A Valuable Discovery.

A graduate of Yale College. Dr. Samuel K. Cox, D. D., Practical and Analytical Chem-ist, Washington, D. C. makes the following official stat ment: "To the thousands whose systems instinctively shrink from the use of Morphia and Opium, and especially to moth-ers, who justly dread the evil, and at times, fatal effects of these dangerous drugs, the red Star Cough Cure must prove a boon. It is not only only on the factor of the sector of the sector. is not only entirely free from all optates, poi-sens, and emetics (a thing which not one cough preparation in ten can beast), but it is also sether an original and most happy combina-tion of the best remedial agents, and is as harmless as it is effective. I have this asser-tion on careful analyses and numerous practi-cal tests - the latter in every case resulting in a speedy cure."
