We are still waiting for J. Sterling Merton's pen-pictures of Dr. Miller.

The demand for pennies in Omaha is as yet hardly equal to the supply.

The Dakota constitution tinkers may get up a model state constitution, but we are afraid that they will have no use for it in the immediate future.

There is a temporary lull in the defalcation and embezzling business in the United States.

The petition of the Washington washerwomen that the government washing be not given to the heathen Chinese has had its desired effect upon Secretary Manning.

The purchase of Pattee's "city hall" property by Dr. Mercer is a good thing for upper Farnam street.

"God bless Higgins," was the inscription on a Turkish postal card from Sunset Cox, and now Mr. Higgins is as happy as a clam at high tide.

The Brooklyn Union, which was amugwump paper during the last campaign, is coming back into the republican fold.

The newly-appointed collector of customs at Helena, Montana, Daniel J. Welch, is placed in rather an unpleasant predicament by the discovery of a shortage of \$30,000 in his accounts as treasurer of Silver Bow county.

No international sporting event has created so much interest for many years as the yacht race between the Puritan and the Genesta.

The prohibitory law in Kansas does not prohibit 1895 persons from holding United States licenses and selling liquor under them.

Senator Mahone's attempt to readjust the action of his son and his tumbling companions proved a dismal failure.

The Ohio state election takes place four weeks from to-day. Aside from the contest for the governorship, the campaign is made highly important owing to the fact that the legislature that is to be elected will choose the next United States senator from Ohio.

HIGH LICENSE IN NEW YORK.

The temperance people of New York state have given up the idea of attempting to force prohibition, and have adopted the more sensible and practical plan of making the high-license question an issue in the coming campaign.

Why Van Wyck Must Go.

Senator Van Wyck's views on transportation questions and land monopoly could not have been very well known in Nebraska or he would never have been elected to the senate.

It is one of the most deplorable things connected with the admission of new states that their senators are more apt to be creatures of monopoly than are those representing older and richer communities.
