The Coming State Convention of Democrats and Greenbackers in Iswa.

Weaver, Weller and Larabee-Crop Prospects and Other Notes.

Der Moines Corres, St. Paul Pioneer-Press. The trouble between the democratic state committee and the congressmen is not yet settled, the congressmen not being willing to give nine out of twelve of the state committee the places they have, as a mutual admiration society, awarded to each other. The congressmen

will probably win, as they are nearer and more serviceable to the president. Gen. Weaver is making an effort to upset Calamity Welier's calculations for a greenback state convention the 24th inst. That would deprive Weaver of all chance to trade and dicker with the democrate, He wants the convention held at the same time and place as that of the democrats, and declares he will so have it. He has to use them again.
