Dr. Ames, of Minneapolis, who is on duty at St. Cloud, Minn., reports that thirty deaths can be traced from the visitation there.

Captain Foley, an old settler of Sauk Rapids, weighing 280 pounds, was blown 400 feet in the air, but was only bruised, and worked with the wounded all night.

The force of the storm was such as to wrench off the door of the safe in the post-office and carry it some distance from the building.

The remains of the dead are almost unrecognizable, being completely crushed and blackened.

The delegation of doctors from St. Paul and Minneapolis worked all night under the disadvantage of having no splints or drugs, as the drug store was completely demolished.

QUEBEC, April 15.—In the local legislature yesterday afternoon, the Hon. the Liberal party, gave notice that he would bring up the following motion:

"Whereas, the right of self-government is sacred to the Canadian people; and whereas, the Hon. the Liberal party, in a recent speech, has shown from actual experience that constitutional government brings strength, peace, union and progress to the Dominion of Canada."

Therefore be it resolved, That this house with great satisfaction and sympathy endorse the resolution in the House of Commons to peacefully solve the problem of home rule in Ireland without disintegrating the empire.

And it further resolved, That the speaker of this house be directed to communicate these resolutions to Right Hon. W. E. Gladstone.

Appeal For Aid.

PHILADELPHIA, April 15.—General Master Workman Powderly of the Knights of Labor, today addressed the following circular to the members of the order:

To the Noble Order of Knights of Labor of America—To the Order wherever found—Greeting.

You have all read of the great strike on the Gould lines of railway in the southwest. Its progress has been a long and weary one, and it makes but little difference now whether the men of the southwest acted wisely or not.

Let us pass that part of the affair over, and let us turn our attention to the present. The general executive board of our order attempted to settle the trouble and restore harmony, but they failed.

With them by Jay Gould, Esq., but when the board reached St. Louis, Jay Gould would not treat with them, and they were positively refused to employ Knights of Labor, whether they had been active in the strike or not.

It now becomes the part of every man and woman in the order to take up the fight of the men of the southwest, and assist them to the extent of their power.

They have been in the strike for two months. They have had a most trying ordeal to go through and are in need of funds, and it is our duty to do so.

Send every dollar you can spare to the general secretary, Jay Gould, Esq., and forward it to the men at St. Louis for distribution. Remember the men out there do not have a cent of money.

It is your executive board that makes the appeal in their behalf. Do not let the men of the southwest feel that they are being abandoned.

Another appeal may be sent to you, and we ask of you to prepare for it now. We cannot judge by our actions, but by the results of our actions.

Remember, we are not fighting capital. Do not antagonize the contest we have undertaken. Let us have a contest with the man who has suffered through monopoly.

This battle against the man who represents monopoly must be fought to the end. Watch his actions everywhere. Keep an eye on the doings of congress. Urge the committee that has been appointed to be strengthened. Strengthen their hands. Give them every aid.

In conclusion, let us again ask that you send at once every dollar that you can at present raise to uphold the men who are now out on the lines of the southwest system of Jay Gould, Esq., and that you do so at the same time make ready to bring the whole power of the order to bear upon the man who wrecks the lives, fortunes and lives in his greed for gold.

Let us determine to have it go into history that the men of the southwest were not broken by the power of monopoly and dethroned by the king of the money bags.

THE DOINGS OF CONGRESS.

Senator Logan's Long Argument for Senate Open Executive Sessions.

IT MIGHT AS WELL BE DONE.

For the Newspapers Have the Proceedings Just the Same—Omaha's Immediate Transportation Bill Passes.

In the Senate. WASHINGTON, April 15.—Mr. Logan took the floor in support of the movement for open executive sessions.

He preferred his open resolution, he said, because it provided broadly for open sessions on all matters of nomination and confirmation without going into the story of secret sessions.

In the course of his remarks Mr. Logan said the secrets of executive sessions were let out in some way, he would not say how correctly.

Was there ever an executive session to consider an important matter from which something had not leaked out? He acquiesced the officers of the senate of any fault in this matter.

He did not believe they let any secrets out. Still the newspapers were full of statements of the things that happened, and he said to happen in executive sessions. If they did not make correct statements they professed to open his doors was not encouraging misrepresentations on the part of the newspapers.
