Money! Money!! Money!!! Money to Loan—On chattel security by W. R. Croft, room 4, Withnell building, N. E. corner 15th and Harney. After years of experience and a careful study of the bustness of loaning money on personal property, I have at last perfected a system whereby the publicita usual in such cases is done away with, and I am not in a position to meet the demands of all who become temporarily embarrassed and desire to raise money without delay and in a quiet manner. Housekeepers, professional gentlemen, mechanics and others in this city can obtain advances from \$10 to \$1,000 on such security as household turniture, planes, machinery, horses, wagens, warehouse receipts, secured notes of hand, etc., without removing same from owners residence or place of business. One of the advantages I offer is that any part of any loan can be paid at any time which will reduce the interest pro rata and all loans renewed at the original rates of interest. I have no brokers in connection with my office, but personally superintend all my loans, I have private offices connected with my general office so that customers do not come in contact with each other, consequently making all transactions strictly pilvate.
