ever seen in the Bluffs. It appears that just before the stranger appeared here who sold the wonderful 1804 silver dollars at \$100 each, a man was here claiming to be connected with a firm east, which was dealing in rare coin, and he scattered about his cards offering \$500 for a silver dollar of that date. It looks as if the ground was

An elderly couple observed the Fourth by being united in marriage, each for the third time, and settling down to a quiet life in the southern part of the city. The happy bridegroom was Daniel Car ter, who has passed his three score years seven years ago, while the bride was Mrs. Sarah McMinn, who is just sixty years of age. Justice Hendricks tied the knot and tied it well.

The residents in the vicinity of the Broadway Methodist church are very anxious to have a good drinking fountain located there for the convenience of the public. It seems that so long as there are such places needing fountains, the city should not be in too great a hurry to plant a fountain in the cemetery, there being only a certain number of fountains which the city can have under the contract with the water works company. Of the thirty tramps arrested for being concerned in the riotous assault upon Detective Price, of the Milwaukee & St. Paul road, eight have been held to answer to the grand jury on a charge of assault with intent to kill, and four or five others on a charge of being concerned in the riot. It is to be hoped that they may be so severely dealt with as will serve as

There were a goodly number of friends who gathered at the home Mr. of Berger, on First avenue, last evening. The affair was not only a Baptist social, but an opportunity was thus given for the many friends of Mr. Berger and family to bid them good-bye and a God-speed before their departure for California. The Berger family have many friends here who regret deeply their departure. Mr. Berget has proved himself to be a business man of both integrity and ability, and socially he and his are highly esteemed in the heat gives here. in the best circles here.

It is probable that the special election

by the people to fill the office of mayor will be held in September. Under the new law it will take until then to get the registry complete and make the neces sary arrangements. The law requires that a special election shall be held so soon as practicable, and it seems that no earlier date could be fixed upon. Steps are being taken by which the council hopes to be able to fix the date at its meeting to-morrow night.

Methodist Missions.

THE DAILY BEE. IN A CRITICAL CONDITION.

Walter, the Man Injured at the Driving Park, Likely to Die.

A NAIL BOYCOTT THREATENED.

A Suit For \$15,000 Damages Commenced in the United States Court Early Closing Movement-Minor Mention.

Watter's Condition Critical.

Miller Walter, the Insane man who eaused so much trouble at the driving pack, is in a very critical condition and it is feared he cannot live. From the statements of the other men employed at the driving park it appears that Walter was frenzied, and they were afraid he would kill them. He got up in the night and getting hold of a hatchet, chased one of the men out of the loft where they were sleeping. As he started back to enter the loft again, evidently for the purpose of attacking the two other men, they shut and locked the door. He stood at the door, cutting away with his hatchet, and finally succeeded in breaking his way through. He started for the two men, and as there was no other exit but by the door, one of the men, George Wells, took a piece of iron pipe and hit Walter over the head. It is this wound which may cause his death. There was a severe scalp wound and a severe concussion of the brain. Since Walter has been in jail he has been quite wild and difficult to handle, but it is thought that much of this was due to the blow be received. Yesterday he was very quiet, and quite reticent. He was too weak to talk, and it seemed that his condition was very critical. It was evident that the jail was no proper place in which to keep him, and the jailer tord the physician that unless he was got into a better place the man would die. The doctor expressed the opinion that he would die anyway Arrangements were made, however, to tak him to the poor farm, where he can get more fresh air and better care.

George Wells, who struck the blow, has been arrested, and has given \$500 bail for his appearance to-day. There have been some intimations that possibly the blow was given in a row instead of on account of any crazy assault on Walter's part. The frenzied actions of the man since the injury may be accounted for by the blow he received. The fact that the other two men tell the same story as Wells goes far toward establishing the fact that the blow was struck in self defense. The matter will be thoroughly investigated, and if there has been any inhuman treatment, even of an insane man, the guilty parties should be made to pay the severest penalty. Walter has relatives living in Hills-boro, ill. His brother was until lately

engaged in the agricultural implement business in Omaha, the firm being Eby & Walter. He sold out about two months ago and returned to the east, expecting to come west again and locate in Dakota. This young man has been employed in and about Omaha caring for horses, being employed in Stephenson's barn for a short time, and afterwards taking care of horses belonging to Ed Culver. He was hired to come to the driving park here only a day or so before the night when he thus broke into a crazy on-

be turned into eash, so down go the prices at Beard's.

A Boycott Threatened.

Mr. J. McPherson, representing Disrict 75. South Chicago Knights of Labor, was in the city yesterday. His mission here was to try and induce the Empkie Hardware company to discontinue buying nails from the Culumet Iron company until the present trouble is settled. The Empkie Hardware company recently had four carloads of stock among that held in the yards at Chicago, and which have since reached this city all right. Mr. Mc-Pherson says he did not ask the Empkie Hardware company to promise not to buy more of the objectionable company, but to refuse to buy during the present state of contest between the knights. He says he could not get any satisfac-tory assurance from the Empkie company and that he will therefore take steps to have a boycott issued against the Empkie Hardware company within forty-eight hours unless they reconsider. There has never been a boycott against any Council Bluffs house, and if this threat is carried out it will be the first boycott here. Mr. McPherson seems to have been keeping well posted as to the trade of this house and their customers, and declares that they will not only feel the effect on account of the trade in this city, but that their country customers in many places will refuse to buy of them the nails which the knights are making war upon. Mr. McPherson is said to have the written authority of Mr. Powderly in his action here, and it s asserted that the boycott will surely be forthcoming unless some compromise is

Pleased With the Change. The Anamosa Eureka, whose editor,

Mr. Worth, is specially interested in the

education of deaf mutes, thus speaks of

the change in the institution here-The legislature last winter ordered an investigation into the management of the above named school at Council Bluffs. The result was a report and a recom-mendation to the management. The new board of trustees have accordingly removed the superintendent and matron, Mr. Hammond and wife, and elected new officers who will enter upon their duties with the commence ment of the next school year, about the first of September. The new superintend-ent is G. D. Wyckoff, who has had years of experience in this line of work, having, during the last year or two, had charge of the highest class in the school. For matron, Mrs. Sarah E. Wright, of Burlington, is chosen. Four years ago, and for several years previous, she held that position to the universal satisfaction of teachers and pupits, and now returns to her old place. Altogether the choice of these two officers is what teachers and pupils desired and is gratifying all around. Parents need have no fears in regard to sending their children when the

Big Damages Wanted. LeGrand Byington, of Topeka, Kan. has commenced a suit in the United States court here against Senator T. A. Clarke, N. B. Moore, of Clarinda, and others, claiming \$15,000 damages on account of malicious prosecution. Byington used to live in Iowa City, and he got into litigation with some of these parties, and as a result secured a judgment for

several thousand dollars. The claim was set up that in other suit Byington committed perjury. A requisition was obtained, and about a year ago Byington was brought back from Topeka to stand trial on this charge. He was acquitted, and now he proposes to get revenge. He claims that this prosecution for perjury was malicious, and was just for the pur pose of bothering him, on account of his former legal victory over the parties concerned. He now wants them to pay him damages, and big ones. His petition, drafted by himself, is a unique and very rendable document, full of sharp thrusts at his one-mosts.
