IOWA REPUBLICANS.

THE NOMINES OF THE PARTY FOR THE GOV- ERNING STATE CONVENT.

DES MOINES, Ia., August 27.—The republican state convention reassembled at 9 o'clock this forenoon. Hon. F. M. Sutton was elected permanent chairman. He made a speech urging solidification of the party. An informal ballot for governor was taken, resulting in Larabee, 738; Hull, 374; necessary to a choice, 143. Larabee was declared a nominee by acclamation. The ballot for lieutenant-governor resulted in a unanimous vote for Hull. For supreme court judge the present incumbent, Judge Beck, was re-nominated.

The nominee for governor is State Senator Wm. N. Larabee, of Fayette county, and the nominee for lieutenant governor is J. A. T. Hull of Polk county.

F. W. Ackers, Professor Sablin, of Clinton, and Professor W. W. Smith, of Plymouth, were put in nomination for superintendent of public instruction. Ackers, the incumbent, was re-nominated.

The committee on resolutions then reported the platform a minority report on the temperance question, favoring local option for counties where prohibition was not enforced, called out a spirited discussion by representatives of the river towns and interior counties. The minority report was lost by a vote of 821 to 250. The platform was then adopted.

Senator Larabee was then introduced and accepted the nomination in a short speech. The convention then adjourned.

THE TEMPERANCE QUESTION.—The growing out of the war can never be called settled until they are settled right. By usurping and absorbing the rights of disfranchised colored men, the white men of the southern states have secured a political power of the white men of the northern states. The rebel soldier in the south is thus enabled to wield twice the influence in the nation that he would otherwise command.

We favor such legislation as will keep litigation with corporations doing business in this state in our courts.

LABOR TROUBLES.—THE WABASH DIFFICULTY THOUGHT TO BE SETTLED.

NEW YORK, August 27.—Secretary Turner of the executive board of the Knights of Labor said this afternoon that a member of the board would remain the headquarters at the Astor for the purpose of tomorrow evening. He expects by that time to have a message from A. A. Talmadge, general manager of the Wabash railroad, whether or not the company will reinstate the Knights of Labor discharged June 15. If the company agree to do this all the trouble will be virtually at an end. Turner further said that the executive board had not made any demand for the discharge of those members who have been expelled from the Knights of Labor men. They simply requested that the discharged men be re-instated.

MEMBERS OF THE EXECUTIVE BOARD OF THE Knights of Labor were sent for this afternoon by Manager Talmadge. Turner and Hughes responded, and they were informed, in answer to their demands made at Wednesday's conference, that the officials were unable yet to state how many men would be employed in the Wabash shops. Talmadge said he would call on the Knights of Labor men on Thursday next week he will give a definite reply to all reinstatement requests.

THE INTERVIEW WAS VERY SATISFACTORY, said Secretary Turner, when it was ended, and then added: "Of course there is not work for all the discharged men, but the men who are employed will be taken back. I think matters are practically adjusted."

A GENERAL STRIKE ON A TEXAS ROAD.

GALVESTON, Texas, August 27.—A general strike against the railroad companies, which has been in progress since the 15th inst., is being conducted in the shops and yards along the line of the Gulf, Colorado & Santa Fe and the Texas & Pacific. An order to stop work was issued by the Knights of Labor, and the men on the line earned less pay than those working for the Missouri Pacific railroad.

HONORS FROM OTHER NATIONS.

CITY OF MEXICO, (via Galveston), August 27.—Memorial service, in honor of the late Gen. Grant, was held last evening in the hall of congress, in presence of all the chief officials of both federal and city governments, and the elite of Mexican society. This morning the Municipio Libre, organ of the city government, publishes a portrait of Gen. Grant with an elegant sketch of his life, while the press generally pay tribute to the dead American hero.

THE RAILROAD COMMISSION AT COLUMBUS.

COLUMBUS, August 27.—The Nebraska state railway commission is in this city today. The business men of Columbus have a great many complaints to lay before them for consideration, and expect (?) some material benefit to result from the visit. A prominent business man, commenting on the commission's presence here, remarked to-day that "they were created by the legislature, in our interest, you know."

MURDER AT NORTH BEND.

NORTH BEND, Neb., August 27.—During a discussion among some laborers near this place to-day, Alexander Kimbrough struck William Rapper in the chest with a chisel, kill-

SIoux City & St. Paul Railroad company should have their rights amply and speedily provided for by prompt enactment of law by congress.

10.—We oppose any change in the laws of currency and exchange that will increase the burdens of the debtor class. We favor a revision of the patent laws for a better defense of the people against the frauds now practiced by the patent law.

11.—The republican party in Iowa, while steady upholders of the right and duty of the state to regulate the traffic in liquor, by such means as will suppress it, are nevertheless never made the support of prohibition a test of party fealty.

12.—We favor a fair trial of the liquor law and firing hot shot into the present administration.

HE KILLED EIGHT PEOPLE.

THE APPALLING CRIMES OF ONE AL LOCKIE, A FARMER OF BLANCO COUNTY, TEXAS.

AUSTIN, Tex., August 25.—Mr. L. K. Deekery, of Johnson City, Blanco county, just arrived in Austin, states that Al Lockie, an old citizen of extreme connection, had a step daughter living with him, who he reduced several years ago. Lately his own daughter was apparently pregnant, and his wife was disturbing his mind, as his relations attributed to him the crime of seducing her. Yesterday, between 2 and 3 o'clock p. m., he left home, intending, as he avowed to go to John Green's place to borrow a sum of money. Green and family were away. He entered the house and took Green's Winchester and returned to the residence of his brother, Barry Lockie. He then shot and killed Barry and his (Barry's) wife.

A neighbor named John Nicholson rode up just then. He forced Nicholson to go with him to Mr. Stokes.

There Nicholson was lost sight of. His horse was tied there when found, and it is supposed he was killed on the way. From there Lockie went to his own home and shot and killed the wife of Mrs. Henry Lockie of Blanco county, wife of his stepson, who was on a visit to him.

He also shot and killed Mrs. Stokes, wife of the Stokes he had killed just previous to the killing of Mrs. Henry Lockie. Then he killed his daughter, Miss Lockie, said to be pregnant by him.

He then attempted to kill his wife, but his cartridges being exhausted he could not fire another shot, and she escaped.

Having failed to catch and kill his wife he cut his own throat, mounted his horse, and started in the direction of Johnson City.

LEAVES OF ABSENCE OPTIONAL WITH DEPARTMENT HEADS.

WASHINGTON, August 27.—Judge McCue, solicitor of the treasury, has given an opinion in regard to leaves of absence of inspectors of customs, which has a general bearing on leaves to all classes of employees under the treasury department. The opinion, which has been approved by the acting secretary, is as follows: The practice of granting leaves of absence seems to have grown up in the department without special provision of law, and it seems that the custom has placed the extent of leave at the discretion of the department head, and no deduction was made from the salary of the clerk or other employee.
