NO FROSTS STOP A CORN BOOM

Wheat and Provisions Fluctuate During the Day in a Very Narrow Raege-Good Cattle Sell Steady.

### CHICAGO GRAIN MARKET.

Circago, Sept. L - [Special Telegram to the Bris. |-The deliveries of wheat were light, but of pork, lard, ribs and corn were quite heavy. Fleming & Bayden, Poole, Sherman and Norton & Worthington took the bulk of corn. Armour took large quanti-. ties of nork and ribs and a fair proportion of the lard. R. W. Robinson and Orr, Crittenden & Comes stopped the most of lard, Robert Warren also took a large quantity of pork. Lester took in and sent out enormous quantities of corn, and probably stopped a little of it. Norton & Worthington were picking receipts and only stopping the stuff in certain houses. A great many traders were trying to borrow places on provisions. Cables were inclined to weakness, Early the open board market felt this way a little, responding to the increase of \$00,000 bushels on passage. There were no reports of frost last night which rather added to the easier tone. The open board started out October wheat 773se and sold it up in a jerky manner to 781se which was the official close. On the regular board it opened about steady

Corn was decidealy weaker, October opening at 430 se. The same option in pork was quoted at \$9.95. There was very little sign all through the morning of any improvement being on the way. Where frost had been predicted last night there was higher temperature to-day by about 15 deg. This state of things, in conjunction with 622 cars of corn to-day, and the 695 estimated for tomorrow, proved a very black eye for the market. The opening which was at a decline of 35c from yesterday, was within 15c of the top for the day. The decline from of the top for the day. The decline from 4314c to 425c was very steady, but was not accompanied by any particular feature. Parties who ordinarily would have been buyers were afraid of it because of milder weather prospects, and the probabilities of more corn being received than there was any use for and, as matter of principle, were not disposed to go in very heavily on the selling side. The general temper of the crowd appeared rather bearish and it is considered likely that any attempt to have advanced prices, had there been a disposition to do so, would have been nbated. The close was heavy and rather

After wheat sold at 78% @78% e, within a quarter of an hour of opening, it became quite sharply affected by the easier tone prevailing in the other pits and declined steadily to 77%c, around which figure it ranged until 773c, around which figure it ranged until about noon, when it picked up a few points on the efforts of a few local houses with bullish propensities and talk of a good showing for exports at New York. The receipts here to-day were 134 cars, while 33,035 bushels were taken out of store. There was no special attempt at any heavy trading, as the rance of 3c will clearly show. The morning session closed steady.

Provisions attracted a big crowd, but they were not traders as the range of 2c will be sufficiently and traders as the range of 2c wife they

were not traders, as the range of 254@5c until after 12 o'clock illustrates. Then the mo-mentary strength in other directions firmed mentary strength in other directions himsel it up to the top for the day and closed it steady. Toward the close consols came in lower and Walker began buying wheat very heavily. There was talk of 16,000 bushels taken for export, and altogether the tone became very firm, wheat touching its highest point at the close and local scalpers jumping for offerings in a very lively manner.

for offerings in a very lively manner.

AFTERNOON SESSION, 2:30 p. m.—The shorts were after pork very briskly toward the close of the day, running October up from \$10.10 to \$10.30. Trading in other ar-ticles were not such as to cause any decided fluctuations. The general tone was slightly firmer. Wheat was steady at 76c for September; 78e for October: 7094@7094e for November. Corn was about unchanged at 414c for September; 48c for October; 44½c for Nov-vember; 48c for May. Oats were steady at 25½c@25½c for September; 27½c@27½c for October. Pork was active, strong and higher at \$19.10 for September; \$11.12½ for January. Lard was tirm at \$7.35 for September; \$6.87½ for January. Lard was tirm at \$7.35 for November; \$6.87½ for January. Short ribs were higher to \$4.471. January. ## CHICAGO LIVE STOCK.

CHICAGO, Sept. L | Special Telegram to the BEE. |-CATTLE-With cattle coming at the rate of 60,000 head for the week, and shipments to the east being less than last week, it is not wonderful that buyers were pearish. The actual receipts Tuesday were 9.878 cattle, and to-day about 12,000, making an increase of 5,400 over last week. The receipts of cattle last month were 21,000 heavler than during August, 1885, and the receipts for the past eight months are 25,000 heavier than during the corresponding time last year. The offerings, however, are almost wholly of medium to pretty good natives and common to fair western range cattle. The very best cattle are selling at steady prices Yesterday some superior 1670 lb. Illinois cat tle sold at \$5.25, and to-day another lot of not quite fat but finer sold at \$5.20. So it will be seen that extra cattle are selling quite as well as at any time in months. But cattle that sell this way are only about one in a thousand. There was no market for common cattle today. Low grades were as nearly unsaleable as they have been in fifteen years. Monday common cattle sold 10c lower, Tuesday 156 25c lower and some cattle still 10/25c lower to-day, making a 40@50e decline in three days. But the worst part was the fact that targe numbers of common to pretty good natives, which come in competition with western cattle, could not be sold. There were fully 16,000 cattle on the market to-day. One car of 1624 lb steers, \$5,20. Shipping steers, 1350 to 1500 lbs, \$4,35@4,90; 1200 to 1350 lbs, \$3,50@4,30; 950 to 1200 lbs, \$3,50@4,00. There was a flood of range stock from all sections to-day and the market was "paralyzed". The large number left over from yesterday made up an enormous supply. The fresh receipts were about 2,500 through Texans and 5,000 northwestern Texans, half-breeds and natives. It was decidedly the worst market of the season and prices were 15c lower than yesterday and fully 25@50c lower than at the close last week. Many large lots of cattle were unsold at a late hour. The market was badly giutted. Greenbaum bought fully 16,000 cattle on the market to-day. One cattle were unsold at a late hour. The market was badly glutted. Greenbaum bought 400 or 500 western cattle for feeders at about \$2,90(a3.00, 92 Dakota Texas 1057 lbs, \$3,1254; 233 feeders, 1122 lbs, \$3,00; 45 feeders, 1108 lbs, \$3,00; 221 feeders, 1220 lbs, \$2,90; 207 Wyoming, 1255 lbs, \$2,90; 1,000 Colorado Texas, 1000 lbs, \$2,75; 230 Wyoming Texas, 1062 lbs, \$3,50.
