great trees are uprooted and barns are blown down. It was blowing harder are blown down. It was blowing harder than that to swoop up and carry off our heavy picks and axes. More than sev-enty—more than eighty—more than ninety—aye! that mighty wrath was dashing over the prairie at the rate of 100 miles an hour. We felt suffocated for the want of air. We were deafened by the continuous roaring. We were exhausted by this desperate struggle to prevent be-ing scooped up bodily and carried out of the ravine. If it was so with us. Shel-tered from the fury as we were, how must

tered from the fury as we were, how must it have been with those exposed to its full force? A great wolf, from whom the life was beaten out, rolled down among us. The bodies of dozens of coyotes and rabbits, in which every bone seemed broken, dropped into the ravine. The wagons were caught up at daylight, whirled in the air for a moment and then disappeared forever. Even the iron axles were not to be found. Two or three objects, which no one could make out, tumbled over the bank below the horses. Some hours later we found them to be mauled and pounded and bone-broken bodies of buffaloes.

At 5 o'clock the climax was reached. It appeared as if the carth rose and fell under us One of the horses struggled under us One of the horses struggled to his feet, and the next instant he van-ished to the east. The force of the wind bruised and pained. A rock weighing tons, blown, perhaps, from the foothills, plowed down one bank and rushed up the other to continue a plaything for the wrath. Our breath came by gasps. The air thickened until it became twilight. Half an hour later the wind became tuill. Half an hour later the wind began to full, the roaring to die away and the sky to lighten up, and at 7 o'clock we were searching the prairie in hopes of recover-ing some one article belonging to what had been a well-stocked camp. On the prairie we found absolutely nothing. In the ravine a couple of axes, two or three saddles, an iron kettle and portions of harness. The mighty wrath had hun-gered for our lives, and, failing to get them, had vengefully sought to rob us of

our all. Fire had not swept the prairie—an army had not swept over it—1 flood had not been let loose. It had encountered a worse enemy. A howling, roaring, grinding hurricane had made it a desert on which a hare might search in vain to satisfy its hunger.

form the present board of trustees have already passed judgment. In view of this and other facts, it does not seem such an unreasonable request that disinterested citizens who have not already passed upon such a matter, should at least be associated with the present board. Mr. Robey, in his communica-tion, should have stated that while the present board of trustees, as now organized, had never examined into charges, yet six of the nine-all but three -had met here, and without summoning any witnesses in support of charges made and after spending a short time at the Home hearing what Mr. Lemen had to say, they had heartily indersed him and work. That the public may know just the facts, and who constitute the board, the above statements are made, and with no desire to reflect upon the board or its intentions to treat the matter fairly. The only three members who were not on the committee were Rev. Arthur Scott, W. W. Morton and Judge Dow.

**Oucer** Outbbling. Yesterday morning the manager of the Christian Home returned from Mondamin, bringing with him the little girl, Belle Walters, whose case has attracted so much attention. He found the mother of the girl here, and at once began to straighten up matters as best he could. He induced Mrs. Walters to sigh an affidavit which he admitted he had prepared himself, and which was so worded as to imply that the BEE had greatly misrepresented the matter in one trivial respect. The BEE reporter understood her to say that she had been sending money to help pay for the board of the children. The affidavit made by her, and which Mr. Lemen presented to the BEE for publica-

tion yesterday, reads as follows: tion yesterday, reads as follows: COUNCIL BLUFFS, Iowa, June 15, 1880.— Mrs. Mary J. Walters, of Mondamin, exam-ined on oath, says: I am the mother of Belle Walters, eleven years of age, and Elliot Walters, nine years of age; that about a year since, through the kindly offices of friends in Harrison county, I not being able to provide for them the manager of the Christian Hama for them, the manager of the Christian Home received them to care for them and educate them; that last evening, the 14th, she came to the Home; that a reporter of the Omaha BEE met her and among other questions asked her if she ever agreed to pay or ever did pay for their keeping; that she plainly and distinctly said that she did not. I see in the issue of the BEE this morning that I am represented this morning as saving that I represented this morning as saying that I had sent money to help pay board. This is a willful misrepresentation of me and a cruel slander upon the Home. MARY J. WALTERS.

I have sent about \$15 in all." Mr. Lemen then broke in with, "Why, it was money sent in as a donation, just as anybody would send in money, and not to pay for the children's board."
