

THE DAILY BEE. COUNCIL BLUFFS.

Tuesday Morning, May 12, 1885. SUBSCRIPTION RATES. By Carrier - 50 cents per week. By Mail - \$10.00 per year.

MINOR MENTION.

Pat Ryan was arrested yesterday for impersonating an officer.

Parks & Platner are moving into their new quarters, 30 Main street.

Bricks for sale in large or small lots by J. A. Weaver, No. 815 Seventh avenue.

Mrs. Melning, of St. Paul, arrived yesterday on a visit to her cousin, Marshal Guannell.

Charles Hood, Edward Harris and Fin Caughey were yesterday fined the usual amount for indulging too freely in anti-prohibition.

H. N. McGrew, the good-natured special for the Continental Insurance company, is in the city telling the boys some funny yarns.

A deserter from the regular army named John Cummings, was picked up yesterday by Deputy Marshal Bates, and taken back to Omaha.

It is reported that Samuel Jennings, the shoemaker at 522 Broadway, has been missing since last Friday, and his friends are anxious about him.

In another column will be found a notice of the water works company, which should be read and acted upon promptly by all who hold time orders against the company.

Alva McAllister left yesterday for Philadelphia, to study music, and was accompanied by Miss Castella Lain, who left for her home after a visit to the family of S. E. Maxon.

William Cullen Bryant considered Miss Potter the best reader in the field. Boston Times. At the opera house Thursday evening, May 14. Admission 50 cents, children 25 cents.

The case brought against young Mosler by Miller, growing out of the trouble Saturday night over a \$5 bill, was dismissed yesterday by Judge Shurtz, Miller not appearing to prosecute.

Mayor Vaughan has received word that his only sister, Mrs. R. F. Smith, of Atchison, Kan., is very low with consumption, and is hardly expected to long survive. He will leave for her bedside this evening.

A telegram yesterday received from Deadwood by Henry Eisenman announced the death of Mr. Eisenman's old partner, A. Bernard, by suicide on Sunday morning. No particulars were given, simply stating that he "killed himself."

Remember the chair sociable of the Young Men's Christian association, to be held this evening, and send or bring your chairs. This gathering promises to be a decided success. No efforts will be spared to make the evening a most enjoyable one in every respect. At the new hall, southwest corner Main street and Broadway.

Mr. Sander, the dime museum man, while in Omaha on Sunday night, was returning toward the dummy depot, and when on Tenth street was assaulted with the evident intention of robbery. The assailant struck at Mr. Sander, but the blow was warded off and Mr. Sander laid the man out by a well directed blow from Mr. Sander's strong arm.

William Steinkopf and a friend were enjoying a ride Sunday afternoon, when in lighting a cigar a spark caught on the laprobe, and just as Steinkopf remarked that the sun was getting very hot, his friend smelled the smoke and discovered the fire. By that time it had burned its way through to the skin, leaving a hole through laprobe and clothing.

The Pharmaceutical society of Iowa opens its annual meeting in the Mynster block on Broadway this morning. It is expected that the mayor will deliver the address of welcome, and the other exercises will be of interest to many outside of the profession proper. The displays of goods will form an interesting and instructive feature of the meeting, and all are invited to attend any and all of the meetings.

The Wabash railway company has opened its new local depot near the other passenger depots on lower Main street, and is already selling tickets, and transacting the other necessary business there, so that the public may have the accommodations which have been needed. The improvement is one which will be appreciated by the public, as heretofore it has been necessary to go clear to the transfer to take the Wabash trains.

The water works company has changed hands, not in the immediate local management as yet, Harry Birkinbine being still the engineer in charge here, but in the ownership. The new president of the company is Robert Sowell, the prominent New York attorney, whose reputation has been made national, and the new treasurer is Harry Allen, of the New York banking house of Allen & Stead, and who is one of the well-known men in financial circles.

It appears that the statement made by the "Old Lady" in her "Sunday morning scrapbook" that the extra expense of maintaining separate headquarters for the police was \$1000 a year was a little too high an estimate, the only expense being two tons of coal last winter and an extra gas jet. Ald. Straub is said to feel a little sore because as chairman of the police committee, he has been ignored in the proposed change. He thinks that he ought to have something to say. The chief trouble seems to be that the chief of police and the city

marshal cannot live and do business in the same building without quarreling.

The report comes from Harrison county, that a fellow giving his name as William Wilson, and claiming to be a resident of Brownsville, Neb., has been taking subscriptions for the Bee and other papers, and the complaint is made that there have been no papers received for the money which he had collected, although three or four weeks have passed since he disappeared. The Bee has had no such man canvassing for it, and probably the other papers which he claimed to represent, are equally ignorant of him, although the Bee speaks only for itself. If he is a swindler, he should be passed around. An authorized agent has no difficulty, or hesitancy, in showing his papers, and none others should be trusted, no matter what or whom they claim to represent.

Artists' Materials at G. R. Beard's Wall Paper Store. Send for price list.

BADLY BATTLED.

An Italian Jumps From a Train and Runs Into a Barbed Wire Fence.

On the incoming train, on the Chicago & Milwaukee road Sunday afternoon, about a mile and a half west of Weston, a passenger, an Italian, jumped from the car, and started to run over the fields in a manner that indicated that he must be crazy, and some of the trainmen put out after him. The fellow got caught in a barb wire fence, and was thus taken, brought back to the train, and into this city. His head was badly cut where he had come in contact with the fence, and Dr. Macrae was called on to sew up the wound. Detective Fero, of the Milwaukee road, took the man in a hack to the transfer, and when near there the fellow became very wild again and had to be overpowered by main force. He was at last taken to the county jail, it being evident that he was not in condition to pursue his journey to San Francisco, for which point he had a ticket, which he had bought in Pittsburg. He had also \$20 in money. The man seems to be about thirty-five years of age, and is unable to speak but little English.

He keeps talking about two boys whom it appears he expects to meet in San Francisco, and talks so wildly about some matters that the suspicion has been aroused in the mind of some that he may be one of those who was concerned in the second trunk mystery for which several Italians have already been arrested. An effort was made yesterday to get some Italian to interpret what the fellow was talking about, but it appeared that none could be found able to understand all that he said.

Facts worth remembering when you buy wall paper. 1st.—That Board, next door to postoffice has the largest stock to select from. 2d.—That his prices are as low as the lowest. 3d.—That he is a practical interior decorator and employs none but skillful workmen.

The Public Library. The regular monthly meeting of the trustees of the public library took place in the library at No. 14 Pearl street, yesterday afternoon. Bills to the amount of \$189.26 were allowed for books and expenses. The committee on books were directed to procure a full collection of books relating to the civil war, also that steps be taken to collect geological and natural history specimens.

The report of the librarian shows for the month of April a total of 2,868 visitors, a daily average of 110. Number of books taken out, 2,019, divided as follows: Philosophy, 28; theology, 16; natural history, 75; fiction, 1,159; poetry and essays, 324; history and biography, 311; travels, 137.
