

THE SECOND DAY'S SESSION

Proceedings of the State Pharmaceutical Association.

AN OVERDOSE OF MORPHINE.

A Pleasant Surprise for Mr. Daubach—Accused of Burglary—Reopening of the Stadt Theatre—Personal and General City News.

The Morning Session. The association was called to order at 10:10 o'clock by President Boyden. Previously to the call, the members devoted an hour to the inspection of the exhibits and business talks with the representatives of the pharmacy houses present.

The minutes of Tuesday's meeting were read by Secretary Zimmer and approved. The president announced that he had received Prof. Otto Wall of the St. Louis College of Pharmacy had read a paper on the "Nomenclature of Drugs."

On motion of C. F. Goodman it was decided that all present from other states be accorded the privileges of the floor and requested to take part in the deliberations.

In response to an inquiry, the chair stated that four years' active work in a drug store was necessary to entitle an applicant to membership.

W. B. Shrock, of Louisville, said that the executive committee on Tuesday reported favorably on applicants who had not been in the business more than two years. He therefore thought that the committee ought to be commended because it had done its duty well and another be appointed.

Mr. Goodman thought that the matter of reporting on applications for membership ought to be left to the committee on membership.

Mr. Kirk of North Bend, moved that a committee be appointed to revise the part of the constitution referring to membership or to be the same out and report at the next annual meeting.

The chair decided the motion out of order because it had not been considered by the committee. C. F. Goodman, Omaha, introduced a resolution providing that ladies might be elected honorary members of the association.

W. S. Eakin was opposed because he had not been four years in the service. He was admitted with the rest, but the executive committee was asked to report that he should be governed by the constitution in acting upon applications for membership.

The secretary read a letter from W. S. Eakin, Philadelphia, showing that a supply of morphine was in Georgia and Florida, and that it was being sold in quantity letters and suggesting that the association refer the matter of a like requirement to the Nebraska legislature.

Mr. C. F. Goodman moved that the matter be referred to the committee on legislation with instructions to incorporate a clause covering the subject in the law which they had prepared.

Prof. Otway Wall, of St. Louis, thought the subject only a few minutes ago, there were thousands of packages of morphine in the country now wrapped in white paper and people do not know that the label meant danger, the white one would mean safety and therefore a great deal of injury might be done.

The motion to refer was lost by a vote of 2 to 19. Chas. J. Daubach, of Omaha, local secretary, announced the hotel rental and rates for delegates. At 4 o'clock in the afternoon the meeting was adjourned and the members were seen to their rooms.

Mr. Charles Daubach, with the H. T. Clarke Drug Company, is the local secretary of the Nebraska Pharmaceutical Association, and upon him has devolved most of the labor of making the local arrangements for the state convention now in session in this city.

The representatives of the manufacturers who have displays of their wares on exhibition, took a great deal of time yesterday evening of expressing their opinion of the manner in which Mr. Daubach has performed the duties devolving upon him.

CHAMBERLAIN'S OPPOSITION.

He Attacks the Orangemen in Their Violence—Michael Davitt Speaks. LONDON, May 12.—A political meeting was held at the residence of Chamberlain to-day. Sixty members of the house of commons were present.

The meeting adopted resolutions declaring those who resort to violence to be the enemies of the people. Michael Davitt, an Irish nationalist, spoke in support of the resolutions.

Chamberlain writes to the Belfast Liberal Association that the ordinary Englishman hardly recognized at present the fact that there are two nations in Ireland, and that he does not believe in the expediency of forcing Ulster Protestants to submit to Catholic nationalists as to expect the Catholic nationalists to expect the Protestants to submit to them.

At the meeting of the London and County Liberal Union resolutions were adopted favoring the home rule bill. Several amendments were noisily rejected.

Michael Davitt in an interview declared he would raise members of the National League in Ireland and America if Gladstone's bill is passed.

The report of the committee on exhibits, mentioning in detail the names of honorary members, was read and approved. The report was tendered to each of the exhibitors.

On motion of J. T. Clark, the resolution was referred to the association from the National Druggists' association, suggesting that the association be dissolved and reorganized for medicinal purposes.

Immediately after adjournment the delegates played an enjoyable visit to the panorama of the battle of Gettysburg.
