The Full Text of the Circular to the Irish National League.

A HAIL INSURANCE COMPANY.

The Danes of Nyrsted Form the Mutual Association of Scandinavian Farmers—All the News at Lincoln.

FROM THE BEE'S LINCOLN BUREAU.

The following circular has been prepared for publication by the officers of the Irish National League of America, and is now in the hands of the printer.

To the Officers and Members of Branches: Today we, the Irish National League of America, who have stood by the cause of Ireland and kept the flag flying when Irish nationalism was un fashionable, and when success seemed almost hopeless, have just reason to feel proud of the glorious position to which that cause has advanced.

Through the courage, determination, perseverance and discipline of our people at home, backed by the support of our organization in America, and the sympathy of the civilized world, the demand of Ireland for the restoration of her national rights has been brought home to England in a way which she can no longer ignore.

The members of the league should also see to it that their influence in the various states to which they have been sent, should be used to follow the noble example of the legislatures of Iowa, New York, Rhode Island, Connecticut, and Massachusetts, in passing appropriate resolutions and sending messages of encouragement across the Atlantic.

Fellow workers of the National League, we appeal to you earnestly to close up your ranks, to organize actively, to show as a man who at this important crisis of our country's fate would attempt to divide your strength or introduce into our ranks the demon of discord, and to renew your exertions to aid by honest, active, earnest work in securing that triumph which now seems so near at hand.

We remain, yours very faithfully,

PATRICK EGAN, President.

JOHN P. SUTTON, Secretary.

A FARMERS' INSURANCE COMPANY.

The Danish farmers about Nyrsted, in Howard county, Iowa, have formed an association for co-operative insurance against damage to crops by hail, that is worthy of imitation by farmers at large throughout the state.

A few days ago Mr. John E. Dorr, the insurance agent, who has been in the office which he traced to the keeping of George Brown, the saloon man.

Articles of incorporation of the Loup City Loan and Building Association have been filed with the secretary of state.

The Lincoln Old Fellows, having made arrangements with the B. & M. railway, will visit Omaha in a body on Monday next and attend the anniversary exercises.

A Remarkable Case of Boycotting in Washington.

From a Washington Letter: When the season first opened here, there was a great promise of building. Never in the history of Washington have so many plans been laid for the construction of new houses.

The events thus recalled occurred in Erie, Pa., where the Central Labor Union, with a view to having it multiplied under official sanction for wide distribution.

Washington Cor.: "Did you hear about Theodore Hallam getting appointed 'mister'?" said a gentleman to a friend in a hotel lobby.

The Chicago Inter-Ocean: "Yes," said a Minneapoliis man at the Grand Pacific Hotel, "I have been in conversation with a gentleman from the east."
