THE DAY AT LINCOLN. GERE IN THE GENUINE.

Reported by The BER's Bureau LINCOLN, Neb., June 21.-Gere, the head and front of the railroad commisthe 6th of June 1885, the date of the Jackson. organization of the board. Of course no one who knows Gere regards the rail- ing her slater, Mrs. Joseph Scott. road commission as anything but a fense to be made by the railroadsthrough their commission. Gere has always in-sisted that there were no cases of unjust discrimination in this state and now fearing he might hear of a few thousand cares from the lips of men whom railroads have rulned by these very acts, the wily capper cuts off their voices by a declaration that they will not go back of the date of the organization of the board, Nothing more shameful than the appointment of Gere could be mentioned and no ruling of the board more flagrantly outrageous than this could be thought of Whom the Gods destroy they first make

Ex Senator Reynolds, of Butler county, by circular, and special invitation of Senator Manderson, will appear before the inter-state commerce committee of the United States sanate, which begins a session in Omaha Monday, and will give to that committe some plain facts. The senator has studied the railroad problem quite closely, and is an earnest advocate for the people as against the encroach-ments of all corporations. At a station on the main line of the Union Pacific rallway he was allowed to examine the ticket re. ister, and took the 18th day of June, 1884, and the same day of 1885, and by comparison found that the ticket sales, in dollars and cents, were 11 per cent greater in 1885 than in 1884, thus showing that the reduction in fare which the people have so loudly asked for, is not only to their interest, but the re celpts to the railgoads are actually in creased, and so it will be with freights as soon as the people can secure a legis- | Complete Treatment with Inhaler \$1 ture who are sufficiently independent of the corporations to give them their rights, which have in this state so long been held in the interests of the corporations.

WHERE FAIR DEALING PAYS.

THE GOVERNOR AND THE VETERANS. Last winter the legislature passed a joint resolution that in drawing Nebraska's quoto of arms and equipments the governor should draw 200 hospital tents for the use of the militia, and that the governor might allow the use of such tents at the reunions of old soldiers in this state. The resolution was approved by the governor on the 5th of March, and can be found in the session laws of 1885, pages 437 and 438. It is well known the grand army organization is not wealthy, neither does it hold these reunions for the purpose of secumulating tents for the use of the militia, and that reunions for the purpose of secumulating money, but as a public social gathering, in which nearly every citizen of the state and many many from other states are interested, and it was with this idea the legislature passed this resolution. In beginning preparations for the ra-union which cocurs next September the reunion committee requested requisition as authorized in the resolution, but the governor flatly refused doing so, prefering to draw a few old rifles of 50-calibre and cartridge boxes, for the sturdy militis who now have all that they can use These hespital wall for \$12.00 each, while the same tent would cost the grand army, to by them, \$36 00 each, besides the organization in Its present condition is not able to buy them. The governor not only refuses to assist in procuring tents for the reunion next fall but refuses to comply with the joint resolution of the legislature even after he approved the same.

OUTRAGES IN ASSESSMENTS

It is no wonder that the laboring and country people cry out against extortion and burdensome taxation when business blocks and grand palaces are assessed a about what the rent for one year will The city bossts of its enterprise and brilliant business transactions and then robs the poor by unjust discrimination in assessing not only realty but permonal property. A short time since the BEE noticed three prominent buildings of the city where the assessment was about many others, for instance the first national bank building was assessed to John Fitzgerald for \$5,000 while the lower floor of one-half of the building rents for \$2,000 per annum. The property would be cheap at \$50,000. In the way of personal property is the wholesale grocery house of Raymond Bros & Co., who carry a stock of from \$80,000 to \$100,000 assessed at \$9,000, and the wholesale stock of Plummer, Perry & Co., who carry a stock of from \$60,000 to \$80,000, assessed at \$8,000, while the poor man's household effects and the farmer's grain and stock are assessed at from one third to one-fourth of its entire value. Yet sur commissioners hold a fifteen days' session to adjust and equalize assessments and permit there wrongs to re

to the Democrat.

The finishing touches to the ranger bund building are now being put on, and the decorations completed. The building is 240 feet long and sixty feet wide, with a shed on one side, where will be the postoffice, telephone office, wardrobe, gents and ladies dressing rooms, tisements must positively be paid in advance. etc. Fiage of every nation are among the decorations. The building and decorations have been under the immediate charge of the architect, J. J. Kouhn, and Money to loan at lowest rates of interest by Benis though storm and wind have prevailed against the building, not the least damage has occurred. The county commissioners have closed their labors as a board of equalization. The assessed valuation of property in the county is about \$6,500,000, of which over \$2,000,000 is contained in the city of Lincoln.

Saturday afternoon Sheriff Pollard, of Hamilton county, arrived with six con-victs, Richard Shull, Edward and Frederick Colby, Cab Rumley and Jake Mandel, sentenced to two and a half years each, and James Garrett to one year.

They all plead guilty to a charge of burglary. George E. Park and E. Dobblus, the detectives who discovered and

sion, in his great effort of how-not-to-do-it announces that will take no notice of charges of exerbitant freight rates in cases which occurred at dates previous to
