commissioners hoped to have, still it amounts to something, and will be appre-

clated for what it is worth. The following are the ratios of the county assessments for 1885, as just received by County Clerk Leavitt, com-pared with those of 1884;

1885. General fund.... 5 mill. Sinking fund.... 2-8 mill. mill, School fund..... 1 mill. University fund. 3-8 mill. 4-8 mill.

For example, in Saunders county, "purp," and the animal is now in possession in which the farming land is just as good and as highly improved as in Douglas, improved lands are assessed but \$3.04, as against \$12.40 in Douglas, while unimprovad lands in Saunders county are as

sesaed \$2.15 as against \$10.20 for Douglas county.
