Breefs] Correspondence of THE BEN. LINCOLN, Neb., January 13th, 1885 .-The Miller resolution, which proposed to put the members on record regarding the payment of the Bradford claims, the annual Christmas gift to Pat Hawes and other momenters, created a g eat stir among those who expected to get away with a portion of the swag, and now that the membe s are to be put on record by Miller there is no end to wry faces among those who "dont like the med cine." Your correspondent fully believes that the resolution will fail to pass, for this reason: abipped from somewhere in the cast to a The Union Pacific, the B. &. Altogether the introducing of what seemed to be a harmless resolution will work a great injury to the state-we shall be compelled to pay the claims in the end and get no railroad legislation. Gere, of the Journal, is kept busy now-1-days in diverting the attention of the logislature from the real issue-railroad legislation. He boils over with sarcaam about Van Wyck and by a skill-ful manipulation of the despatches makes out that Van Wyck is a commotious asi. The railroads are half scared to death for fear such a law-either state or national-may be enacted, in which event their power to build up one man and to break down another would be broken. The idea that the railrouds should not charge rates commensurate with the distance hauled is nonsens :.

In the three cases were about 1,000 cartridges, or about 300 pounds of the explosive. The druggists returned the dynamite to Mr. Zabriskie, and he had it taken to the river and dumped under the ice. The stuff was have for its main object, 'the greatest mining company in Colorado, and as the company did not receive it, it was shipped back to Omaha for storage. The boxes were plainly marked potash. ### and Morrell's Drug Store.

Sunday morning about 2.30 o'clock two young fellows, one white and the other colored, drove to Leslie & Morrell's drug Gitson, Miller & Ri chardson, stationatore, corner of Sixteenth and Dodge streets, and woke up one of the proprie-tors to have a prescription filled. They left their horse standing in front of the store and went inside Mr. Leslie, the man who was awakened, had to go behind the prescription case and left the two fellows standing out in the store.

While he was putting up the medicine he had his suspicions aroused and inquired who the medicine was for. The two tellows evaded his question and did not give him any answer. After he had i led the prescription he returned to the front part of the store and the colored man had gore out and was then in the eleigh. He sg in asked who it was for and was told that it was for a party down on Thirteenth street.

This morning he tound that a box of o'gavs, a fine paper weight and a lot of perfumery hal been stolen. A halfdezen silver spoons had also disappeared from the soda fountain and the fellows would probably have carried off the fountain itaelf if they had been able. The matter has been placed in the hands of the police and they think they have the men spotted.
