In a very few years manufacturing will be conducted extensively in the far northwest, where goods are now carried from 1,000 to 2,000 miles, psying high from 1,000 to 2,000 miles, paying high rates of treit ht. This probably is clearly foreseen in the discovery of vast bels of coal in Wyoming, Washington and Dakota. In cutting a 1,400-foot tunnel in Wyoming seven veins of coal were cierced. Three are worked which are 5. 8 and 10 feet respectively, and tunneling is in progress for an 18 foot vein In another place a 14 foot vein has been found. In Winnipeg valuable ore—beds are worked. This means the builting high rates after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. The remarkable growth of Omaha during the last few years is a matter of great astonishment to those who pay an occasional visit to this growing city. The development of the Stort Yards—the necessity of the Belt Line Road—the finely paved streets—the hundreds of new residences and costly business blocks, with the population of our city more than doubled in the last five years. All this is a great surprise to visitors and is the admiration of our citizens. This rapid growth, the business activity, and the many substantial improvements made a livery demand for Omaha real estate, and every investor has made a handsome profit.

Since the Wall Street panie with the subsequent cry of hard times, there has been less demand from speculaors, but a fair demand from investors seeking homes. This latter class are taking advantage of low prices in buildng material and are securing their homes at much less cost than will be possible a year hence. Speculators, too can buy real esta's cheaper now and ought to take advant e of present prices for future pro ts.

The next few years promises greater divelopments in Omaha than the past iv years, which have been as good as we could reasonably desire. New manafacturing establishments and large jobing houses are added almost weekly, and all add to the prosperity of Omaha.

There are many in Omaha and throughbut the State, who have their money in the banks drawing a nominal rate of terest, which, if judiciously invested in maha real estate, would bring them much greater returns. We have many pargains which we are confident will bring the purchaser large profits in the
