PRICES BOOM IN CHICAGO.

The War News Helps Wheat to Rise Higher With Active Trading.

CORN EVINCES SOME SYMPATHY.

Provisions Firm Up Under the News and Many Deals Made—The Bears Somewhat Rattled—The Cattle Market.

CHICAGO, August 25.—[Special Telegram to the BEE.]—The war news had little effect on curb prices and little excitement was obtained from any source. Cables came in steady and unchanged for both cash and future delivery. The open board call started the October option in wheat at 80¾c, which was about 1 1-4c below the official close on the regular board last night. Trading on call was light and lacked snap and interest. The call closed with October about ¼c under the official regular board closing quotation. The tap of the bell on the big board at 9:30 showed a start in wheat of 80c for October, and in the first few minutes it had sold ¼@¼c lower. Corn opened firm and about ⅛c higher, at 43⅝c for October. The opening trading was light, but a few large traders hung on the outer edge of the pit, evidently feeling the tone of the market. Inside the first hour the situation in wheat showed a decided change. It was known that several foreign houses had buying orders from the other side, which were a very slight fraction under the limits. When these parties showed themselves in the pit and began to buy, values ran up with surprising alacrity. The October option, which from the opening of 80c had stumped off to 79¾c, immediately bounded back to 80⅛c, or ⅜c over the starting point. At this figure it became more steady.

In the corn pit there was little pressure from either side, and values held steady near 43⅝c for October, which was the opening figure. The sympathy with wheat made the October option touch 44c, and the market looked substantial at the price.

Provisions opened weak and lower on large receipts, and a weaker feeling at the yards. When the boom in wheat came all the product irmed up in sympathy. When the very extensive buying of the Geddes-Warren-Smith faction was supplemented later by higher cables and a further drop in consols, the bears thought there might be something in the war news after all. Room traders immediately turned buyers and some of the shorts ran to cover and helped along the advance.

The first spurt, which occurred about 11 o'clock, sent October from 80¼c up to 80⅝c. The natural reaction which nearly always follows an advance sagged prices back to 80⅜@80¼c, but the infection again captured the crowd shortly afterward, and carried prices to 80⅞@80¾c. These figures failed to hold, and in the half hour following 12 o'clock values held at about 80⅜@80¼c for October. Lester picked up considerable October corn in the pit, 15,000 and occasionally 25,000 bushel lots, but the selling by any one party was not noticeable. Probably 50,000 bushels of this came from Hutchinson, but the balance came in scattering lots from all over the pit. Prices tended upward and October scored an advance of ⅝c for the day.

The bulk of trade in provisions were changes from one option to another. Armour bought September ribs rather freely and Cudahy sold October pork and bought September. The market sympathized strongly with wheat.

CURB, 2:15 p. m.—Wheat was rather stronger this afternoon, and was quoted at 80⅜@80¾c. bid; puts, 80¼c.; calls, 81¼c. October corn, 44⅜@44¼c; puts, 44@44⅛c; calls, 44⅜@44¼c.

CHICAGO LIVE STOCK.

CHICAGO, August 25.—[Special Telegram to the BEE.]—CATTLE—To-day the market for fat cattle was slow in all branches. Even the superior grades of beef cattle, which did not sell much lower, sold slowly because there was a liberal assortment for buyers to select from. Common to fair kinds of native cattle were extremely hard to sell. Prices were 10c lower and there were many rough and lean cattle which could not be sold within 15@20c of yesterday's rates. Prices to-day were 10c lower on Texans. Some New Mexico cattle sold 2½c lower. The market in a general way was lower in sympathy with the market for common native cattle. The quality of the offerings to-day was generally common to medium. The pens were fairly well cleared. Texans, $2.85@3.15; northern rangers: 283 Wyoming, 1177 lbs, $3.60; 381 Wyoming, 1157 lbs, $3.50; 78 Wyoming, 1133 lbs, $3.55; 63 New Mexico half-breeds, 1084 lbs, $3.15; 61 New Mexico Texans, 956 lbs, $3.10.

HOGS—There was a sharp down turn of strong 10c on about all classes, the market closing dull with a large number left unsold. Rough and common, including grassers, sold at $4.40@4.60; fair to good mixed, $4.70@4.85, and best heavy, $4.90@5.00. Light sorts were almost unsalable. Rough and common light, including grassers, $4.00@4.25; fair to good, $4.40@4.60, and fancy assorted, including singing pigs, $4.75@4.90.

FINANCIAL.

New York, August 25.—MONEY—On call loaned from 3 to 8 per cent, closing at 3 per cent asked.

PRIME MERCANTILE PAPER—Unchanged at 4@5 per cent.

STERLING EXCHANGE—Quiet; $4.81¼ for sixty day bills and $4.83¼ for demand.

GOVERNMENTS—Governments were dull but steady.

STOCKS—The stock market in London is working harder, and in response to the situation there the New York stock market was weak from the opening, and on comparatively moderate business by noon values were down from ¼ to 1 per cent. Prices continued heavy until the last hour, when there was a slight rally, the market finally closing steady at prices, which are little better than the lowest of the day.

Notes.

Cattle steady.

Hogs 10c lower.

Very few cattle in.

The receipts of hogs on the increase.

There is very little demand here for sheep.

Mr. Gallup, Emerson, Ia., was a visitor at the yards.

W. S. Cook, Wakefield, was in with two loads of hogs.

Emeley Bros, Wisner, had a load of cattle on the market.

Henkleman & Davis, Shoshane, had six cars of cattle on the market.

J. L. Jackson, Cortland, sold a load of 282-lb hogs, which topped the market to-day.

E. Garrow, a heavy shipper of Dunbar, Neb., paid his first visit to the Omaha yards to-day.

John Salsbery, of Larmon & Co., commission merchants of Kansas City, visited the yards to-day. He says that the Omaha market is far ahead of what Kansas City was at the same age.

Not as many range cattle are being shipped as usual at this time of the year. The drouth during the summer dried up the range and the cattle were not in as good condition as usual. The late rains have started the grass again, which has softened the cattle.

OMAHA WHOLESALE MARKETS

General Produce.

Wednesday Evening, August 25.

The following prices are for round lots of produce, as sold on the market to-day. The quotations on fruits represent the prices at which outside orders are filled.

EGGS—The market is slow at 8½@9c.

BUTTER—Strictly sweet, solid and uniform color, packed in new clean tubs, commands 15 to 16c, or even more, in the market, but there is little or none coming in that can be graded as such. Fancy butter in stone crocks is bringing even better prices. Fair to good country butter is selling at 10@12½c. Poor at 5@8c, and slow. Creamery butter, not the very best, sold this week at 18@20c.

POULTRY—Old fowls, per doz., $2.50; spring chickens, large, $2.00; spring chickens, medium, $1.50@1.75; spring chickens, small, not wanted; ducks, $2.25@2.50; turkeys, not wanted.

CHEESE—Fancy full cream cheddars, 9½c; fancy full cream flats, two in box, 10c; fancy full cream Young Americas, four in box, 10½c; fancy Swiss, 14c; brick, 12½c; Limburg, 12c.

NEW POTATOES—There are no potatoes of any consequence in the commission houses and local gardeners are mostly supplying the demand. It is most too early to form any exact conclusion of what the potatoe crop will be, but reports gathered from some of the most important points in Iowa and Nebraska would seem to indicate a light crop on account of dry weather. The potatoes are small and only a few in a bill. Without doubt choice varieties of assorted stock, good size, will command good prices this fall. It is too early yet to begin shipping in car lots, as dealers are not ready to put in a large stock until there is less danger of their not keeping well. A few potatoes in small lots have sold above the following quotations: Home grown, per bu., 50@60c.

ONIONS—Southern, per bbl, $3.50.

CELERY—There is not really enough coming in to supply the demand, but it will not be handled very extensively until next month. Celery, like oysters, sells the best in the "R" months. Shipping stock, per doz., 40@50c.

OYSTERS—There are no oysters of any consequence in the market yet. The season here does not open as a rule until about the 1st of September. The market will probably open at from 35 to 60c., according to the grade.

LEMONS—The market is about steady here. The warm weather of the past few days has brought in a good many orders from the country. Messina, $9.75@10.00.

BANANAS—There are not many in the market at present. As the weather becomes cooler, so that dealers can handle them with safety, there will be a better supply on the market. Bananas, yellow, per bunch, $2.00@3.00

CALIFORNIA PEARS—The Bartletts are becoming scarce and there are very few on the market. There is a liberal supply of other varieties. Bartletts, $3.50; other varieties, $2.50@3.00.

CALIFORNIA PLUMS—The receipts of plums have been very liberal and they have been coming in very fair shape. Hungarian prunes will be in the market in a short time and will be worth about $2.00. Shipping stock, large fancy, $1.75; shipping stock, smaller varieties, $1.25@1.50.

CALIFORNIA PEACHES—The peaches coming in are for the most part very good stock, but they are only received in limited quantities. Peaches, $2.00@2.25.

HOME-GROWN GRAPES—3½@5c.

CALIFORNIA GRAPES—The receipts are not heavy and home-grown are beginning to compete with them. Muscats, $1.50@1.75; Muscats, choice and fancy, $2.00@2.25; Tokays, $2.00@2.25.

MELONS—Muscatine watermelons, $20.00; Inferior and smaller sizes, $15.00@18.00; musk melons, per doz., $1.00@1.25.

SWEET POTATOES—Iowa home grown are in the market and selling at 3c per lb.

BEANS—Hardly any coming in now. Demand fair at $1.25@1.50 per bushel, for clean stock.

COCOANUTS—Cocoanuts, per 100, $5.00; less than hundred, per 100, $5.50.

HONEY — California, 15c; California, strained, 10c; Nebraska, choice, 12@13c; Nebraska, dark, 10@11c.
