LIVER DISEASE.

For Torpor of the Liver, Biliousness and "Liver Complaints" generally,

Dr. Pierce's Golden Medical Discovery.

is a sovereign remedy. It does not debilitate the liver by over stimulation, nor irritate the stomache and bowels by disturbing the delicate processes of digestion, neither does it act with severity upon the blood; but it operates so gently, insensibility, and yet with so much certainty that it excites the surprise and admiration of all who use it. If the bowels are unusually sluggish (chronic constipation) it is advisable, in conjunction with the Discovery, to use

Dr. Pierce's Pleasant Purgative Pellets.

which are powerfully alterative, besides being mild, gentle, and unirritating, in their operation. They are natural allies-remedial assistants-of the Discovery, and the two work harmoniously together. They should be taken in small doses, and their use perseveringly followed until the bowels are properly regulated.

Bilious Attacks and Headache.

People who are habitually subject to "bilious" attacks, sick headache, bilious headache, and loss of appetite, are pleased to find that a course of the Discovery and Pellets turnishes immunity from such onsets, and prevents their usual recurrence. When taken sick, I weighed 157 pounds. I suffered from a heavy cough, night-sweats, kidney troubles, etc., and was reduced so rapidly that my physicians gave me up. They that my physicians gave me up. T were unable to help me in the least. that time I weighed but ninety pounds, and had not been able to tie down, but had to sit up in order to breath. I had been confined to my room for six months, expecting to die. I was so bad at times that I could not allow any one to come into my room, as I could not talk; nor was I able to walk. I picked up one of your memorandum books on the floor of the hotel where I was boarding, and after reading it I began taking your Golden Medical Discovery, and the first bottle brought me around so that I could walk around the room all day. I soon began to build up, and gain so rapidly that it began to astonish me. I have taken no other medicine since then, and have used perhaps twenty tottles in all of this medicine. THROWS AWAY CUUTCHES.

Mrs. Mary Wolf, Milan, Sullivan Co., Mo., writes: "Nearly three years ago our little boy hurt his ankle. We doctored this as a sprain for some time, but the case steadily grew worse instead of better. We then applied to a succession of doctors of whom succession of doctors of whom would treat it for a misplaced joint, another for bone-disease, another for something else, and so on. She thinks your medicine a national blessing, and I agree with her.'

TREATING THE WRONG DISEASE.

Many times women call upon their family physicians, one with dyspepsia, another with palpitation, another with backache or pervousness, another with pain here and there, and in this way they all present alike to themselves and their easy going and indifferent doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when in reality they are all symptoms caus ed by some uterine disorder. While the physician is ignorant of the cause of suffering he encourages his practice until large bills are made, when the suffering patient is no better, but probably worse for the delay, treatment and other complications made A proper medicine directed to the cause, would perhaps have entirely removed the disease, thereby instituting comfort instead of prolonged misery,
