Woman's Suffering and Relief. Woman's Suffering and Relief.

Those languid tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its former elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system, are relieved at once while the special cause of periodical pain are permanently removed. None receive so much benefit, and none are so profoundly grateful, and show such an interest in recommending Hop Bitters as women.

The infinite accumulations drowning.

In the Seminos mountains, about forty miles north of the Union Pacific railrond, is a and have and horees. The gift, if made, will reach the very large and extensive body of asbestos, magnificent sum of \$1,000,000.

An artesian well, which has been sunk Anderson, Shasta county Cal., and which had attained a depth of 200 feet, suddenly commenced to fill up from below, with sand and gravel, which is forced in from some subter-ranean source, and which comes in with such force as to drive up the boring apparatus. It has filled the well to the height of forty feet from the bottom. The occurrence puzzles the

A Fossil's Tale,

Washington Letter to the Pittsburg Times. One of the old fossils about the de partment of state, who, from outside appearance, looks as it he might have received his appointment during Jefferson's secretaryship, says that within the last two years more preachers have applied for consulates than ever before. They ships at the present time. "If I were president," the old fossil continued, "I to him for a foreign appointment. "What's your profession?" Jackson sked of the minister.

"A preacher," the latter replied.
"Then," said the president, "you hold a better appointment than 1 can give

"The preacher," my informant con-tinued, "looked at Jackson for a moment, turned upon his heel and left the room. He made no more applications for foreign appointments."

Some very queer letters come to the state department from individuals who aspire to go abroad. One ambitious but honest democrat desires a foreign misston. He says: "I can speak five lan-guages fluently and indiscriminately."

Pagumatic Tubes.

The French appear to very much in earnest with pneumatic tubes, and it seems to be a fact that in a short time lines will be formed to convey packages from Paris to Brussels and to London. For the latter transmission an hour, it to asid, will be required for an ordinary mail. The fact, if realized, will open a wide field for speculation. If a mail can be shot for hundreds of miles, like a bullet, over land and sea, why not anything -even a man-without injury?

Richard Critchett, of Barrington, N. H., who is now in his ninety-sixth year, walks perfectly straight, and has never experienced a day's sickness.
