Randall and Carlisle,

Mr. Hay is not a Randall man in the sease of being a thick and thin follower of the ex-peaker. Mr 'Carlisle has ssked for nothing With the first of the Kentucky del gation he orged the apointment of Mr. Th mps n as commisioner of internal rev. nue, but the struggle over that office was not between Mr. Carlisle and Mr. Randsli, for Mr. Randall did nothing in the contest, never having seen Mr. M ller, the successful applicant. It is reported that the appointment of Mr. A kins as commissioner f Indian affairs was distasteful to Mr. Carlisle, but the troth is that Secretary Lamar consulted Mr. Carlisle concerning Lawrence Kenentesky, a Fremont boy, while "catching on," had his right foot taken and that Mr. Carlis's expressed his bellef that Mr. Atkins would make an excellent officer. Speaker Carlisle has asked for nothing from the administration except

as he has filed application for places coming to him from hls Kentucky constituents. He is willing to say to the president, or to any member of the cablnet that any man in whom he has confidence is worthy of public employment, but he has not sought to gain his ends by seeking places for his friends. He has made no requests for appointments: he and Mr. Randall have not come in conflict or has the administration taken sides or or against either the Randa'l or Carsle d'emocrate.
