FINANCIAL

NEW YORK, May 6.—Money—Easy at 1 @1½ per cent. Prime paper at 4@5 per cent. Sterling Exchange Bills—Unchanged at $4.86½; demand, $4 88.

Governments—Unchanged, except a decline of ⅛ in 3's.

Stocks—There has been a decided reaction in the stock market to-day. At the opening, bears were treated to a genuine surprise by the strengte displayed throughout, but it was followed by an advance in loaning rates for he former, whichdid not culminate in as much as ⅜ of 1 per cent was paid for the use of the stock for the day. The rally was also accompanied by a decided improvement in the amount of business done, and the advance was not checked until after 10 o'clock. Later in the day an effort was made to depress prices, but the decline was checked before 3 o'clock, and the market closed strong at quotations which show advances in almost everything on the list, the gains being from ¼ to 1c. The lowest prices were generally at the opening; the highest prices were made after 10 o'clock in most cases, and the closing prices are a little below the highest of the day.
