CITIZENS' ASSOCIATION.

How It is Officered, What It Will Do, and How It Will Do It.

A New Organization,

There have been all sorts of reports as to what the Citizens' association is and a determination on the part of the better what it is purposed to accomplish. Even the reputation of being an houset man, the mayor, who prides himself on 11s and is rather against the present adminisbeing the father and helper of all enterprises for uphuilding the city, claims that t is made up of insurance men, who have thus organized to defeat the proposed local taxation of insurance companies.

The Nominees.

Who is this Reed whom the democrats have nominated for a'derman from the Fourth ward? That question was heard burglazizing Cooper & McGee's store, frequently yesterday. Many, however, a e able to answer it, and they know him to be just the sort of a man who ought to make a g od alderman, although he has not had great experience in municipal matters as an official. He is a clerk in the freight flice of the Union Pacific, but he friends claim that he is not a "U. P." candidate in the ordinary sense of that term, and is not a monopolist gany has increased its capital stock to He is u ged by the workingmen, who \$400 000 and is to remove its principal have confidence in his being true to their interests, and is backed solidly by the recitents of the bottoms, who feel that they have had no representation in the changed to that of the Western Home coone l, and that they have not been pro

He has been known as an anti-Vaughan democrat, but it is understood that the mayor and that clique have sought to win him over, and make h m feel that he is under obligations to them for supporting him. It is thought that he has strength and boldn sa enough to demand of the clique 'hands off." If he does not he will lese many votes, and will doubtless be defeated, for this year there seems to be

old slates and try reform.

The nomination of George Blaxsim in the Third ward is by no means a bad one for the democrats. Mr. Blaxsim runs r trati n. There is no fear of Mr. Blax-slm, if elected, doing or allowing any crocked work or funny business, but the only fear is that he is not shre ad enough in the wdy ways of the cld office-holder and politicians to see through schemes. and prevent himself from being drawn into them. He is not a strong candidate publicans are wise in their nomination they can have a republican alderman from the Third.
