they are pushing Secretary McCulloch for an immediate decision as to whether further action should be taken.

The secretary naturally inclines to give the relief asked for at the same time is not quite prepared to do so in the face of public opinion. The expected conclusion will be reached by the secretary before the close of the session, but he is regarded as a reference between the secretary, Senator Beck, Representative Thomson and Commissioner Evans will take place, at which the latter is to submit new regulations. The whiskey men are confident of success.

GENERAL GRANT'S HEALTH.

WASHINGTON, January 2.—A prominent government official says when in New York a few days ago, he learned that five physicians had been called in consultation to examine the state of Gen. Grant's health and arrived at the conclusion that the general was completely broken down, physically and required absolute rest.

THE SUB-COMMITTEE.

The house committee on appropriations having in charge the fortifications appropriation bill intends to report to the full committee the same measure reported to the house by the majority appropriation committee at the last session, which appropriated about \$7,000,000.

REPRESENTATIVE SPRINGER.

Chairman of the sub-committee appointed to investigate the conduct of Marshal Wright at a Ohio election, left Washington to-day for Cincinnati. Van Alstyne and Stewart, other members of the committee, will meet Springer in that city. The investigation begins Monday and continues two weeks.

THE PUBLIC DEBT.

The increase of the public debt during December was \$241,337. The decrease since June 30th, 1884, is \$31,501,861.

Paymaster W. S. Smith's Big Spree.

WASHINGTON, January 2.—Paymaster W. S. Smith, who has disappeared from Savannah with \$5,500 government funds, appeared at the war department to-day and voluntarily surrendered to the paymaster general. He turned over \$5,150 of the money he carried off. His salary for December was \$250, and \$100 was paid for him by his friend, making the full amount of \$650. Smith says he went on a spree Christmas, and knew nothing of his actions till the committee on Springfield, Mass., a check of \$1,000 as his contribution towards the fund.

New York Stock Market Booming.

Special telegram to THE BEE.

NEW YORK, January 2.—Stocks opened with a boom for the new year and advanced in the first hour 2 1/2 per cent for Lackawanna, which continued the most active stock on the list. Grangers sold up for Northwestern,
