General Produce

Butter—The market is in the worst state of demoralization and the glut continues. A comparatively small portion of the receipts—composed of the best quality of fresh grass butter only—is picked out by the trade, 10c being the best price obtainable and almost an exception, while all off grades, such as lack uniformity in color or have not been worked properly, are taken by packers only at extremely low prices, ranging from 3@7c. The total is surely very discouraging to shippers, and prospects are anything but bright. Sales are made very slow now.

Eggs—At the beginning of the week it seemed as if the market was going to strengthen up some, but receipts increased and they would not move above 10c. Rotten eggs are now putting in an appearance and candling is necessary.

Poultry—Receipts of old chickens are very heavy and demand is only limited, not over $3.00 obtainable. Spring chickens are also plentiful and slow sale at $3.00; larger sizes are wanted and will bring better prices.

Potatoes—In more liberal supply, and demand only fair at 60c for best stock; California new potatoes selling at 3@4c per lb.

Onions—New southern sell at $6 25 per barrel, California choice at 5c per lb, and Bermuda at $3.00 per bush crate.

Beans—In moderate request; navy, per bushel, $1.50@1.60; medium, per bushel, $1 30@1 40.
