ICE SKATING IN CANADA. The Canadians Excel in Fancy Skating. J. ON the other hand the long season enjoyed by the rinks enable all who will take the trouble, and do no shrink from a novelties of bumps and bruises to become exceedingly expert at fancy skating; and it is hardly debatable that the rinks of Toronto, Montreal, Halifax, and St. John can send forth skaters of grace, precision, and intricacy of movement, would find no superiors in the world. What is known in England as "figure skating," and is very aptly denoted in our country by the name of "ice skating," is well known to members of the various clubs, who can afford to acquire the art in Norway or Scotland, is but little practiced in Canada. It is not suitable for rinks, as it requires so much room and can only be done in large, open spaces, where the "figure-skaters" may have all to themselves.
