Uncle Sam's Court—The Suicided Woman Shown to Have Been Insane—Keatley on the Knight Bill.
She Don't Like Omaha.
In the old lady's scrap book yesterday the only original editorial was the following warning to all citizens of Omaha not to visit Council Bluffs.

Method adopted by Council Bluffs for the treatment of tramps is being commended all over the country.

Some of the newspapers of the city are passing around an item about some of the church prayer meetings on Monday night.
The reports are that the meetings are being held very badly.
The prayer meetings referred to are held Wednesday night, and have been for years.
It is evident that the crop of religious editors is growing scarce.

At the meeting called Wednesday night for the purpose of organizing the Sons of Veterans, Colonel John Fox, as chairman of the committee of the G. A. R., called to order.
Mr. H. Brooks then made a few earnest remarks, and adjournment was taken until next Wednesday evening.

For first class Missouri wood call on Gleason, at his coal office, 26 Pearl street.
Ladies' and Children's Hosiery at Harkness Brothers.

Yesterday morning about 8:30 o'clock, as George Rice was riding into the city on horseback, he met on Third street near Eleventh avenue, Officer Nick O'Brien, who told him to dismount and loan him his pony.
George was completely surprised, but without any questions rolled off while O'Brien mounted, and, turning the pony, hurried south to Thirteenth avenue, where he drew his revolver on two tough looking vagrants, and ordered "About face!" and a march to the city jail.

Money to loan by Forrest Smith.
Curtains, Oil Cloth, etc., at Harkness Brothers.

Best coal and wood in the city at Gleason's, 26 Pearl street.
More Dress Patterns received at Harkness Brothers.

Uncle Sam's Court.
In the United States court the jury in the case of Green vs. Negley brought in a verdict giving the plaintiff \$150 damages.
The claim was for much more, the damages being claimed on account of the defendant's overloading an elevator leased of the plaintiff, the elevator falling under the weight.
The amount named was reached by a compromise, some being in favor of allowing no damages and others for giving several hundred dollars.
Yesterday the case of the Walter A. Wood Harvester company against S. C. Allen & Co. was on trial, the chief question being as to whether the firm, and who was liable to certain debts.

Personal Paragraphs.
Mayor Burch, of Denison, was in the city yesterday.
He denies the truth of the published report that Denison had decided to let the saloons run if they only paid a license of \$25 a month.
He says the council has reached no decision as to what course will be pursued.

Substantial abstracts of title and real estate loans.

Keatley on the Knight Bill.
The Knight bill, for the protection of laborers in factories, etc., has called forth some discussion here, and appeals have been made on both sides to the representatives from this county.
In reply to a letter from one of the citizens, Colonel Keatley writes as follows, showing how he views the bill:

Now Silks received to-day at Harkness Brothers.

Harmony Chapter No. 125, O. E. S., will hold a sociable in their hall at Masonic Temple this (Friday) evening.
All members and visiting brethren are cordially invited to attend.
By order of the W. M.

Keatley on the Knight Bill.
The Knight bill, for the protection of laborers in factories, etc., has called forth some discussion here, and appeals have been made on both sides to the representatives from this county.
In reply to a letter from one of the citizens, Colonel Keatley writes as follows, showing how he views the bill:

reached they will pass. There is one provision, the 7th section, which in its present shape is entirely inadmissible.
According to it, he has four or five men at work in his factory.
One of them by some negligent act of his while they are at work injures the other, puts an eye out, or does some other injury, in the 7th section, it is made Mr. Bergman responsible in damages though he did not have a thing to do with the injury.
That section was evidently added thoughtlessly drawn.
Mr. Knight is a railroad attorney, and the measure so far as that section is concerned is intended as retaliation.
No one disputes the fact that some important legislation is needed in regard to safety in machinery, sewerage in factories, etc., but the 7th section would utterly prostrate all kinds of business.
I am going to vote for such measures as I think will benefit the working classes, but not for those which will injure them.
I am decidedly in favor of requiring every man who owns a three-story building, whether a factory, hotel, or store, or dwelling house to provide fire escapes.
I wish you would look at that section of the Knight bill and reflect over it as I have done.
I don't know who were at the Haas-Walker meeting.
I shall be governed in my vote by what I think is right and just to all interests.
I do not intend that any vote of mine shall work any injury to our city if I can help it, nor will I vote for any measure that will work any injury to the working classes.
I am as much of a working man as any man in Council Bluffs, and nearly one-half of my life was spent in hard manual labor.
My votes and speeches since I have been here will stand the most rigid test.
Your friend, JOHN H. KEATLEY.
