GOLDEN GRAIN.

The Continued Influx of Cereals From the Interior.

What Prevents Omaha From Becoming the Northwestern Granary-The Problem of Trans-

> portation. ---

The steady flow of wheat and corn, H. Burgess, John M. McDonald, John and especially the latter, from the inter- Hoye, members of the Athletic and and especially the latter, from the interior of the state still continues with well
nigh unabated measure. For some
weeks past there has been an average receipt at the Union elevators of about
sixty car loads of corn a day, and a

THE NEW BULES.

H. Burgess, John M. H. Burgess, Joh shipment of about reventy car loads. The bulk of this business goes to the seabcard, and thence to various points A Rebellions Feeling Existing & mong across the ocean. So far as the prices paid for corn are concerned, farmers have nothing to complain of. They have been getting an average during January of 23 cents and have been paid as high as 25 cents, and in some instances 26. OMAHA AS A GRANARY.

A Bee representative in discussing yeaterday the grain situation with the memwith reference to the transportation phase of the grain problem.

estimation of well-posted grain men, carries little or no grain into this city. city, is found in the explanation proffered "Personal to employes" which prefaces by the company that they cannot afford the rules. It reads: the extra run from Orcapolis Junction to Besides this, say they, "we cannot afford to pay the toll across no doubt but that the policy of the road is greatly damagin; the interests of Omaha. "If the Burlington & Missouri Missouri Research of the Burlington of the Research of the would throw their traffic into Omaha as a follows: grain center," said Mr. Himebaugh," it would been the building of elevators, perity. Omaha could soon hope to comwith Morneapolis, with St. Paul or with Kansas City; and it would not be long before her growth would have placed her, in point of size, on an equal footing with any of those cities? But the bulk of the corn trade, carried off by the B. & M , from the interior of the state is thrown into Chicago, and thence into eastern channels. For years this state of affairs has existed, acting to prevent Omaha from asserting her position as a great grain centre. Instead of having a radial system of roads plercing from this point, the great a gratuity on the part of the company," northwestern and southwestern sections of Nebraska, Omaha allows the traffic to be diverted to either side of her, some passing through Oreapelis, and Blair. So that while by rights she ought to become distributing centra of the grain of the state, she allows the grain traffic to be taken from her and thrown into other

points. It is believed, however, as stated by that there is a coming relief for this existing state of affairs. The projected "Ashland cut-off," if built as contemplaned, will connect the stock yards with that instead of running to Oreopolis, and thence to this city, the freight trains can come in direct route. A further extension of the line will bring the local grain elevators into direct and easy communi-cation with the main branch. Then, as Mr. Himebaugh expressed himself, "It will not be long before the grain dealers of this city will be handling a large and steady volume of business over the courses, adorned with monuments

The problem is one that has been long and earnestly discussed by the local posing public buildings, chief of which is "Knights of the Cereal Circle." It is the capitel, standing matchless in grace believed that a satisfactory solution of the question will soon be reached in the mens of architecture in the world, are manuer indicated. Or barring that, that all objects of unfailing enjoyment to the the projected cut off will be the beginning of a series of movements which shall place Omaha in a positio ton lay proper and undisputed claim to the title of the grain receiving and distributing centre of

Would be Wroming County Wits. BATAVIA, N. Y., Feb. 4. -At the Cen-

tral railroad station, in Batavia, this morning, a man of medium size, attired In a long ulater, attracted the attention of the loungers. He had just alighted from the train from Attica. Hurrying to the telegraph office he handed the operae gazing crowd which returned the salute tor the following message, written on a strain pulled out of the station. Cleve half sheet of common note paper: half sheet of common note paper; To President-elect Cleveland, Hoffman House, New York City:

Will be at Heffman House on arriva in city. E. C. AUSTIN. The man was the political "crank" from Attica, whose eccentricities during past years have won for him newspaper They rolidified the ground and the roots of the notoriety in that section of the state. To bystanders he said he was bound for New elect in response to a telegraphic request ing. We see, however, a much larger from Mr. Cleveland to join him in consulprisin of her illumined disc than the 48 502 quarters at 37s 3d the corresponding week last year. The markets continue slow with declining values in the pro inces. Prices are a shilling lower for English wheat, and cheaper for any foreign equivalent. Receipts of wheat moderate. Flour heavy, altogether equal to 75,644 quarters of wheat Elmer therefore dealined 6463. tation. The telegram was, of course, a crescent she turns toward us when at her forgery, concected by some light headed period of greatest brilliancy. Seen in the would be wit, but it would have been telescope, she is now in gibb us phase, would-be wit, but it would have been impossible to convince him of this fact, like the moon approaching the full.

away frock coat and a white vest. His necktie was also white, and on his head rested a silk bat. He would not be taken for a 'crank," as he is a pleasant talker. The cruel telegram which sent him on his foolish trip has convinced him that he can have any office in the gift of the executive, even a secretary's portfolio. In speaking of the matter he said there Three of the wounded have already died and one or two others are not likely to recover. cessions made in the interest of harmony, and he was willing to do all in his power to aid in perpetuating the democratic party. He boarded the train for the east upon its arrival and set out on his

mission. Austin is the son of a farmer near the village of Attics, Wyoming county, who at one time was reported to be one of the wealthy sgriculturists. Eugene C. Austin has long been work minded regarding political matters. For years he has been known through Wyoming county as the butt of various stup d jokers. Aparty of these once waited on him and told him he had been nominated for the assembly, and arrangements had been made for him to deliver an address at the county seat. The storm centinues very severe here and cross the state. All trains late and some risgs drawn by four horses and driven to He went to Warsaw, was met at the stathe village square. There he began an address, but was egged by his termentors. Early in the presidential campaign of 1880 he was a republican, and was induced to go to Mentor to see Gen. Gar-SPRINGFIELD, Ill., February 9. - Much anx- field. He went, but his magnified imety is felt here lest some of the members of portance obtained no recognition for him the legislature who went home to spend Sun. at the home of the republican candidate, day, should be blockaded on the railroads by and he returned to Attica disappointed, the great snow storm and fail to reach here dejected, and a democrat. His vote was in time for the balloting for United States senator to morrow. The storm is reported as the severest and reprehenses of the se latter's nomination last summer Austin

about a month ago to attend the Charity Senators and representatives not in their Ball the crank went to the "breezy city. seats to morrow will have no vote for senator, Going to the Genesee house he inquired for the president-siect, and was shown into the presence of a large, good-natured gentleman, who treated him with the utmost consideration. Matters of party IOWA. policy were pleasantly discussed, and Austin was much elated. He accepted caused the imprisonment of a man giving his with profuse thanks an invitation to visited Balfast, Iowa, this week, and while such the pretended president elect was, "set 'em up" for the crowd that hadgath ered and quietly withdraw. As soon as gone Austin leaned over the bar and ask-ed if he could buy the glass out of which the president-elect drank. The tarkeeper granted his desire, the politician paying well for the article which he carried

home. The various deceptions which have been practiced upon Austin have cost him in the aggregate several thousand dollars. His father, who has lived the term of years allotted to man. is not strong mentally, and Eugene obtains from him the funds with which he is able to gratify his crazy ambition for stabbod Phelan in Rossa's office, was released political preferment. A few years ago the old man placed a mortgage for \$3,500 Dennis Corbet, a West Thirty-Ninth street upon his farm to satisfy the financial demands of his deluded son, and before that \$7,000, which had been deposited in an Attica bank to that Eugene could withdraw it, had been swallowed up, a fact which must seem excruciatingly funny to the average Wyoming county "practical jokers," who have succeeded in awindling Austin when other confid ence operators and swindlers, who pro fessionally make such unfortunate people

their aupes, have tailed. Austin now believes that he will be received by President-elect Cleveland, and although he has never exhibited any indication of violence, the rational people of the county who see nothing funny sending Austin on his fool's errand fear trouble may come, and say it would be a wise act to watch him or place him under restraint.

Low Rates to Inauguration Cereme nies at Washington.

Mr. E. A. Ford, general passenger agent of the Pennsylvania lines, west of to-day affirmed the judgment of the court of Pittaburg, announces the following firstclass rates for tickets over the Pennsylvania lines to Washington and return, on the occasion of President Cleveland's inauguration, March 4th, next.

The original rates proposed by Mr Whitping the American Hog for Ford for this purpose were considerably less than these, but because of a deter mination on the part of his competitors a compromise: From Chicago to Wash

Solid trains of coaches and Pullman sleeping cars will be run to Washington over the Pennsylvania ilnes from their various termini in the West and Mr. For a assures us that the standard of excellence in all that per ains to the transportation and care of their patrons, for which these lines are already famous, shall be fully maintained on this occasion.

The Planets for February. Jupiter furnishes the chief interest he month. He is morning star till the 19th, when he becomes evening star. At o'clock that morning the opposition co curs: Jupiter then is in line with the earth and the sun, the earth being in the middle so that we are at our neares, point o him and he is larger and more bruliant than at any other time. Rising in the east as the sun sinks in the west and fading out of sight in the mists of the west only as the sun rises, the planet is the glory of the heavens. He is of the createst interest to as ronomers and many telescopes study the planet nightly. The spots and purturbations of his cloud surface show a process of worldmaking on a huge scale. Mars presents the ctaer imcreant epoch in the revolution or th uperior planet being in conjunction with he sun on the 11th at 7 s. m., thet is, in line with the sun and the earth with th sun in the middle and as far from the earth as possible. Until that date he is evening ster, after it morning star. Then he rises and sets with the sun, and for months is of little account, insignificant neize and close to the sue. Saturn is now an evening star, setting not far fr n 3:30 s, m. Though he contributes no in ident of special interest, he is in a fine position for observation, as his rings are open nearly to their widest and the plant is so far north that the opportunity of tudying them is the best p saible. Neptune and Uranus are morning stare. venus is morning star. Her lust regrows dim, and her size diminishes as she draws nearer the sun and rises later every mera

The Reporters' Strike in Vienna. Springfield (Mass.) Repeblican.

The Vienna papers show no sign of ober second though in their purpose not to report the proceedings of the Australian Reichstrath until a formal apology has been made to the reporters who were insulted" by a member in Thursday's debate. This person made a petulant allusion to journl's's as hanging around the chamber, catching up goesip and misrepresenting the statesmen therein congregated. This sort of thing is disconsted in America, where the newspaper men make due allowance for the personality of their critics; but in Austria the fourth estate stand much upon its dignity. Even a passing apology from the president of the legislative body did not serve to abate the storm, and the reporters, who are vigorously sustained by their employers, insist upon some kind of an apologetic resolution. Neither the proceedings of Thursday nor of Friday were printed in any of the Vienna papers, and there is talk of withdrawing taliation. Sundry members of the Reichthe public printing from the papers in restath have freed their minds on the matter in the shape of communications, paid for at the usual advertising rates. forces is an entertaining one, but it cannot continue long. Its occasion was too inadequate to warrant that public inconventence which has followed. The Clearing Houses,
