Town Lots in Denver Junction
 Weld County, Colorado.

Denver Junction is a new town of about 200 inhabitants, laid out in 1884, on the great trunk railway across the continent, at the junction of the Julesburg branch, 197 miles from Denver. The town is on second bottom land of the Platte River, the finest location between Omaha and Denver, and is surrounded by the best-laying lands west of Kearney Junction, Neb.; climate healthy and bracing; altitude 8,000 feet. Denver Junction bids to become an important point, as the U. P. R. R. Co., and putting up many of their buildings here, while the B. & M. R. R. Co., are expected soon to connect at this place. This presents a chance for good investments in town lots which scarcely ever be equalled elsewhere. For sale by the lot or block in good terms by
