Soldiers, Attention: All soldiers will meet at Abe Lincoln Grand Army Post room promptly at 10 o'clock, Saturday, 8th, ready to fall in line. Remember, all soldiers are requested. John Lindt, P. C. of Abe Lincoln Post; James Cromer, Adjutant.

The paying of licenses by the salcon men seems to have come to a sudden stop. It is said to be due to the fact that eighteen more injunction suits have been started by the prohibitionists, and the saloon men paturally think that if the prosecutions are to be kept up, they will save their money to carry on the fight in the courts, instead of paying it over to the city, which can afford them no protection from sults.

Two Lincoln boys, aged about 16, were back for home. They had run away go to Omaha to see the circus, and not getting there in time, came over here, and saw the show to their hearts content, putting in a full day hanging around the grounds, and after spending the night in jall, started homeward, feeling that home was the best place after all, the trip not being without some hardships through which they do not care to pass again.

A man giving his name as Joseph Miller, a stranger here, was arrested yesterday on the charge of exposing his person. It seems that for several days he has been roaming about the resident portions of the city, and has been causing much indignation by his outrageous conduct, but the police did not get hold of him until yesterday. Some of those whose children had been so grossly insulted begged the officers to let him out of jall, so that they might get a chance at him, but he preferred to remain inside, where It was safer for him. He is apparently about fifty years of age, and some think he is not quite right mentally.

Mrs. S. A. Orcutt, the mother of F H. Orcutt, of the Council Bluffs carpet company, met with a serious accident yesterday morning. The storm and rain caused her to rise and see about closing the windows of the house, No. 229 Oakland avenue. In doing so, it being dark in the house, she made a misstep on the stairs, and fell, causing a compound fracture of the right wrist. Both Mr. and Mrs. Orcutt were away from home, he being out on a business trip, and she visiting friends in Villiecs. The old lady's injury, it was feared yesterday, might necessitate amputation, the bone being badly splintered.

PERSONAL.

Tom Carlisle, of Missouri Valley, was in the city yesterday. Ernest Brock started out yesterday on an

other trip for Peregoy & Moore. Mr. and Mrs. G. W. Thompson, of Dunlap, were among those at the Ogden yes-

SUMMER SUITS.

Started Yesterday.

The City Has Its Full Share,

Yesterday was a lively one in the office of the clerk of the courts, and both Sheas were kept on the jump, for it was the last day for filing cases for the coming term of the circuit court. By supper time there had been over fifty cases filed, and the clerk had to promise to come Anton Rink is to soon open a saloon at back in the evening and keep on receiv-No. 227 Main street, in the building ing. It s claimed that the train was so made up that there were box cars in front of the engine, as well as behind it, and the engineer was not able to see anything on the track either way, and that no signal o'clock. A Pair of Slippers Serve as an Important Cluo.

Sheriff Farrell arrived last night to get cer O'Brien, for stealing a horse belonging to Mr. Nazarenus, of Mills county. O'Brien has had rather a queer experience with Dalton. The first time he saw Dalton was on the 16th of last month, and it was a chance meeting, which promised no such sensational finale. O'Brien stepped into Phillips' store to see about Red Gulch (Ariz.) Nothing was thought of the casual meeting, and O'Brien did not see the man sgain, and never thought of him, until the other morning he saw him coming down Broadway riding a horse, and having on his feet the slippers, which had attracted the officer's attention before. A few hours later Nazarenus came to the city to see if he could get any trace of his stolen horse. and the moment he described the animal Brien remembered that he had seen the man on the horse that very morning, and he started out on the search. The horse had a broken shoe, which made the tracks essier to follow, but the thief went across lots, and through fields, and the tracks were lost several times, but some of the inmates of a farm house noticed a man going by on horseback, and wearing slippers, and thus the trace was kept up, until it ended in the cap ture of the man and the animal. WHERE ARE THEY?

A Worse Cause of Complaint Than Several Cemeteries,

To the Editor of The BEE. Council Bluffs, Iows, August 6 .-What in sheel has became of our mayor and city dads who we elected to look SANITARY after the whole interest of our city? Have they got lost in the woods, or have they climbed St. Jacob's ladder and pulled the ladder up after them and stopped up the hole? There was a petition circulated over a year sgo signed by several hundred taxpayers and residents living north, south and west of Indian creek praying for immediate relief from the overflow of said creek. We did hardly think that august body, the board of health, would use the creek for sewerage purposes until properly improved. To send down the dirt and filth of several thousand citizens to fill up our ditches and wells. and polson the atmosphere by reason o decaying vegetation in standing water to destroy the health of ourselves and fami

Oh, Lord! when are we going to get relief from this mitigated nuisance. The very atmosphere is poluted with righteous indignation against this long neglected abuse, and the cry of vengeance and even profacity is ascending to heaven against those in authority who we delegated with power to act. The women are organizing a vigilance and relief committee to wait on him who promised so much before election, and if they can lay hands on "the mayor of may city," they will give him a bath or drown him in the filthy water standing around their homes. Why, the very dead in Fairview cemetery are turning over in their coffins, and demanding to have the lousey creek nuisance abated, and ed. miserable system of sewerage. If the board of health and city council does not give immediate relief they will see somethe contractor to complete that work, or we will have to put cayenne pepper in his
