#### THE MATCH PROBABLY OFF.

The Fitzgeralds and Thurstons Cannot Agree on the Time for the Race.

THREE TICKETS IN THE FIELD.

Republicans, Democrats and Prohibitionists Nominate Candidates for the Charter Election-A Bad Woman Released.

THOM THE BEE'S LINCOLN BUREAU. H. B. Kennedy of Omaha was yesterday trying to make a between the Fitzgerald and Thurston hose teams. He had a long conference with Manager Hohman of the Fitzgeralds and arrived at a good understanding concerning everything but the time for the race. The Thurstons baying scattered after their return from New Orleans, Mr. Kennedy wanted the dated named far enough in the future to allow him to get the men together and put them in good shape for a hard run. The Fitzgeralds have kept up their prac tice, and are in condition for a race to-morrow. They naturally want to get a rest from training and for that reason ask that the match, if one is made, be set for as early a day as possible. Mr. Kennedy left for home last evening without signing an agreement, and it is hardly probable now that a match can be

TO MORROW'S ELECTION. The charter election occurs to-morrow, and will undoubtedly be one of the most bitterly contested political struggles in the history of the city. The republican majority within the municipal limits is ordinarily about 800, but this year the democrats and prohibitionists have nommated full tickets, and will make a lively canvas for votes, which will probably cut it down some. The republican

ticket is as follows:
Police Judge—Albert F. Parsons.
Members School Board—C. C. Magoon

and Henry Shaberg.
Cemetery Trustee-Rev. Lewis Gregory.
Members Council-First ward, N. C.
Brock, Second ward, John Frans; Third ward, H. H. Dean; Fourth ward, R. B. Graham.

The democrats have nominated: Police Judge—Gen. Montgomery.
Members School Board—John M.
Burks and S. W. Chapman,
Members Council—First ward, Thomas

Heelan; Second ward, no nomination Third ward, Fred Schmidt; Fourth ward, Austin Humphrey. The men on whom the prohibitionists will concentrate their forces are:

Police Judge—H. E. George.

Members Board of Education—Eben
Chapin and Mrs. Belle G. Bigelow. Members of City Council—First ward, J. H. Miller, Second ward, J. H. Noder, Third ward, E. M. Wheeler, Fourth ward, C. C. Munson

A WOMAN ARRESTED. Mary Ruddy, an Irish woman about 40 years old, was arrested on the train at Central City yesterday and brought back to Lincoln on the charge of selling mort-gaged property. Mrs. Ruddy's husband had gone to Keith county, and she was on her way to join him with three small children when overhauled by Detective Pounds.

Myrtle Stewart and Anna Tripp, convicted in the district court last week of BRIEF MENTION. keeping houses of prostitution, and sentanced to thirty days imprisonment in the county jail, were released Friday night by order of Chief Justice Cobb. The ground of release was a motion by the prisoners' counsel, Messrs. Billingsly, Woodward and Philpott, for an arrest of judgment, pending the hearing of a writ The prisoners were tried and convicted of keeping houses of prostitu

tion in the police court and fined \$100 and cost which they paid. When the district court met they were presented by the district attorney on the same charge, and convicted again, the sentence being thirty days in jail. This is held by their counsel to be a double trial of the same offense, contrary to the letter and spirit of the state constitution.

August Saunders and Willard Barnes

were arrested by Officer Littlefield Saturday for running gambling devices.

Messrs. Grace & Kelly, the contractors

who were awarded the job of building the packing house at the West Lincoln stock yards, have given a \$10,000 bond for the faithful performance of the work The claims against the Windsor hotel property have all been paid, and Theodore F. Barnes is now the undisputed O street, between Seventh and Ninth, i

to be covered with sixty loads of "spawls" from the Roca quarries, which the B. & M. agree to haul free of cost. The Bank of Bennett, with a capital of \$50,000, and backed by J. E. Vanderlip, G. W. Eggleston, J. H. McClay and C. W. Pierce, was incorporated Saturday.
Messrs. John Gillespie and Wm.
Easterday have been charged with the important duty of arranging for the organization of a canning factory com-pany on the basis proposed by Mr. John Baker, of Iowa.

The first rehearsal of the chorus for the

June festival was attended by two immdred ladies and gentlemen Wednesday evening, many of them representatives of Omaha's best musical talent. The number will be greatly increased before the second or third rehearsal is held. Prof. Pratt, who is superintending the festival, is said to be greatly pleased at the first attenut deased at the first attempt, and remarke that he had never seen a more satisfactory exhibition at the start, either in this country or Europe.

F. B. Whitney, formerly general agent of the C., St. P., M. & O. road in this city, has taken his departure from the shades of Omaha. Before going he was presented by his friends and admirers with a handsome chain and diamond locket.

A delightful time, it is hardly necessary to say, was enjoyed by all. Daneing and feasting constituted the evening's entertain-ment. The costumes of the ladies were es-pecially handsome. The committee was com-posed of the following gentlemen: Messrs. F. Adler, C. Brandeis, S. Reichenberg, S. Schlesinger, S. Oberteider, I. Oberfeider, M. Hellman, B. Newman, Max Meyer, M. Gold-smith.

The Hymemometer. After a week's rest the instrument is again ready for the pleasant task of lifting the veil off some of the matrimonial mysteries which

are attracting attention in local circles. With two swings and a rapid whirl the hands settle to rest. Two names are distinctly revealed on the dial. One is that of a young and charming brunette widow living on North Twenty-third street, while the other is that of a gentleman in the real estate business on South Main street, Council Bluffs. If all indications do not fall the marriage of these twain is soon to take place.

Another revolution or two and the hands make a second prediction. Again gentleman is from ffs, while the happy Bluffs. to-be, is also resident on North Twenty-third street, and in fact lives with the widow above referred to. The hands of the instrument appear to be greatly agitated over something or other, and it is thought that these two predictions will be verified in a grand double wedding ere long.

Aha! The hymenometer seems to have a predilection for widows. The hands have hanged their position and this time point to he name of a widow resident on upper Cuming street, who it is said is the object of unusual adoration on the part of a gentleman in the employ of the Nebraska Telephone company. In this case the dial appears to be greatly blurred, and the names and dates thereon are unusually dimmed. For that reason no further particulars can be given at present.

The names of a young lady living in North Omalia, on the corner of Hamilton and Sauuders streets, and a blonde in a cloth ing store on Farnam street, between Thirteenth and Fourteenth, are next pointed out The names in the case are very blurred and indistinct, but enough can be seen of them to assure the observer that the name of the young lady commences with H. and that of the young gentleman with F.

Another turn of the hands brings them before the names of two more young people who, it is whispered, are very much smitten with the charms of each other. The name of the happy lady is very distinct, and can not be mistaken. It is that of the stenographer of a very prominent official of the Union Pacific and from the description which appears out-lined on the dial, it seems that she is a handsome brunette with charms which no ordinary pen can describe. The fortunate bridegroom to be is a gentleman in Chicago. Just as to when the ceremony is to come off the hymenometer is dumb.

And again, the situation changes. This time affection's tale is told on a young man who is traveling agent of a daily paper here, and a young lady living on Cuming street. The hands of the instrument are greatly agitated over what appears to be a rapidly ripening case. In all probability the crisis is

near at hand.

The next case indicated by the wonderful machine is a rather peculiar one. The young lady appears to be a blonde from Milwaukee, who is visiting here. To her name, one of the hands of the hymenometer is plainly seen to point. The other index hand rests exactly between the two names of two gentlemen both of whom are employed in a jewelry store on lower Farnam street. From present indications, neither has been successful in his suit for the hand and heart of the young lady, though it is probable that the engagement of one of them will be announced be fore many weeks.

The Chinese cultivate oyster beds most successfully. They fasten old oyster shells to bamboo splints, which they then stick in mud flats swept by strong tidal currents. The shells are supposed to attract the oyster spat which adheres to them and shortly de velop into tiny oysters. Then the bam-boos are transplanted to other flats and the crop grows rapidly.

Of Interest to Athletes. James Robinson, trainer of Athletes at Harvard and Princeton Colleges, writes from Princeton, Jan. 24, 1885; "For cuts. bruises, strains rheumatism and always use Allcock's Porous Plasters for myself and pupils. Never have known them to fail in over one hundred cases. They strengthen the mus-cles and give instant relief. They are the only external remedy used by our athletes."
