Yesterday was the time for the receiving of bids for various paving to be done by the city. These bids are to be opened and considered at a special meeting of the council called for this evening.

Two of the employees of the Chicago Plumbing company were having a friendly round with gloves yesterday, when one got knocked over into a pile of gas pipe, cutting his head somewhat.

The works of art and fancy articles prepared by the skillful fingers of the pupils of St. Francis academy are arranged for exhibition at the academy, and are being greatly admired by the visiting friends. The display is a very creditable one, and one of which pupils as well as teachers may justly feel proud.

To-night the graduating exercises take place at the academy. Stenographer and typewriter, O. Munson, with M. E. Roliner, over C. B. national bank.

A number of the friends of Mrs. H. H. Spelman happily surprised her on Sunday, her fifty-sixth birthday, by gathering at her home in Lewis township, where she owns a fine farm. She is the mother of Fred W. Spelman, the city treasurer, and has numerous relatives here and many friends, whose best wishes are hers.

Richard Van Leuven had a hearing before Judge Aylesworth yesterday, and was charged of larceny. It was claimed that Van Leuven had found a pocketbook containing \$75, the property of Mr. Caughy, and had appropriated the money to his own use. One witness testified that Van Leuven told him that he had found this amount of money, and there was some testimony of less importance. Judge Aylesworth decided to refer the matter to the grand jury and fixed the defendant's bail at \$300, which was promptly given. Van Leuven's reputation is such that his friends are very certain that he would not be guilty of such an act of meanness.

That Home Report.

The board of trustees of the Home for the Friendless association begin to get at some understanding with each other as to what they meant by their report. It has been claimed that the report published in the Bee, and to which the names of the trustees was attached was changed by Mr. Randall, the secretary of the board.

It appears that not only the secretary but the president of the board were responsible for what changes were made. Mr. Robey has published a lengthy card explaining how the change was made. The only point on which the board seemed to have disagreed was as to whether they should give Mr. Lemen a letter of recommendation, and if so, how strong a letter it should be. The last clause of the report is the only one in controversy. Mr. Robey says the clause originally read:

"That we recognize in the continuous efforts of Mr. Lemen in this work a spirit of self-sacrifice and noble manhood, and our action in this matter must not be construed as a reflection upon Mr. Lemen. Further, we regret that any and all matters that in a transparent should not and cannot detrimentally affect Mr. Lemen in any sphere in life."

Rev. Mr. Robey then explains how the change was made by him and the secretary, Rev. Mr. Randall, together, and that it was not Mr. Randall's work alone. "But individually I was not satisfied with our disavowal upon that point, and it did not express the sentiment of the board as a whole. The language was stronger than was necessary. I knew further that such a piling up of adjectives would disgust rather than commend with the sober, thinking, while we would only subject ourselves to the charge of 'white-washing' etc. So toward evening I suggested to Mr. Randall that there should have been some modification of that clause. He agreed with me, but we were now left alone, and no action was proposed in the matter only that I expressed a desire to publish the report as he'll until some further conference and agreement. But Mr. Randall thought that the report should go to the public immediately, and I said no more. I started home, but the conviction grew upon me that that article should be modified. I returned, found Mr. Randall in the printing office, giving the report to the printer. I called him out and told him again that I was unwilling that the report should be published in that form. I thought nothing at the time but of holding the report for further conference with other members. But Mr. Randall seemed anxious to publish the report at once, and recalling the fact that all had agreed to the condensing of that paragraph, and also that the verbal structure of the entire report had been left almost entirely unchanged, I proposed that we make such change as would express in fewer words and more moderate language our estimate of Mr. Lemen's work. Mr. Randall then suggested the following:

"We recognize the fact that Mr. Lemen has made an earnest and consecrated effort for the good of humanity, for which he should have due credit."

What followed is well known. The report was given to the BEE with the last article, as Mr. Randall and I had agreed upon, except that some words were omitted, and one word, the last, changed.

The Mueller music company received last Saturday the first invoice of holiday goods for the season. The invoice contained nothing but china linb dolls.

Stenographer and typewriter, O. Munson, with M. E. Roliner, over C. B. national bank.

Mrs. L. J. Abel, of Logan, came here a few days ago, highly recommended, and desired to adopt a child from the Home for the Friendless, but her request was refused. Mr. Highsmith, of this city, and others, are reported also as having made similar offers to give homes to some of these children, but the avowed policy of the Home seems to be to keep all the children that can be gathered in. The manager recently avowed publicly that if he had not been hindered in his work he would have had by this time 200 children here instead of forty-five. It seems the determination to build up a "great" institution by gathering in hordes of children and keeping them. It may be better to underfeed four to six children in a bed, underfed and even with their deprive them of the privileges of public schools, teach them to repeat psalms and sing "Twinkle, Twinkle Little Star," than to give them the benefit of private, Christian home and training. So, the managers of such true homes of the friendless are established in Chicago and Des Moines, and other charitable institutions in other places, have been making a great mistake in finding private homes for the children. It is also a noticeable fact that a New York institution last week sent into this state sixty children for adoption in homes of farmers. It remains for Council Bluffs to hit upon a policy by which all the children possible shall be gathered in, and kept in, and then if they cannot be properly cared for to give them an excellent home doing the best we can under the circumstances." It reminds one of the chaplain who, in going through the wards, cheering the dependents and sick ones, urged one poor soldier to be of good heart, and try to do the best he could under the circumstances. "Yes, parson, I'll do that. I'll try to do the best I can under the circumstances, but, parson, — the circumstances."

The party consists of the following ladies: Miss Ida Tostevin, Miss Anna Merkle, Miss Belle Hatcher, Miss Anna Merkle, Miss Jessie Walker and Miss Kitty Ballard, the gentlemen being W. H. Sherraden, W. W. Sherman, George C. Brown, Bert Evans, Oscar Keeline and John Knight, of Atlantic.

They will stop at the Hotel Orleans, Spirit Lake, for a few days, after which they will go to Arnold's park, it being their intention to camp out for a couple of weeks.

Several other parties are being arranged but are not yet completed. For those who like camp life no more than Arnold's can be found. The grove is one of the finest about, either east or west Lake Okoboji or Spirit Lake, and for genuine camping out and rural enjoyment the place can't be beat.

Many people sleep in their tents and get their meals at Arnold's hotel, which was originally a farm house, but has been constantly improved for several years until they can now accommodate 250 guests. The hotel is as home-like as any place of its kind can be, and under the able management of Mr. Briard F. Hill, the chief clerk, will again this year be one of the most popular resorts.

The ladies of Broadway Methodist church will serve a free dinner in the parlors of the church on Wednesday and Thursday. The Methodists are aiming at raising \$1,000,000 for a mission this year. The apportionment, on this basis, for the Council Bluffs district is \$2,217. Last year the district paid that amount. From what has been reported and estimated this year, the churches and schools will contribute \$2,850.

The Day of the Knights. The Knights of Labor are making extensive preparations for celebrating Independence day next Saturday, and the several civic societies and the citizens generally are expected to join in the parade and exercises. A street parade will take place at 10 o'clock in the forenoon. A programme has been partly made out for the exercises in Bayliss park. Dr. E. S. Lewis, of Omaha; Rev. T. J. Mackey, of this city; and "Fincote, of Taylor, are to give addresses. In the evening there will be a fine display of fire works. There will be a ball in Temple hall in the evening.

The New Mayor. Yesterday the newly elected mayor, J. F. Evans, appeared at the city building and duly qualified. He was heartily congratulated, and citizens generally congratulated each other and themselves on having secured so true a man and so representative a citizen to fill the vacancy caused by the death of the late Mayor Chapman. The bonds of Mayor Chapman. The bonds of Mayor Chapman were yesterday presented to the council for their approval at a special meeting called for this evening.
