THE MARKETS.

FINANCIAL.

New York, Oct. 12.—MONEY—Easy at 1@2 per cent.
PRIME PAPER—4@5.
EXCHANGE BILLS—Active and unchanged.
GOVERNMENTS—Active and strong.
STOCKS—More active than on any preceding day this year. Up to 1 o'clock the market was decidedly strong, advancing from ¼c to 1⅜c, the latter Pacific Mail. In the amount of business done Western Union led the whole list, selling from 75c at the opening to 74½c, to which it declined in early dealings, to 76⅝c before noon. Union Pacific gained 1¼c and Missouri Pacific 1⅝c. Other Gould stocks made advances of only small fractions. Throughout the afternoon the market was irregular, active, feverish, and at times decidedly weak, closing with about half the active list higher and the other half lower than final prices Saturday. Western Union was strong on rumors of an amicable arrangement with the Baltimore & Ohio. The truth of the rumor, however, is officially denied. Notwithstanding the earnings of the Northwestern for the first week in October sh ow an increase of $71,500 compared with the same week last year, the stock was about barely steady at the opening figures until afternoon, when it sold off 1⅛c. There was a decrease in Chicago & Alton earnings for the first week of October of $44,750.

Live Stock Notes.

The Carlisle cattle company had 524 cattle at the Omaha yards yesterday.

Riel & R., of Waterfall, had another train of cattle at the yards yesterday.

The second train of cattle belonging to A. Jackson & Co. arrived at the yards yesterday.

B. F. Johnson had 105 cattle at the yards yesterday; East Hampton cattle company, 42 head; Snyder Bros., 21 cattle.

The one thing that is doing more damage to range cattle than all others is the continual working of the range. From early spring till late in the winter one outfit after another is chasing the cattle over the range, never allowing them rest. The result of this is that beeves decreased number of calves and a largely increased percentage of loss during the winter.—[Stock Growers' Journal, Miles City.

An Ohio pork raiser states in an exchange that he has tested the feeding of cooked and uncooked corn to hogs, also ground and unground food. He claims that a bushel of corn fed on the cob will produce nine pounds of pork, while an equal quantity ground and fed raw will yield twelve pounds. A bushel of corn boiled made thirteen and a half pounds of pork, and a bushel of meal, cooked, made sixteen and a half pounds.
